PRESENTATION OF FINANCIAL, INDUSTRY AND MARKET DATA

All references to “India” are to the Republic of India and all references to the “Government” are to the Government of India.

FINANCIAL DATA

Unless stated otherwise, the financial data included in this Prospectus are extracted from the restated financial statements of our Company, prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, as stated in the report of our Peer Reviewed Auditors, set out in the section titled *‘Financial Statements’* beginning on page 230 this Prospectus. Our restated financial statements are derived from our audited financial statements prepared in accordance with Indian GAAP and the Companies Act, and have been restated in accordance with the SEBI (ICDR) Regulations.

Our fiscal year commences on April 1st of each year and ends on March 31st of the next year. All references to a particular fiscal year are to the 12 month period ended March 31st of that year. In this Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding-off. All decimals have been rounded off to two decimal points.

There are significant differences between Indian GAAP, IFRS and US GAAP. The Company has not attempted to quantify their impact on the financial data included herein and urges you to consult your own advisors regarding such differences and their impact on the Company’s financial data. Accordingly to what extent, the financial statements included in this Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practices / Indian GAAP. Any reliance by persons not familiar with Indian Accounting Practices on the financial disclosures presented in this Prospectus should accordingly be limited.

Any percentage amounts, as set forth in “*Risk Factors*”, “*Our Business*”, “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” and elsewhere in this Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s restated financial statements prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, as stated in the report of our Peer Reviewed Auditor, set out in the section titled *‘Financial Statements’* beginning on page 230 of this Prospectus.

CURRENCY OF PRESENTATION

In this Prospectus, references to “Rupees” or “Rs.” or “INR” are to Indian Rupees, the official currency of the Republic of India. All references to “\$”, “US\$”, “USD”, “U.S. \$” or “U.S. Dollars” are to United States Dollars, the official currency of the United States of America.

All references to ‘million’ / ‘Million’ / ‘Mn’ refer to one million, which is equivalent to ‘ten lacs’ or ‘ten lakhs’, the word ‘Lacs / Lakhs / Lac’ means ‘one hundred thousand’ and ‘Crore’ means ‘ten million’ and ‘billion / bn./ Billions’ means ‘one hundred crores’.

INDUSTRY & MARKET DATA

Unless stated otherwise, Industry and Market data and various forecasts used throughout this Prospectus have been obtained from publically available Information, Industry Sources and Government Publications.

Industry Sources as well as Government Publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Although we believe that industry data used in this Prospectus is reliable, it has not been independently verified by the Lead Manager or our Company or any of their affiliates or advisors. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in the section “*Risk Factors*” on page 16 of this Prospectus. Accordingly, investment decisions should not be based solely on such information.

Future looking statements speak only as of the date of this Prospectus. Neither we, our Directors, Lead Manager, Underwriter nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, the LM and our Company will ensure that investors in India are informed of material developments until the grant of listing and trading permission by the Stock Exchange.

FORWARD LOOKING STATEMENT

This Prospectus contains certain “forward-looking statements”. These forward looking statements can generally be identified by words or phrases such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “objective”, “plan”, “project”, “shall”, “will”, “will continue”, “will pursue” or other words or phrases of similar meaning. Similarly, statements that describe our strategies, objectives, plans or goals are also forward-looking statements. All forward looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results and property valuations to differ materially from those contemplated by the relevant forward looking statement.

Important factors that could cause actual results to differ materially from our expectations include, but are not limited to the following:-

- General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies;
- Changes in laws and regulations relating to the sectors / areas in which we operate;
- Increased competition in the sectors / areas in which we operate;
- Factors affecting the Industry in which we operate;
- Our ability to meet our capital expenditure requirements;
- Fluctuations in operating costs;
- Our ability to attract and retain qualified personnel;
- Changes in political and social conditions in India, the monetary and interest rate policies of India and other countries;
- Inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
- The performance of the financial markets in India and globally;
- Any adverse outcome in the legal proceedings in which we are involved;
- Our failure to keep pace with rapid changes in technology;
- The occurrence of natural disasters or calamities;
- Other factors beyond our control;
- Our ability to manage risks that arise from these factors;
- Conflict of Interest with affiliated companies, the promoter group and other related parties; and
- Changes in government policies and regulatory actions that apply to or affect our business.

For a further discussion of factors that could cause our actual results to differ, refer to section titled “*Risk Factors*” and chapter titled “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on pages 16 and 306 respectively of this Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated.

Future looking statements speak only as of the date of this Prospectus. Neither we, our Directors, Lead Manager, Underwriter nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, the LM and our Company will ensure that investors in India are informed of material developments until the grant of listing and trading permission by the Stock Exchange.

SECTION II – RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider all the information in this Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of this offer including the merits and risks involved. Any potential investor in, and subscriber of, the Equity Shares should also pay particular attention to the fact that we are governed in India by a legal and regulatory environment in which some material respects may be different from that which prevails in other countries. The risks and uncertainties described in this section are not the only risks and uncertainties we currently face. Additional risks and uncertainties not known to us or that we currently deem immaterial may also have an adverse effect on our business. If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our business, results of operations and financial condition could suffer, the price of our Equity Shares could decline, and you may lose all or part of your investment. Additionally, our business operations could also be affected by additional factors that are not presently known to us or that we currently consider as immaterial to our operations.

Unless otherwise stated in the relevant risk factors set forth below, we are not in a position to specify or quantify the financial or other implications of any of the risks mentioned herein. Unless otherwise stated, the financial information of our Company used in this section is derived from our restated financial statements prepared in accordance with Indian GAAP and the Companies Act and restated in accordance with the SEBI ICDR Regulations. To obtain a better understanding, you should read this section in conjunction with the chapters titled “Our Business” beginning on page 167, “Our Industry” beginning on page 137 and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page 306 respectively, of this Prospectus as well as other financial information contained herein.

The following factors have been considered for determining the materiality of Risk Factors:

- Some events may not be material individually but may be found material collectively;*
- Some events may have material impact qualitatively instead of quantitatively;*
- Some events may not be material at present but may have material impact in future.*

The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are risk factors where the impact may not be quantifiable and hence the same has not been disclosed in such risk factors. Unless otherwise stated, the financial information of the Company used in this section is derived from our financial statements under Indian GAAP, as restated in this Prospectus. Unless otherwise stated, we are not in a position to specify or quantify the financial or other risks mentioned herein. For capitalized terms used but not defined in this chapter, refer to the chapter titled “Definitions and Abbreviation” beginning on page 3 of this Prospectus. The numbering of the risk factors has been done to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk factor over another.

The risk factors are classified as under for the sake of better clarity and increased understanding:

Risk Factors – Internal

1. ***Our Company, its Promoters, Directors and Group Companies are currently involved in certain tax related and other proceedings which are pending at various stages with relevant authorities. There is one proceeding pending against our Company with Customs Authority. A Civil suit has been filed by our Company under section 36 of Specific Relief Act, 1963 against one of its Debtors involving considerable amount. Any adverse decision in such proceedings may render us liable to liabilities and penalties and may adversely affect our business and results of operations. Our Company has also made declaration of undisclosed income under Section 183 of the Finance Act, 2016 read with Income Declaration Scheme, 2016 and The Income Declaration Scheme Rules, 2016. Any proceeding initiated against the Company for the same in future may adversely affect our business and results of operations of our Company.***

Our Company, Promoters, Directors and Group Companies are involved in certain legal and tax related proceedings. Notices have been issued to our Company, Promoters, Directors and Group Companies under Income Tax Act, 1961 and are pending with authorities at various jurisdictions; any adverse decisions in such proceedings may adversely affect our business. A Proceeding under Customs Act, 1962 is initiated against the Company through a Show Cause Notice issued to it by the Customs Authority and any unfavourable decision in such matter may render us liable to taxes, duties and penalties and impact our business adversely. Further, our Company has filed a civil suit under section 36 of Specific Relief Act, 1963 against one of its Debtors involving a sum of Rs. 3,59,47,143/- and the same is pending at the Civil Court Valsad, Vapi. Our Company has also declared an undisclosed income of Rs. 4,37,50,000/- for AY 2014 and 2015 under Section 183 of the Finance Act, 2016 read with Income Declaration Scheme, 2016 and The Income Declaration Scheme Rules, 2016. A total tax (including surcharge and penalty) amounting to Rs. 1,96,87,500/- is paid by the Company. Any proceeding initiated against the Company for the same in future may adversely affect our business and results of operations of our Company.

Also, we cannot assure that we, our promoters, our directors or group companies may not face legal proceedings in future; any adverse decision in such legal proceedings may impact our business. For further details in relation to legal proceedings involving our Company, Promoters, Directors and Group Companies, please refer the chapter titled “Outstanding Litigations and Material Developments” on page 330 of this Prospectus.

2. *We have recently ventured into manufacturing of Kraft paper. Due to lack of operating history, investors may not be able to assess our Company's prospects based on past results.*

Our Company was incorporated in 2006 and has been engaged in the business of logistics services and trading of coal and paper. In 2015, with an available business opportunity, our Company ventured into manufacturing of Kraft paper by entering into a business transfer agreement between M/s Daman Ganga Recycled Resources LLP and our Company. and as per the tripartite Job work cum Plant and Equipment operating agreement dated May 3, 2016 executed between M/s Daman Ganga Papers Limited, M/s Daman Ganga Recycled Resources LLP and our Company.. Given our Company's limited operating history in paper manufacturing business, we may not have sufficient experience to address the risks frequently encountered by early stage companies, including our ability to successfully complete our orders or maintain adequate control of our costs and expenses. Given the fragmented nature of the industry in which we operate, we often do not have complete information about our competitors and accordingly we may underestimate supply in the market. If we are unsuccessful in addressing such risks, our business may be materially and adversely affected. Accordingly, investors should consider our business and prospects in light of the risks, losses and

challenges that we face as an early-stage company and should not rely on our results of operations for any prior periods as an indication of our future performance.

3. *Our cost of paper production and coal trading activities is exposed to fluctuations in the prices of materials.*

Our Company is dependent on third party suppliers for procuring the traded goods i.e. coal as well as raw material required for paper manufacturing process. We are exposed to fluctuations in the prices of these raw materials/ traded goods as well as its unavailability, particularly as we typically do not enter into any long term supply agreements with our suppliers and our major requirement is met in the spot market. We may be unable to control the factors affecting the price at which we procure the materials. We also face the risks associated with compensating for or passing on such increase in our cost of production/ trades on account of such fluctuations in prices to our customers. Upward fluctuations in the prices of raw material/ traded goods may thereby affect our margins and profitability, resulting in a material adverse effect on our business, financial condition and results of operations. Though we enjoy favourable terms from the suppliers both in prices as well as in supplies, our inability to obtain quality materials in a timely and cost-effective manner would cause delays in our production/trade cycles and delivery schedules, which may result in the loss of our customers and revenues.

4. *The shortage or non-availability of power facilities may adversely affect our paper manufacturing process and have an adverse impact on our results of operations and financial condition.*

Our paper manufacturing process requires substantial amount of power facilities. At present, the average monthly electricity consumption of our paper manufacturing unit is around 2,500 KVAH. The quantum and nature of power requirements of our industry and Company is such that it cannot be supplemented/ augmented by alternative/ independent sources of power supply since it involve significant capital expenditure and per unit cost of electricity produced is very high. Any disruption / non availability of power shall directly affect our production which in turn shall have an impact on profitability and turnover of our Company. At present, we meet our power requirements by purchasing electricity from Dakshin Gujarat Vij Company Limited. To battle electricity failures, our Company has also installed Generator as a standby arrangement, but this may increase the cost of production, thereby impacting the overall profit margins of the Company. As on date of the Prospectus, our Company is also exploring the possibility of setting up an alternative source of electricity supply so as to optimise our electricity costs and improve our profitability. However there can be no assurance that we shall be able to successfully install such a plant in near future or at all.

5. *In addition to own fleet, we use services of third party transportation service providers and any disruption in their operations or a decrease in the quality of their services could affect our Company's reputation and results of operations.*

To carry our logistics business, we partially use our own vehicles and largely hire third party transportation provider services. The availability of third part transportation may be uncertain during periods of high demand. In addition, we do not have any control over the servicing and maintenance of these vehicles. Any non availability of hired trucks, delay in obtaining them and/ or break down, on road repairs or service interruptions may result in loss of orders, delays in delivery of cargo which could lead to customer dissatisfaction and loss of business, which in turn could adversely affect our business, results of operations and financial condition.

6. *Our Company has not complied with certain statutory provisions under Companies Act. Such non-compliances/lapses may attract penalties.*

Our Company has not complied with certain statutory provisions such as the following:

- Non-compliance with section 203 of Companies Act, 2013 by not appointing a Company Secretary for some period of time. However as on date of the Prospectus, our Company has appointed a Company Secretary.
- Non compliance with section 42 of Companies Act, 2013 to the extent of not opening a separate bank account.

Also our Company has at times made erroneous filings and/ or lapsed/ delayed in making the required filings. No show cause notice in respect of the above has been received by the Company till date, any penalty imposed for such non-compliance in future by any regulatory authority could affect our financial conditions to that extent. Such delay/noncompliance may in the future render us liable to statutory penalties and disallowing the resolutions, which may have consequence of violation of statutory provisions concerned. We have now appointed a whole time Company Secretary with effect from December 1, 2016 who shall look after the legal compliances of the Company and shall ensure timely compliances in future.

7. *We generate our major portion of sales from our operations in certain geographical regions especially Gujarat and Rajasthan. Any adverse developments affecting our operations in these regions could have an adverse impact on our revenue and results of operations.*

We generate major sales from our customers situated at Gujarat and Rajasthan. Such geographical concentration of our business in these regions heightens our exposure to adverse developments related to competition, as well as economic and demographic changes in these regions which may adversely affect our business prospects, financial conditions and results of operations. We may not be able to leverage our experience in Gujarat and Rajasthan region to expand our operations in other parts of India and overseas markets, should we decide to further expand our operations. Factors such as competition, culture, regulatory regimes, business practices and customs, industry needs, transportation, in other markets where we may expand our operations may differ from those in such regions, and our experience in these regions may not be applicable to other markets. In addition, as we enter new markets and geographical areas, we are likely to compete not only with national players, but also local players who might have an established local presence, are more familiar with local regulations, business practices and industry needs, have stronger relationships with local distributors, dealers, relevant government authorities, suppliers or are in a stronger financial position than us, all of which may give them a competitive advantage over us. Our inability to expand into areas outside Gujarat and Rajasthan market may adversely affect our business prospects, financial conditions and results of operations. However, our Company has started extending its operations in other regions such as Maharashtra, Madhya Pradesh, etc. but we are yet to scale our operations in such regions. While our management believes that the Company has requisite expertise and vision to grow and mark its presence in other markets going forward, investors should consider our business and prospects in light of the risks, losses and challenges that we may face and should not rely on our results of operations for any prior periods as an indication of our future performance.

8. *Credit Rating of the Company.*

The cost and availability of capital, amongst other factors, is also dependent on our credit ratings. We had been last rated by ICRA, long term rating at [ICRA] BBB+ and short term rating at [ICRA] A2+. Ratings reflect a rating agency's opinion of our financial strength, operating performance, strategic position, and ability to meet our obligations. Any downgrade of our credit ratings would increase borrowing costs and constrain our access to capital and lending markets and, as a result, could adversely affect our business. In addition, downgrades of our credit ratings could increase the possibility of additional terms and conditions being added to any new or replacement financing arrangements.

9. *Our success in logistics business depends upon our ability to generate freight volumes to achieve acceptable profit margins or avoid losses.*

Our revenue from logistics operations contributed to 41.81%, 36.62%, 31.24% and 30.48% of our total revenue from operations for the period ended September 30, 2016 and for the year ended March 31, 2016, March 31, 2015 and March 31, 2014 respectively. Our logistics business is mainly dependent on the availability of sufficient freight volumes to achieve acceptable margins or avoid losses. The high fixed costs that are typical in our business do not vary significantly with variations in freight volumes and a relatively small change in freight volumes or freight rates can have a significant effect on our results of operations. Further in the face of continued economic uncertainty and heightened cost and margin pressures across all industries, customers are increasingly monitoring their transportation costs. With excess capacity across, securing volumes at favourable rates is one of the key factors to success in logistics industry. If we are unable to generate sufficient freight volumes or achieve favourable freight rates, our profit margins with respect to logistics operations may adversely be affected, thereby affecting our financial condition and overall results of operations.

10. The regulatory framework governing the coal sector in India is evolving, and regulatory changes as and when introduced by the GoI could have a material adverse effect on our coal trading business impacting our financial conditions and results of operations.

Various changes in the regulatory framework governing the coal sector are expected, which can have a significant bearing on our business operations. Among others, the GoI intends to introduce an independent regulator for the coal sector to regulate the operations of the sector including enforcing standards of performance and operational norms and determine the price of coal. A provision has been made in Coal Mines (Special Provisions) Act, 2015 towards the same and the proposal for re-introducing the Coal Regulatory Authority Bill in the Lok Sabha is under consideration for further inter-ministerial consultations. There can be no assurance that the rules, regulations and jurisprudence of the coal regulator will not evolve in a manner which may result in a material adverse effect on our business, financial condition and results of operations. These regulations can be amended/ changed on a short notice at the discretion of the Government. If we fail to comply with all applicable regulations or if the regulations governing our business or their implementation change adversely, we may incur increased costs or be subject to penalties, which could disrupt our operations and adversely affect our business and results of operations.

11. Paper industry is labour intensive and our manufacturing operations may be materially adversely affected by strikes, work stoppages or increased wage demands by our employees or those of our suppliers.

Paper industry being labour intensive is dependent on labour force for carrying out its manufacturing operations. Shortage of skilled/unskilled personnel or work stoppages caused by disagreements with employees could have an adverse effect on our business and results of operations. Though we have not experienced any major disruptions in our business operations due to disputes or other problems with our work force in the past; however there can be no assurance that we will not experience such disruptions in the future. Such disruptions may adversely affect our business and results of operations and may also divert the management's attention and result in increased costs.

India has stringent labour legislation that protects the interests of workers, including legislation that sets forth detailed procedures for the establishment of unions, dispute resolution and employee removal and legislation that imposes certain financial obligations on employers upon retrenchment. We are also subject to laws and regulations governing relationships with employees, in such areas as minimum wage and maximum working hours, overtime, working conditions, hiring and terminating of employees and work permits. Although our employees are not currently unionized, there can be no assurance that they will not unionize in the future. If our employees unionize, it may become difficult for us to maintain flexible labour policies, and we may face the threat of labour unrest, work stoppages and diversion of our management's attention due to union intervention, which may have a material adverse impact on our business, results of operations and financial condition.

12. *An inability to attract, recruit and retain a sufficient number of qualified and experienced drivers may adversely affect our business, results of operations and financial condition.*

Our goods transportation business is significantly dependent on our ability to attract, recruit and retain a sufficient number of qualified and experienced drivers. Due to various regulatory requirements that affect availability of goods transportation drivers in India, we face significant competition in attracting, recruiting and retaining qualified and experienced drivers. A shortage of qualified drivers in the transportation industry could force us to either further increase driver compensation, which could reduce our profit margins and which may not be available at commercially viable rates or at all. A shortage of drivers for our operations could affect our ability to meet goods transportation delivery schedules or provide quality services. Therefore, if we are unable to attract and retain a sufficient number of qualified drivers, we could be forced to increase our reliance on hired transportation, decrease the number of pickups and deliveries we are able to make, increase the number of our idle vehicles or limit our growth, any or all of which could have a material adverse effect on our business, results of operations and financial condition.

13. *Our logistics business is dependent on the road network and our ability to utilize our vehicles in an uninterrupted manner. Any disruptions or delays in this regard could adversely affect us and lead to a loss of reputation and/ or profitability.*

Our business operations in the goods transportation business are dependent on the road network. There are various factors which affect road transport such as political unrest, bad weather conditions, natural calamities, regional disturbances, fatigue or exhaustion of drivers, improper conduct of the drivers/ motormen, accidents or mishaps and third party negligence. Even though we undertake various measures to avoid or mitigate such factors to the extent possible, some of these could cause extensive damage and affect our operations and/ or condition of our fleet and thereby increase our maintenance and operational cost. Also, any such interruption or disruptions could cause delays in the delivery of our consignments to their destination and/ or also cause damage to the transported cargo. We may be held liable to pay compensation for losses incurred by our customers in this regard, and/ or losses or injuries sustained by other third parties. Further, such delays and/ or damage may cause a loss of reputation, which, over a period of time could lead to a decline in business. In the event that the goods to be delivered have a short shelf life, any delay in the delivery of such cargo could also expose us to additional losses and claims. Although, some of these risks are beyond our control, we may still be liable for the condition of such cargo and their timely delivery and any disruptions or delays could adversely affect us and lead to a loss of reputation and/or profitability. In addition, any prolonged or significant downtime of our transportation vehicles or related equipment caused by unforeseen circumstances may cause major disruptions to our operations.

14. *Any significant decline in the demand for our products i.e. Kraft paper and coal or introduction of alternative technology or consumer habits may adversely affect our profitability and business prospects.*

Our product Kraft paper is mainly used in packaging industry whereas our other product non-coking coal is mainly used for power generation by different industries. Our customers may decide to seek alternative technology coupled with the development of more alternatives, which may adversely affect our business and profitability if we are not able to respond to these changes. Our ability to anticipate changes in technology and to supply new and enhanced products successfully on a timely basis will be a significant factor in our ability to grow and to remain competitive. In addition, our business, operations and prospects may be affected by various policies and statutory and regulatory requirements and developments that affect our customer's industry in India. In the event of a significant decline in the demand for our products i.e. Kraft paper or coal, our business, results of operations and financial condition may be materially and adversely affected.

15. We have certain contingent liabilities that have not been provided for in our Company's financials which if materialised, could adversely affect our financial condition.

Our contingent liabilities as on September 30, 2016 as per our restated financials is as under:

Particulars	As at September 30 th , 2016 (Rs. in lakhs)
(a) Bank Guarantee issued by Bank	30.00
(b) Claim against Company not acknowledged as debts.	-
(1) In respect of Income Tax	307.89
(2) In respect of Excise Matters	63.45

In the event any such contingencies mentioned above were to materialize or if our contingent liabilities were to increase in the future, our financial condition could be adversely affected. For further details, see the section entitled “Financial Statements” on page 230 of this Prospectus.

16. We are mainly dependent on imports for supply of our product non-coking coal. Consequently, we are exposed to foreign currency fluctuation risks which may harm our results of operations.

Our Company mainly imports its requirement of non-coking coal either directly or through high seas purchase. Over dependence on imports and lack of back-up arrangements from Indian suppliers may adversely affect our profitability in case the trade relations of India with any of these countries get strained in the future or the suppliers face any sort of problems due to internal issues of their countries. Also, the exchange rate between the Indian Rupee and currencies of the countries from where the coal is imported may fluctuate and adversely affect our results of operations. Depreciation of the Indian rupee against the U.S. Dollar and other foreign currencies may adversely affect our results of operations by increasing the cost of our product coal or any future capital expenditure in foreign currencies. Volatility in the exchange rate may negatively impact our cost of operations and operating results. We presently enter into hedging contracts on case to case basis for hedging our foreign exchange risks.

17. We have voluntarily made a disclosure of Rs. 437.50 lakhs as undisclosed income under the Income Declaration Scheme, 2016 and the rules made thereunder

During Assessment Year 2014 and 2015, our Company made a donation to a research Association of Rs. 150.00 lakhs and Rs. 100.00 lakhs respectively and claimed a deduction of Rs 437.50 lakhs (@ 175% of the amount paid) under section 35(1) of the Income Tax Act, 1961 while filing our income tax returns for the assessment years. However, later the Income Tax Department brought to our notice that these trusts were not genuine and the said amounts shall not be allowable as deduction under Income Tax Act, 1961. Hence in order to avoid unintentional hassles and litigation, we have voluntarily made a disclosure of Rs. 437.50 lakhs as undisclosed income under the Income Declaration Scheme, 2016 and rules made thereunder and paid applicable tax alongwith surcharge and penalty on the same. Specific disclosure regarding the same has been made in the “Outstanding Litigations and Material Developments” Chapter beginning on page 330 of this Prospectus.

18. The plant & machinery at our paper manufacturing facility has aged for more than 15 years. Further we are dependent on various third parties for the adequate and timely supply of equipment and maintenance of our vehicles for our logistics business, and any delays or increases in cost related thereto may adversely affect our business.

Our paper manufacturing operations depend on various plant & machinery, which we use in our manufacturing facility, some of which are more than 15 years old. We have acquired the said plant & machinery from Daman Ganga Recycled Resources LLP by entering into a business transfer agreement between M/s Daman Ganga Recycled Resources LLP and our Company. and as per the tripartite Job work cum Plant and Equipment operating agreement dated May 3, 2016 executed between M/s Daman Ganga Papers Limited, M/s Daman Ganga Recycled Resources LLP and our Company.. These entities had been using such Plant & Machinery for more than past 15 years. Such

machines thus require periodic maintenance, upgradation or replacement. Although our Company has taken adequate steps and invested significant resources to upgrade the said machineries, any immediate requirement to replace the plant & machinery may result in huge capital expenditure and adversely affect our manufacturing operations.

Further for our logistics operations, we are dependent upon certain key suppliers and vendors for our vehicles, tyres, and associated equipment and spare parts. There can be no assurance that such suppliers will continue to supply such vehicles, equipment, spares, tyres or other raw materials in quantities or prices that are commercially acceptable to us or at all. Events beyond our control may have an adverse effect on the cost or availability of raw materials, components and spare parts. Any disruption in the supply of other equipment, spares, tyres or other materials may have a material and significant adverse effect on our business, results of operations and financial condition.

19. Claims relating to loss or damage to cargo, personal injury claims or other operating risks that are not adequately insured may adversely affect our business, results of operations and financial condition.

Our logistics business is subject to various risks inherent in the goods transportation industry, including potential liability to our customers which could result from, among other circumstances, damage to property arising from accidents or incidents involving vehicles operated by us. In our goods transportation business, we may be exposed to claims related to cargo loss, theft and damage, property and casualty losses and general liability from our customers. Further we may also face claims from third parties on account of loss of human or cattle lives, accidental claims, etc. To prevent acts of thefts and damages to goods on account of negligent acts of driver, our Company has also framed internal policies for recovering damages from drivers, thereby making them more accountable. With respect to claims involving human/cattle lives, we generally pay third party premium while obtaining vehicle policy itself wherein the insurer looks into and settles all the claims arising out of accidents or incidents involving vehicles operated by us. Although we attempt to limit and mitigate our liability for thefts and/or damages arising from negligent acts, errors or omissions through contractual provisions and/or insurance, the indemnities set forth in our contracts and/or our insurance may not be enforceable in all instances or the limitations of liability may not protect us from entire liability for damages. While we maintain insurance coverage at levels and for risks that we believe are customary in the goods transportation industry in India, there can be no assurance that there will not be any claims relating to loss or damage to cargo, personal injury claims or other operating risks that are not adequately insured. There can also be no assurance that the terms of our insurance policies will be adequate to cover any such damage or loss suffered or that such coverage will continue to be available on reasonable terms or will be available in sufficient amounts to cover one or more large claims, or that the insurer will not disclaim coverage as to any future claim. Furthermore, any accident or incident involving our vehicles, even if we are fully insured or held not to be liable, could negatively affect our reputation among customers and the public, thereby making it more difficult for us to compete effectively, and could significantly affect the cost and availability of insurance in the future. To the extent that any such uninsured risks materialize, our business, results of operations and financial condition may be materially and adversely affected.

20. Our Company requires significant amounts of working capital for a continued growth. Our inability to meet our working capital requirements may have an adverse effect on our results of operations.

Our business is working capital intensive. A significant portion of our working capital is utilized towards trade receivables. Summary of our working capital position is given below:-

Amount (Rs. In lakhs)

Particulars	For the period ending September 30, 2016	As at March 31,				
		2016	2015	2014	2013	2012
A. Current Assets						
Inventories	1,160.14	1,367.68	547.62	1,281.89	1,841.72	418.64
Trade Receivables	14,591.18	13,799.23	13,167.71	11,462.28	7,388.56	6,265.97
Cash and Cash Equivalents	2,045.68	1,601.67	982.06	881.63	1,008.24	829.16
Short Term Loans & Advances	2,711.83	1,864.28	228.65	148.21	246.29	179.72
Other Current Assets	169.61	173.50	156.27	83.74	102.30	74.23
B. Current Liabilities						
Trade Payables	10,275.55	9,283.74	7,506.57	6,571.49	4,488.09	2,537.36
Other Current Liabilities	896.72	292.70	659.76	555.35	536.62	762.64

Working Capital (A-B)	8,747.35	8,793.84	6,712.01	6,525.59	5,254.31	4,330.60
Trade receivables as % of total current assets	70.56	73.38	87.31	82.71	69.79	80.67

We intend to continue growing by expanding our business operations. This may result in increase in the quantum of current assets particularly trade receivables. Our inability to maintain sufficient cash flow, credit facility and other sources of fund, in a timely manner, or at all, to meet the requirement of working capital could adversely affect our financial condition and result of our operations. For further details regarding working capital requirement, please refer to the chapter titled “Objects of the Issue” beginning on page 126 of this Prospectus.

21. Our paper manufacturing facility is located at , Gujarat. Any delay in production at, or shutdown of, or any interruption for a significant period of time, in this facility may in turn adversely affect our business, financial condition and results of operations.

Our paper manufacturing facility is located at , Gujarat. Our success depends on our ability to successfully manufacture and deliver our products to meet our customer demand. Our manufacturing facility is susceptible to damage or interruption or operating risks, such as human error, power loss, breakdown or failure of equipment, power supply or processes, performance below expected levels of output or efficiency, obsolescence, loss of services of our external contractors, terrorist attacks, acts of war, break-ins, earthquakes, other natural disasters and industrial accidents and similar events. Further, our manufacturing facility is also subject to operating risk arising from compliance with the directives of relevant government authorities. Operating risks may result in personal injury and property damage and in the imposition of civil and criminal penalties. If our Company experiences delays in production or shutdowns at any or all of these facilities due to any reason, including disruptions caused by disputes with its workforce or any external factors, our Company’s operations will be significantly affected, which in turn would have a material adverse effect on its business, financial condition and results of operations.

22. The shortage or non-availability of water facilities may adversely affect our manufacturing processes and have an adverse impact on our results of operations and financial condition.

Our manufacturing processes requires substantial amount of water. Our water requirement is majorly met through rain water harvesting and bore wells. We have not made any alternate arrangements for

supply of water for our manufacturing facilities. Any interruption in supply of water may adversely affect our manufacturing process particularly in absence of any agreement with third party for an assured water supply facility.

23. *We do not generally enter into agreements with our raw material or traded goods suppliers. Any disruption in supplies from them may adversely affect our production process.*

We have no formal agreement entered into with our raw material or traded goods suppliers. Though we maintain good relations with them, there can be no assurance that we shall be able to continue such relations with any or all of them. Any disruption in supplies from these parties may require us to find additional suppliers. There can be no assurance that we shall be able to find additional suppliers in time or transact business with them on favourable terms and conditions or the quality of products supplied by these suppliers will be at par with those of our existing suppliers. Since such suppliers are not contractually bound to deal with us exclusively, we may face the risk of losing their services to our competitors. Any disruption in supplies from our suppliers due to inexistence of contracts may adversely affect our production process, trading activity and consequently our results of operations.

24. *We require a number of approvals, NOCs, licences, registrations and permits in the ordinary course of our business. Some of the approvals are required to be transferred in the name of Maheshwari Logistics Limited from Maheshwari Logistics Private Limited pursuant to name change of our company and any failure or delay in obtaining such approvals or renewal of the same in a timely manner may adversely affect our operations.*

We require a number of approvals, licenses, registrations and permits in the ordinary course of our business. Additionally, we may need to apply for renewal of approvals which expire, from time to time, as and when required in the ordinary course. We were a private limited company in the name of “Maheshwari Logistics Private Limited”. After complying with the relevant provisions and procedures of Companies Act, 2013, the Company was converted into a public limited company followed by a change of name of the company to “Maheshwari Logistics Limited”. We shall be taking necessary steps for transferring the approvals in the new name of our company. In case we fail to transfer/ obtain the same in name of the company, the same may adversely affect our business operations.

Further, the original copy of allotment of Establishment Code under Employee State Insurance Act, 1948 i.e. (Registration for Employee State Insurance) issued to the Company is currently not traceable by the company. Further, we are yet to apply for Renewal of Consent to Establish (CTE) for Coal Screening Unit to be issued by Gujarat Pollution Control Board under section 25 of the Water (Prevention & Control of Pollution) Act, 1974 & under section 21 of the Air (Prevention & Control of Pollution) Act, 1981 and Authorisation / Renewal of Authorisation under Rule 5 of the Hazardous Wastes (Management, handling & Trans boundary movement) Rules 2008. The logo of the Company is yet to be registered under Trademark Act, 1999 and we are in the process of registering the same with the Trademark Authorities. Consequently, we do not enjoy the statutory protections accorded to registered trademarks in India for the logo of our company.

Daman Ganga Papers Limited has transferred its business with Daman Ganga Recycled Resources LLP which has been further taken over by our Company vide Business Transfer Agreement dated September 30, 2015. Further, Job Work-cum plant and Equipment Operating Agreement dated May 3, 2016 was executed amongst Daman Ganga Papers Limited, Daman Ganga Recycled Resources LLP and our Company to carry out the job work at the premises of Daman Ganga Papers Limited. Hence, the Consent to Establish the Unit (paper division) for a product at a particular production capacity issued by State Pollution Control Board is in name of Daman Ganga Papers Limited. Any adverse effect arising out of non-availability of the said consent in the name of our Company might affect our business or we may not be able to carry our business.

Any failure to apply for and obtain the required approvals, licences, registrations or permits in a timely manner, or any suspension or revocation of any of the approvals, licences, registrations and permits would result in a delay in our business operations which could otherwise adversely affect our financial condition, results of operations and prospects of the Company. We cannot assure you that the approvals, licences, registrations and permits issued to us would not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. In addition to same, our failure to comply with existing or increased regulations, or the introduction of changes to existing regulations, could adversely affect our business and results of operations.

For further details, please refer the chapter titled “Government and other Statutory Approvals” on page 339 of this Prospectus.

25. Compliance with, and changes in, safety, health and environmental laws and regulations may adversely affect our business, prospects, financial condition and results of operations.

Due to the nature of our business, we expect to be or continue to be subject to extensive and increasingly stringent environmental, health and safety laws and regulations and various labour, workplace and related laws and regulations. We are also subject to environmental laws and regulations, including but not limited to:

- a. Environment (Protection) Act, 1986
- b. Air (Prevention and Control of Pollution) Act, 1981
- c. Water (Prevention and Control of Pollution) Act, 1974
- d. Hazardous Waste Management & Handling Rules, 2008
- e. other regulations promulgated by the Ministry of Environment and Forests and the Pollution Control Boards of the state of Gujarat which govern the discharge, emission, storage, handling and disposal of a variety of substances that may be used in or result from the operations of our business.

The scope and extent of new environmental regulations, including their effect on our operations, cannot be predicted and hence the costs and management time required to comply with these requirements could be significant. Amendments to such statutes may impose additional provisions to be followed by our Company and accordingly the Company needs to incur clean-up and remediation costs, as well as damages, payment of fines or other penalties, closure of production facilities for non-compliance, other liabilities and related litigation, could adversely affect our business, prospects, financial condition and results of operations.

26. We do not own the land on which our manufacturing facility is located. Also some of our branch offices are located at leased premises.

We do not own the land on which our manufacturing facility is located. As per the business transfer agreement dated September 30, 2015, executed between M/s Daman Ganga Recycled Resources LLP and our Company and as per the tripartite Job work cum Plant and Equipment operating agreement dated May 3, 2016 executed between M/s Daman Ganga Papers Limited, M/s Daman Ganga Recycled Resources LLP and our Company, we have been entitled to use the said manufacturing facility along with land, plant and machinery and other equipments as mentioned in the said agreements. The Job work cum Plant and Equipment operating agreement is valid for a period of 20 years commencing from April 01, 2016. Further some of our branch offices are also located at leased premises. There can be no assurance that renewal of the said agreement with the owners of the land will be entered into. If we are unable to continue to use such premises during the period of the agreement or the lease as the case may be or extend such agreements on their expiry on commercially acceptable terms, or at all, we may suffer a disruption in our manufacturing and logistics operations which could have a material and adverse effect on our business, results of operations and financial condition. In the event of non-renewal of the said agreements, we may be required to shift our

manufacturing facility or branch office to new locations and there can be no assurance that the arrangement we enter into in respect of new premises would be on such terms and conditions as the present one.

27. *The industry segments in which we operate being fragmented, we face competition from other players, which may affect our business operations and financial conditions.*

The market for our products is competitive on account of both the organized and unorganized players. Players in this industry generally compete with each other on key attributes such as quality of products and services, pricing and timely delivery. Some of our competitors may have longer industry experience and greater financial, technical and other resources, which may enable them to react faster in changing market scenario and remain competitive. Moreover, the unorganized sector offers their products and services at highly competitive prices which may not be matched by us and consequently affect our volume of sales and growth prospects. Growing competition may result in a decline in our market share and may affect our margins which may adversely affect our business operations and our financial condition.

28. *Our Company has negative cash flows from its operating activities, investing activities as well as financing activities in the past years, details of which are given below. Sustained negative cash flow could impact our growth and business.*

Our Company had negative cash flows from our operating activities, investing activities as well as financing activities in the previous year(s) as per the Restated Financial Statements and the same are summarized as under:

(Rs. in Lakhs)

Particulars	For the period ended September 30, 2016	For The Year Ended				
		2016	2015	2014	2013	2012
Cash Flow from / (used in) Operating Activities	1581.75	(152.61)	1,340.98	615.79	907.02	483.62
Cash Flow from / (used in) Investing Activities	(1,361.38)	(607.01)	(83.10)	(186.72)	(208.19)	(552.38)
Cash Flow from / (used in) Financing Activities	223.64	1,379.23	(1,157.45)	(555.69)	(519.74)	667.43

Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources. If we are not able to generate sufficient cash flows in future, it may adversely affect our business and financial operations.

29. *Failure to manage our inventory could have an adverse effect on our net sales, profitability, cash flow and liquidity.*

The results of operations of our business are dependent on our ability to effectively manage our inventory and stocks. To effectively manage our inventory, we must be able to accurately estimate customer demand and supply requirements and manufacture and trade inventory accordingly. If our management has misjudged expected customer demand it could adversely impact the results by causing either a shortage of products or an accumulation of excess inventory.

30. *We may not be successful in implementing our business strategies.*

The success of our business depends substantially on our ability to implement our business strategies effectively. Even though we have successfully executed our business strategies in the past, there is no guarantee that we can implement the same on time and within the estimated budget going forward, or that we will be able to meet the expectations of our targeted clients. Changes in regulations applicable to us may also make it difficult to implement our business strategies. Failure to implement our business strategies would have a material adverse effect on our business and results of operations.

31. *An inability to pass on any increase in operating expenses to our customers may adversely affect our business and results of operations.*

In addition to fuel costs, toll charges and rent represent some of our most significant operating costs in logistics operations and an increase in such costs or inability to pass on such increases to our customers will adversely affect our results of operations. In particular, the cost of fuel fluctuates significantly due to various factors beyond our control, including, international prices of crude oil and petroleum products, global and regional demand and supply conditions, geopolitical uncertainties, import cost of crude oil, government policies and regulations and availability of alternative fuels. However we have made provisions in our contracts for recovery of increase in fuel costs and historically we have generally been able to pass on any increases in the cost of fuel to our customers, but there can be no assurance that we will be able to pass other operating costs such as toll charges, rent to our customers either wholly or in part, and our profitability and results of operations may be adversely affected.

32. *We have in the past entered into related party transactions and may continue to do so in the future.*

Our Company has entered into certain transactions with our related parties including our Promoters, the Promoter Group, Group Companies, our Directors and their relatives. While we believe that all such transactions have been conducted on the arm's length basis, there can be no assurance that we could not have achieved more favourable terms had such transactions not been entered into with related parties. Furthermore, it is likely that we will enter into related party transactions in the future. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operation. For details on the transactions entered by us, please refer to section "Related Party Transactions" in Section "Financial Statements" beginning on page 230 of this Prospectus.

33. *Our application for registration of some of our trademarks are still pending with relevant trademark authorities as a result of which we may have lesser recourse to initiate legal proceedings to protect our trademarks. This may lead to dilution in the brand value in in which we may deal in future.*

We operate in an extremely competitive environment, where generating brand recognition is significant element of our business strategy. However our trademark application for certain of our logos are pending with relevant certifying authority and therefore we do not enjoy the statutory protection accorded to a registered trademark and are subject to the various risks arising out of the same, including but not limited to infringement or passing off our name and logo by a third party. Further some of the applications made by us have also been objected by third parties. As some of our logos are not registered, we would not enjoy the statutory protections accorded to a registered trademark and our ability to use our logo may be impaired. For further details please refer to section titled "Government and Other Approvals" beginning on page 339 of this Prospectus.

There can be no assurance that we will be able to register the logo or our other trademarks or those third parties will not infringe our intellectual property, causing damage to our business prospects, reputation and goodwill.

34. *Our operations may be adversely affected in case of industrial accidents at any of our production facilities.*

Usage of heavy machinery, handling of materials by labour during production process or otherwise, lifting of materials by humans, forklifts, heating processes of the furnace etc. may result in accidents, which could cause injury to our labour, employees, other persons on the site and could also damage our properties thereby affecting our operations. Though our plants and machinery and personnel are covered under insurance, occurrence of accidents could hamper our production and consequently affect our profitability.

35. *We generally do business with our customers on purchase order basis and do not enter into long term contracts with most of them.*

Our business is dependent on our continuing relationships with our customers. Our Company neither has any long-term contract with any of customers. Any change in the buying pattern of our end users or disassociation of major customers can adversely affect the business of our Company. The loss of or interruption of work by, a significant customer or a number of significant customers or the inability to procure new orders on a regular basis or at all may have an adverse effect on our revenues, cash flows and operations.

36. *Certain agreements may be inadequately stamped or may not have been registered as a result of which our operations may be adversely affected.*

Few of our agreements may not be stamped adequately or registered. The effect of inadequate stamping is that the document is not admissible as evidence in legal proceedings and parties to that agreement may not be able to legally enforce the same, except after paying a penalty for inadequate stamping. The effect of non-registration, in certain cases, is to make the document inadmissible in legal proceedings. Any potential dispute due to non-compliance of local laws relating to stamp duty and registration may adversely impact the operations of our Company.

37. *The Equity Shares of our Group Company, M/s. Arihant Avenues and Credit Limited were suspended from being traded on the Stock Exchange.*

The Equity shares of our Group Company, M/s. Arihant Avenues and Credit Limited which are listed on BSE were suspended from being traded in the year 2007. However, such suspension was revoked in the year 2012. None of our directors were directors of the aforesaid Company at the time of suspension, however, Mukta Maheshwari and Vipul Vashi have been appointed as directors of Arihant Avenues and Credit Limited with effect from March 23, 2015 and August 09, 2016, respectively. There can be no assurance that such non compliances by our Group Company may have an adverse impact on our reputation or business. Further, such non- compliances may put our Directors in a position of default and may subject them to penalties as may be applicable.

38. *Some of our Group Companies have negative net worth and have incurred losses in the previous financial years.*

Sustained financial losses by our Group Companies may not be perceived positively by external parties such as customers, bankers, suppliers etc, which may affect our credibility and business operations. The following of our Group Companies has incurred losses in previous years:

There can be no assurance that our Group Companies will not incur losses in any future periods, or that there will not be an adverse effect on our reputation or business as a result of such losses.

39. Conflicts of interest may arise out of common business undertaken by our Company and our Group Companies and Promoter Group Entities.

Some of our Group Companies and Promoter Group Entities are authorized to carry out business similar to that of our Company. As a result, conflicts of interests may arise in allocating business opportunities amongst our Company, our Promoter Group Entities and our Group Companies in circumstances where our respective interests diverge. In cases of conflict, our Promoters may favour other companies in which our Promoters have interests. There can be no assurance that our Promoters or our Group Companies or members of the Promoter Group will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. Any such present and future conflicts could have a material adverse effect on our reputation, business, results of operations and financial condition.

40. If we are unable to source business opportunities effectively, we may not achieve our financial objectives.

Our ability to achieve our financial objectives will depend on our ability to identify, evaluate and accomplish business opportunities. To grow our business, we will need to hire, train, supervise and manage new employees and to implement systems capable of effectively accommodating our growth. However, we cannot assure you that any such employees will contribute to the success of our business or that we will implement such systems effectively. Our failure to source business opportunities effectively could have a material adverse effect on our business, financial condition and results of operations. It is also possible that the strategies used by us in the future may be different from those presently in use. No assurance can be given that our analyses of market and other data or the strategies we use or plans in future to use will be successful under various market conditions.

41. We could become liable to customers, suffer adverse publicity and incur substantial costs as a result of defects in our products, which in turn could adversely affect the value of our brand, and our sales could be diminished if we are associated with negative publicity.

Any failure or defect in our products could result in a claim against us for damages, regardless of our responsibility for such a failure or defect. We currently carry no products liability insurance with respect to our products. Although we attempt to maintain quality standards, we cannot assure that all our products would be of uniform quality, which in turn could adversely affect the value of our brand, and our sales could be diminished if we are associated with negative publicity.

Also, our business is dependent on the trust our customers have in the quality of our products. Any negative publicity regarding our company, brand, or products, including those arising from a drop in

quality of merchandise from our vendors, mishaps resulting from the use of our products, or any other unforeseen events could affect our reputation and our results from operations.

42. *Our lenders have charge over our movable and immovable properties in respect of finance availed by us.*

We have secured our lenders by creating a charge over our movable and immovable properties in respect of loans / facilities availed by us from banks and financial institutions. The total amounts outstanding and payable by us as secured loans were Rs. 4,818.15 Lakhs as on September 30, 2016. In the event we default in repayment of the loans / facilities availed by us and any interest thereof, our properties may be forfeited by lenders, which in turn could have significant adverse affect on business, financial condition or results of operations. For further information on the Financial Indebtedness please refer to page 315 of this Prospectus.

43. *Our Company has unsecured loans which are repayable on demand. Any demand loan from lenders for repayment of such unsecured loans, may adversely affect our cash flows.*

As on September 30, 2016, our Company has unsecured loans amounting to Rs. 1,601.49 lakhs from related and other parties that are repayable on demand to the relevant lender. Further, some of these loans are not repayable in accordance with any agreed repayment schedule and may be recalled by the relevant lender at any time. Any such unexpected demand or accelerated repayment may have a material adverse effect on the business, cash flows and financial condition of the borrower against which repayment is sought. Any demand from lenders for repayment of such unsecured loans, may adversely affect our cash flows. For further details of unsecured loans of our Company, please refer the chapter titled Financial Statements as Restated beginning on page 230 of this Prospectus.

44. *Our lenders have imposed certain restrictive conditions on us under our financing arrangements.*

We have entered into agreements for availing debt facilities from lenders. Certain covenants in these agreements require us to obtain approval/permission from our lenders in certain conditions. In the event of default or the breach of certain covenants, our lender has the option to make the entire outstanding amount payable immediately. Further certain agreements also impose financial and other restrictive covenants such as maintenance of financial ratios, submission of results, etc.. There can be no assurance that we will be able to comply with the financial or other covenants or that we will be able to obtain the consents necessary to take the actions we believe are necessary to operate and grow our business. Our level of existing debt and any new debt that we incur in the future has important consequences. Any failure to comply with these requirements or other conditions or covenants under our financing agreements that is not waived by our lenders or is not otherwise cured by us, may require us to repay the borrowing in whole or part and may include other related costs. Our Company may be forced to sell some or all of its assets or limit our operations. This may adversely affect our ability to conduct our business and impair our future growth plans. Though these covenants are restrictive to some extent for us, however it ensures financial discipline, which would help us in the long run to improve our financial performance. For further information, see the chapter titled “*Financial Indebtedness*” on page 315 of the Prospectus.

45. *Our Promoters and members of the Promoter Group have provided personal guarantees to certain loan facilities availed by us, which if revoked may require alternative guarantees, repayment of amounts due or termination of the facilities.*

Our Promoters and members of the Promoter Group have provided personal guarantees in relation to certain loan facilities availed of by us. In the event that any of these guarantees are revoked, the lenders for such facilities may require alternate guarantees, repayment of amounts outstanding under

such facilities, or may even terminate such facilities. We may not be successful in procuring alternative guarantees satisfactory to the lenders, and as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which may not be available on acceptable terms or at all and any such failure to raise additional capital could affect our operations and our financial condition.

46. Our insurance policies do not cover all risks, specifically risks like product defect/liability risk, loss of profits and terrorism. In the event of the occurrence of such events, our insurance coverage may not adequately protect us against possible risk of loss.

Our Company has obtained insurance coverage in respect of certain risks. Our significant insurance policies consist of, among others, burglary, standard fire and special perils, marine cargo, electronic equipment, debtors insurance policy, machinery equipment breakdown, money insurance, etc. While we believe that we maintain insurance coverage in adequate amounts consistent with size of our business, our insurance policies do not cover all risks, specifically risks like product defect/liability risk, loss of profits, losses due to terrorism, etc. There can be no assurance that our insurance policies will be adequate to cover the losses in respect of which the insurance has been availed. If we suffer a significant uninsured loss or if insurance claim in respect of the subject-matter of insurance is not accepted or any insured loss suffered by us significantly exceeds our insurance coverage, our business, financial condition and results of operations may be materially and adversely affected.

47. We have not made any alternate arrangements for meeting our capital requirements for the Objects of the issue. Further we have not identified any alternate source of financing the 'Objects of the Issue'. Any shortfall in raising / meeting the same could adversely affect our growth plans, operations and financial performance.

As on date, we have not made any alternate arrangements for meeting our capital requirements for the objects of the issue. We meet our capital requirements through our bank finance, owned funds and internal accruals. Any shortfall in our net owned funds, internal accruals and our inability to raise debt in future would result in us being unable to meet our capital requirements, which in turn will negatively affect our financial condition and results of operations. Further we have not identified any alternate source of funding and hence any failure or delay on our part to raise money from this issue or any shortfall in the issue proceeds may delay the implementation schedule and could adversely affect our growth plans. For further details please refer to the chapter titled "Objects of the Issue" beginning on page 126 of this Prospectus.

48. Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Additionally, under some of our loan agreements, we may not be permitted to declare any dividends, if there is a default under such loan agreements or unless our Company has paid all the dues to the lender up to the date on which the dividend is declared or paid or has made satisfactory provisions thereof. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our dividend history, see "Dividend Policy" on page 230 of this Prospectus.

- 49. *Within the parameters as mentioned in the chapter titled 'Objects of this Issue' beginning on page 126 of this Prospectus, our Company's management will have flexibility in applying the proceeds of this Issue. The fund requirement and deployment mentioned in the Objects of this Issue have not been appraised by any bank or financial institution.***

We intend to use entire fresh Issue Proceeds towards working capital requirements and general corporate purposes. We intend to deploy the Net Issue Proceeds in financial year 2016-17 and such deployment is based on certain assumptions and strategy which our Company believes to implement in future. The funds raised from the fresh Issue may remain idle on account of change in assumptions, market conditions, strategy of our Company, etc., For further details on the use of the Issue Proceeds, please refer chapter titled "Objects of the Issue" beginning on page 126 of this Prospectus.

The deployment of funds for the purposes described above is at the discretion of our Company's Board of Directors. The fund requirement and deployment is based on internal management estimates and has not been appraised by any bank or financial institution. Accordingly, within the parameters as mentioned in the chapter titled 'Objects of the Issue' beginning on page 126 of this Prospectus, the Management will have significant flexibility in applying the proceeds received by our Company from the Issue. Our Board of Directors will monitor the utilisation of the proceeds of this Issue.

- 50. *Our future funds requirements, in the form of fresh issue of capital or securities and/or loans taken by us, may be prejudicial to the interest of the shareholders depending upon the terms on which they are eventually raised.***

We may require additional capital from time to time depending on our business needs. Any fresh issue of shares or convertible securities would dilute the shareholding of the existing shareholders and such issuance may be done on terms and conditions, which may not be favourable to the then existing shareholders. If such funds are raised in the form of loans or debt, then it may substantially increase our interest burden and decrease our cash flows, thus prejudicially affecting our profitability and ability to pay dividends to our shareholders.

- 51. *Our success depends largely upon the services of our Directors, Promoters and other Key Managerial Personnel and our ability to attract and retain them. Demand for Key Managerial Personnel in the industry is intense and our inability to attract and retain Key Managerial Personnel may affect the operations of our Company.***

Our success is substantially dependent on the expertise and services of our Directors, Promoters and our Key Managerial Personnel. They provide expertise which enables us to make well informed decisions in relation to our business and our future prospects. Our future performance will depend upon the continued services of these persons. Demand for Key Managerial Personnel in the industry is intense. We cannot assure you that we will be able to retain any or all, or that our succession planning will help to replace, the key members of our management. The loss of the services of such key members of our management team and the failure of any succession plans to replace such key members could have an adverse effect on our business and the results of our operations.

- 52. *Our Promoters and members of the Promoter Group will continue jointly to retain majority control over our Company after the Issue, which will allow them to determine the outcome of matters submitted to shareholders for approval.***

After completion of the Issue, our Promoters and Promoter Group will collectively own 58.19% of the Equity Shares. As a result, our Promoters together with the members of the Promoter Group will be able to exercise a significant degree of influence over us and will be able to control the outcome of any proposal that can be approved by a majority shareholder vote, including, the election of members to our Board, in accordance with the Companies Act and our Articles of Association. Such a concentration of ownership may also have the effect of delaying, preventing or deterring a change in control of our Company.

In addition, our Promoters will continue to have the ability to cause us to take actions that are not in, or may conflict with, our interests or the interests of some or all of our creditors or minority shareholders, and we cannot assure you that such actions will not have an adverse effect on our future financial performance or the price of our Equity Shares.

53. In addition to normal remuneration or benefits and reimbursement of expenses, some of our Directors and key managerial personnel are interested in our Company to the extent of their shareholding, dividend entitlement in our Company and as lenders to the Company.

Our Directors and Key Managerial Personnel are interested in our Company to the extent of remuneration paid to them for services rendered and reimbursement of expenses payable to them. In addition, some of our Directors and Key Managerial Personnel may also be interested to the extent of their shareholding, dividend entitlement in our Company and as lenders to the Company. For further information, see “Capital Structure”, “Our Management” and “Financial Indebtedness” on pages 79, 199 and 315, respectively, of this Prospectus.

54. Changes in technology may render our current technologies obsolete or require us to make substantial capital investments.

Modernization and technology upgradation is essential to provide better products. Although we strive to keep our technology in line with the latest standards, we may be required to implement new technology or upgrade the existing employed by us. Further, the costs in upgrading our technology could be significant which could substantially affect our finances and operations.

55. We could be harmed by employee misconduct or errors that are difficult to detect and any such incidences could adversely affect our financial condition, results of operations and reputation.

Employee misconduct or errors could expose us to business risks or losses, including regulatory sanctions and cause serious harm to our reputation. There can be no assurance that we will be able to detect or deter such misconduct. Moreover, the precautions we take to prevent and detect such activity may not be effective in all cases. Our employees and agents may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions on account of which our business, financial condition, results of operations and goodwill could be adversely affected.

Issue Specific Risks

56. We have issued Equity Shares in the last twelve months, the price of which is lower than the Issue Price.

Our Company has issued 54,01,300 bonus Equity Shares in the last twelve months. For further details of Equity Shares issued, please refer to chapter titled, ‘Capital Structure’ beginning on page 79 of this Prospectus.

57. The Issue price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the issue price and you may not be able to sell your Equity Shares at or above the Issue Price.

The Issue Price of our Equity Shares has been determined by fixed price method. This price is based on numerous factors (For further information, please refer chapter titled “Basis for Issue Price” beginning on page 132 of this Prospectus) and may not be indicative of the market price of our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price. Among the factors that could affect our share price include without limitation. The following:

- Half yearly variations in the rate of growth of our financial indicators, such as earnings per share, net income and revenues;
- Changes in revenue or earnings estimates or publication of research reports by analysts;
- Speculation in the press or investment community;
- General market conditions; and
- Domestic and international economic, legal and regulatory factors unrelated to our performance.

EXTERNAL RISK FACTORS

Industry Risks:

58. Changes in government regulations or their implementation could disrupt our operations and adversely affect our business and results of operations.

Our business and industry is regulated by different laws, rules and regulations framed by the Central and State Government. These regulations can be amended/ changed on a short notice at the discretion of the Government. If we fail to comply with all applicable regulations or if the regulations governing our business or their implementation change adversely, we may incur increased costs or be subject to penalties, which could disrupt our operations and adversely affect our business and results of operations.

Other Risks

59. You may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.

Under current Indian tax laws and regulations, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India. Any gain on the sale of shares on a stock exchange held for more than 12 months will not be subject to capital gains tax in India if the securities transaction tax ("STT") has been paid on the transaction. The STT will be levied on and collected by an Indian stock exchange on which equity shares are sold. Any gain on the sale of shares held for more than 12 months to an Indian resident, which are sold other than on a stock exchange and as a result of which no STT has been paid, will be subject to long term capital gains tax in India. Further, any gain on the sale of shares held for a period of 12 months or less will be subject to capital gains tax in India. Further, any gain on the sale of listed equity shares held for a period of 12 months or less which are sold other than on a stock exchange and on which no STT has been paid, will be subject to short term capital gains tax at a relatively higher rate as compared to the transaction where STT has been paid in India.

60. Significant differences exist between Indian GAAP and other accounting principles, such as U.S. GAAP and IFRS, which may be material to the financial statements prepared and presented in accordance with SEBI ICDR Regulations contained in this Prospectus.

As stated in the reports of the Auditor included in this Prospectus under chapter "Financial Statements as restated" beginning on page 230, the financial statements included in this Prospectus are based on financial information that is based on the audited financial statements that are prepared and presented in conformity with Indian GAAP and restated in accordance with the SEBI ICDR Regulations, and no attempt has been made to reconcile any of the information given in this Prospectus to any other principles or to base it on any other standards. Indian GAAP differs from accounting principles and auditing standards with which prospective investors may be familiar in other countries, such as U.S. GAAP and IFRS. Significant differences exist between Indian GAAP and U.S. GAAP and IFRS, which may be material to the financial information prepared and presented in accordance with Indian GAAP contained in this Prospectus. Accordingly, the degree to which the financial information included in this Prospectus will provide meaningful information is dependent on familiarity with Indian GAAP, the Companies Act and the SEBI ICDR Regulations. Any reliance

by persons not familiar with Indian GAAP on the financial disclosures presented in this Prospectus should accordingly be limited.

61. *Taxes and other levies imposed by the Government of India or other State Governments, as well as other financial policies and regulations, may have a material adverse effect on our business, financial condition and results of operations.*

Taxes and other levies imposed by the Central or State Governments in India that affect our industry include:

- custom duties on imports of raw materials and components;
- excise duty on certain raw materials and components;
- central and state sales tax, value added tax and other levies; and
- Other new or special taxes and surcharges introduced on a permanent or temporary basis from time to time.

These taxes and levies affect the cost and prices of our products and therefore demand for our product. An increase in any of these taxes or levies, or the imposition of new taxes or levies in the future, may have a material adverse effect on our business, profitability and financial condition.

62. *The nationalized goods and services tax (GST) regimes proposed by the Government of India may have material impact on our operations.*

The Government of India has proposed a comprehensive national goods and service tax (GST) regime that will combine taxes and levies by the Central and State Governments into a unified rate structure. Given the limited liability of information in the public domain covering the GST we are unable to provide/ measure the impact this tax regime may have on our operations.

63. *Political instability or a change in economic liberalization and deregulation policies could seriously harm business and economic conditions in India generally and our business in particular.*

The Government of India has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business and the market price and liquidity of our Equity Shares may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. The rate of economic liberalization could change, and specific laws and policies affecting the information technology sector, foreign investment and other matters affecting investment in our securities could change as well. Any significant change in such liberalization and deregulation policies could adversely affect business and economic conditions in India, generally, and our business, prospects, financial condition and results of operations, in particular.

64. *We cannot guarantee the accuracy or completeness of facts and other statistics with respect to India, the Indian economy and coal, logistics and paper industry contained in the Prospectus.*

While facts and other statistics in the Prospectus relating to India, the Indian economy and the coal, logistics and paper industry has been based on various government publications and reports from government agencies that we believe are reliable, we cannot guarantee the quality or reliability of such materials. While we have taken reasonable care in the reproduction of such information, industry facts and other statistics have not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore we make no representation as to their accuracy or completeness. These facts and other statistics include the facts and statistics included in the chapter titled 'Our Industry' beginning on page 137 of this Prospectus. Due to possibly flawed or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, there is no assurance that they are

stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

65. *Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.*

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in commodities markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence, spending and tourism. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

66. *Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.*

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

67. *The extent and reliability of Indian infrastructure could adversely affect our Company's results of operations and financial condition.*

India's physical infrastructure is in developing phase compared to that of many developed nations. Any congestion or disruption in its port, rail and road networks, electricity grid, communication systems or any other public facility could disrupt our Company's normal business activity. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of goods and supplies, and add costs to doing business in India. These problems could interrupt our Company's business operations, which could have an adverse effect on its results of operations and financial condition.

68. *Any downgrading of India's sovereign rating by an independent agency may harm our ability to raise financing.*

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

69. *Natural calamities could have a negative impact on the Indian economy and cause our Company's business to suffer.*

India has experienced natural calamities such as earthquakes, tsunami, floods etc. in recent years. The extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the

Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

70. Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks, other incidents such as those in US, Indonesia, Madrid and London, and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade as well the global equity markets generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

SECTION III – INTRODUCTION

SUMMARY OF INDUSTRY

The information in this section includes extracts from publicly available information, data and statistics and has been derived from various government publications and industry sources. Neither we nor any other person connected with the Issue have verified this information. The data may have been re-classified by us for the purposes of presentation. Industry sources and publications generally state that the information contained therein has been obtained from sources generally believed to be reliable, but that their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured and, accordingly, investment decisions should not be based on such information. You should read the entire Prospectus, including the information contained in the sections titled “Risk Factors” and “Financial Statements” and related notes beginning on page 16 and 230 respectively of this Prospectus before deciding to invest in our Equity Shares.

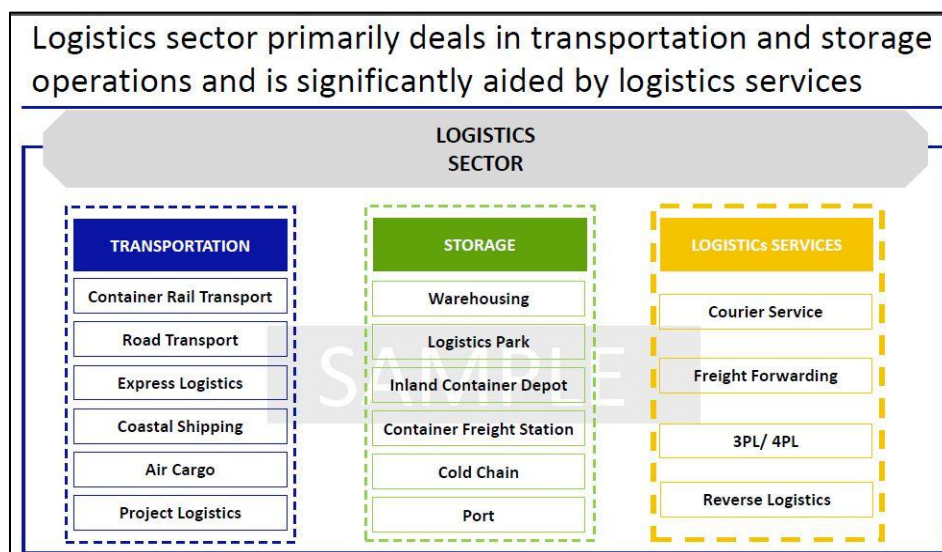

INDIAN LOGISTICS INDUSTRY OVERVIEW

The Indian logistics industry was valued at an estimated US\$ 130 billion in 2012-13. It has grown at a CAGR of 16 % over the last five years. The industry comprises the following main segments:

- Freight and passenger transportation via road, rail, air and water
- Warehousing and cold-storage

The contribution from the movement of goods including freight transportation and storage is about 90 per cent. Aggregate freight traffic is estimated at about 2-2.3 trillion tonne kilometres. Road dominates the mode of freight transport mix and constitutes about 60 per cent of the total freight traffic. Rail and coastal shipping account for about 32 per cent and 7 per cent, respectively, while the share of inland waterways transportation and air is less than 1 per cent each.

APPROACH TO LOGISTICS INDUSTRY ANALYSIS

Analysis of Logistics Industry needs to be approached at both macro and micro levels, whether for domestic or global markets. Logistics Industry forms part of Service Sector at a macro level. Hence, broad picture of Service Sector should be at preface while analysing the Logistics Industry.

Service sector comprises various industries, which in turn, have numerous sub-classes or products. One such major industry in the overall service sector is Logistics Industry, which in turn encompasses various components one of them being Third Party Logistics (3PL) Industry.

Thus, Third Party Logistics (3PL) industry should be analysed in the light of Logistics Industry (3PL) at large. An appropriate view on Third Party Logistics (3PL) industry, then, calls for the overall economy outlook, performance and expectations of Service Sector, position and outlook of Logistics Industry and Third Party Logistics (3PL) segment micro analysis.

This Approach Note is developed by Pantomath Capital Advisors (P) Ltd ('Pantomath') and any unauthorized reference or use of this Note, whether in the context of Logistics industry and / or any other industry, may entail legal consequences.

INTRODUCTION TO INDIAN PAPER INDUSTRY

The Indian paper industry accounts for about 3% of the world's production of paper. The estimated turnover of the industry is INR 50,000 crore (USD 8 billion) approximately and its contribution to the exchequer is around INR 4,500 crore. The industry provides employment to more than 0.5 million people directly and 1.5 million people indirectly.

Most of the paper mills are in existence for a long time and hence present technologies fall in a wide spectrum ranging from oldest to the most modern. The mills use a variety of raw material viz. wood, bamboo, recycled fibre, bagasse, wheat straw, rice husk, etc. In terms of share in total production, approximately 24% are based on wood, 65% on recycled fibre and 11% on agro-residues. The geographical spread of the industry as well as market is mainly responsible for regional balance of production and consumption.

The per capita paper consumption in India at a little over 13 kg, is way behind the global average of 57 kg. India is the fastest growing market for paper globally and it presents an exciting scenario; paper consumption is poised for a big leap forward in sync with the economic growth. The futuristic view is that growth in paper consumption would be in multiples of GDP and hence an increase in consumption by one kg per capita would lead to an increase in demand of 1 million tonnes.

APPROACH TO PAPER INDUSTRY ANALYSIS

Analysis of Paper Industry needs to be approached at both macro and micro levels, whether for domestic or global markets. Paper Industry forms part of Manufacturing Sector at a macro level. Hence, broad picture of Manufacturing Sector should be at preface while analysing the Paper Industry

Manufacturing sector comprises various industries, which in turn, have numerous sub-classes or products. One such major industry in the overall manufacturing sector is 'Paper Industry', which in turn encompasses various components one of them being 'Kraft Paper Industry'

Thus, 'Kraft Paper Industry' should be analysed in the light of 'Paper Manufacturing' at large. An appropriate view on Kraft Paper Industry, then, calls for the overall economy outlook, performance and expectations of Manufacturing Sector, position and outlook of Paper Industry and Kraft Paper segment micro analysis.

This Approach Note is developed by Pantomath Capital Advisors (P) Ltd ('Pantomath') and any unauthorized reference or use of this Note, whether in the context of Paper industry and / or any other industry, may entail legal consequences.

COAL - INDIAN ENERGY CHOICE

Coal is the most important and abundant fossil fuel in India. It accounts for 55% of the country's energy need. The country's industrial heritage was built upon indigenous coal. Commercial primary energy

consumption in India has grown by about 700% in the last four decades. The current per capita commercial primary energy consumption in India is about 350 kgoe/year which is well below that of developed countries. Driven by the rising population, expanding economy and a quest for improved quality of life, energy usage in India is expected to rise. Considering the limited reserve potentiality of petroleum & natural gas, eco-conservation restriction on hydel project and geo-political perception of nuclear power, coal will continue to occupy centre-stage of India's energy scenario. Indian coal offers a unique eco-friendly fuel source to domestic energy market for the next century and beyond. Hard coal deposit spread over 27 major coalfields, are mainly confined to eastern and south central parts of the country. (See Coal Reserves). The lignite reserves stand at a level around 36 billion tonnes, of which 90 % occur in the southern State of Tamil Nadu.

Through sustained programme of investment and greater thrust on application of modern technologies, it has been possible to raise the production of coal from a level of about 70 million tonnes at the time of nationalization of coal mines in early 1970's to 638.05 (Prov.) million tonnes (All India) in 2015-16.

GLOBAL ECONOMIC ENVIRONMENT

GLOBAL ECONOMIC OVERVIEW

The global macroeconomic landscape is currently chartering a rough and uncertain terrain characterized by weak growth of world output. The situation has been exacerbated by; (i) declining prices of a number of commodities, with reduction in crude oil prices being the most visible of them, (ii) turbulent financial markets (more so equity markets), and (iii) volatile exchange rates. These conditions reflect extreme risk-aversion behaviour of global investors, thus putting many, and in particular, commodities exporting economies under considerable stress.

One important positive outcome in 2015 is the modest pickup in the growth of some of the advanced economies. However, growth in emerging market and developing economies declined for the fifth consecutive year. As a result, overall global economic activity remained subdued in 2015. In its latest Update of the World Economic Outlook (WEO), published on 19 January 2016, the IMF projected growth in the global economy to improve from 3.1 per cent in 2015, to 3.4 per cent in 2016 and further to 3.6 per cent in 2017. Growth in advanced economies is projected at 2.1 per cent in 2016 and to continue through 2017 at the same rate.

The slowdown and rebalancing of the Chinese economy, lower commodity prices, and strains in some large Emerging Market and Developing economies (EMDE) are likely to continue to weigh on their growth prospects in 2016–17. Assessments indicate that mixed inflation developments in the EMDEs reflect the conflicting implications of weak domestic demand and lower commodity prices versus marked currency depreciations over the past year. The WEO update also indicated that India and the rest of emerging Asia are bright spots, with some other countries facing strong headwinds from China's economic rebalancing and global manufacturing weakness. World trade volume growth projections have been placed at 2.6 per cent and 3.4 per cent respectively for 2015 and 2016, which is much lower than what was estimated earlier in WEO in October 2015.

GLOBAL OUTLOOK FOR GROWTH

One important positive outcome in 2015 was the modest pick-up in growth in some of the advanced economies. It might be recalled that after falling in 2009 due to the 2008 global financial crisis, growth in emerging and developing economies rebounded in 2010 and 2011. While advanced economies also exhibited a recovery in 2010 thanks to the large stimuli, global growth continued to be tepid relative to the average of the decade ending 2006, largely on account of the slowdown in advanced economies. Spill over effects of the crisis may have been large, prolonged and bi-directional, given that the global

integration is far greater than in the prior decade. This has made the task of projecting global economic outlook arduous. This uncertainty has led to the International Monetary Fund (IMF) revising the global growth outlook in its World Economic Outlook (WEO) four times a year since 2009.

In its latest WEO Update, published on 19 January 2016, the IMF has projected growth in the global economy to go up from 3.1 per cent in 2015 to 3.4 per cent in 2016 and further to 3.6 per cent in 2017, slightly lower than the projection published in October 2015. Growth in advanced economies is revised by 0.2 percentage points in 2016 to 2.1 per cent, to continue through 2017. Growth in the US is expected to remain resilient owing to strengthening of the housing and labour markets. Growth in the euro area is expected to increase due to stronger private consumption supported by lower oil prices and easy financial conditions is expected to outweigh the weakening in net exports. Growth in Japan is also expected to consolidate in 2016, on the back of fiscal support, lower oil prices, accommodative financial conditions, and rising incomes.

Overall global economic activity remained subdued in 2015, as growth in emerging market and developing economies (EMDE) declined for the fifth consecutive year and recovery in advanced economies was modest. This is also attributable to the changing composition of the global economy and relative point contributions to global growth. The fall in the contribution of the EMDEs is not being made good by the advanced economies. A recent feature is that the Chinese economy is gradually slowing down and is transitioning from investment demand to consumption demand and from manufacturing to services. The concern over the spill overs of subdued global growth to other economies through trade channels and weaker commodity prices is manifest in diminishing confidence and increasing volatility in financial markets. In addition, a dual monetary policy—a gradual tightening in monetary policy in the US in the backdrop of its resilient recovery and easy monetary policy in several other major advanced economies has led to continued uncertainties and poses challenges for the year ahead. In the case of EMDEs, growth remained subdued at 4 per cent in 2015, but is projected to increase to 4.3 per cent in 2016 and 4.7 per cent in 2017. The slowdown and rebalancing of the Chinese economy, lower commodity prices, and strains in some large emerging market economies will continue to weigh on growth prospects in 2016–17. Assessments indicate that mixed inflation developments in EMDEs reflect the conflicting implications of weak domestic demand and lower commodity prices versus marked currency depreciations over the past year.

The 19 January WEO Update also indicated that India and the rest of emerging Asia are bright spots, albeit with some countries facing strong headwinds from China's economic rebalancing and global manufacturing weakness. The IMF's growth forecast for India is 7.5 per cent in 2016 and 2017 and this surpasses the projection of 6.3 per cent and 6.0 per cent respectively for China. The level of global economic activity has a significant and direct bearing on the growth prospects of the emerging economies through trade channels. As per the Update, world trade volume growth projections have been placed at 3.4 per cent and 4.1 per cent respectively for 2016 and 2017 lower by 0.7 percentage points to 0.5 percentage point respectively from WEO, October 2015. The World Bank's Report on Global Economic Prospects (January 2016) also estimated that India will grow by a robust 7.8 per cent in 2016 and 7.9 per cent in the following two years. Compared to other major developing countries, the report maintained that India is well positioned to withstand near-term headwinds and volatility in global financial markets due to reduced external vulnerabilities, a strengthening domestic business cycle, and a supportive policy environment.

REVIEW OF MAJOR DEVELOPMENTS IN INDIAN ECONOMY

In the Advance Estimates of GDP that the Central Statistics Office (CSO) released recently, the growth rate of GDP at constant market prices is projected to increase to 7.6 per cent in 2015-16 from 7.2 per cent in 2014-15, mainly because private final consumption expenditure has accelerated. Similarly, the growth rate of GVA for 2015-16 is estimated at 7.3 per cent vis-à-vis 7.1 per cent in 2014-15. Although

agriculture is likely to register low growth for the second year in a row on account of weak monsoons, it has performed better than last year. Industry has shown significant improvement primarily on account of the surprising acceleration in manufacturing (9.5 per cent vis-à-vis 5.5 per cent in 2014-15). Meanwhile, services continue to expand rapidly.

- Even as real growth has been accelerating, nominal growth has been falling, to historically low levels, an unusual trend highlighted in the Mid-Year Economic Analysis (MYEA), 2015-16.
- According to the Advance Estimates, nominal GDP (GVA) is likely to increase by just 8.6 (6.8) per cent in 2015-16.
- In nominal terms, construction is expected to stagnate, while even the dynamic sectors of trade and finance are projected to grow by only 7 to 7 3/4 percent.
- Inflation remains under control The CPI-New Series inflation has fluctuated around 5 1/2 percent, while measures of underlying trends—core inflation, rural wage growth and minimum support price increases—have similarly remained muted. Meanwhile, the WPI has been in negative territory since November 2014, the result of the large falls in international commodity prices, especially oil. As low inflation has taken hold and confidence in price stability has improved, gold imports have largely stabilized, notwithstanding the end of a period of import controls
- Similarly, the external position appears robust. The current account deficit has declined and is at comfortable levels; foreign exchange reserves have risen to US\$351.5 billion in early February 2016, and are well above standard norms for reserve adequacy; net FDI inflows have grown from US\$21.9 billion in April-December 2014-15 to US\$27.7 billion in the same period of 2015-16; and the nominal value of the rupee, measured against a basket of currencies, has been steady. India was consequently well-positioned to absorb the volatility from the U.S. Federal Reserve actions to normalize monetary policy that occurred in December 2015. Although the rupee has declined against the dollar, it has strengthened against the currencies of its other trading partners.
- The fiscal sector registered three striking successes: on-going fiscal consolidation, improved indirect tax collection efficiency; and an improvement in the quality of spending at all levels of government.
- Government tax revenues are expected to be higher than budgeted levels. Direct taxes grew by 10.7 per cent in the first 9 months (9M) of 2015-16. Indirect taxes were also buoyant. In part, this reflected excise taxes on diesel and petrol and an increase in the Swachh Bharat cess. The central excise duty collection from petroleum products during April to December 2015-16 recorded a growth of 90.5 per cent and stood at Rs.1.3 lakh crore as against Rs. 0.7 lakh crore in the same period last year. Tax performance also reflected an improvement in tax administration because revenues increased even after stripping out the additional revenue measures (ARMs). Indirect tax revenues grew by 10.7 per cent (without ARMs) and 34.2 per cent (with ARMs).
- The main findings are that a welcome shift in the quality of spending has occurred from revenue to investment, and towards social sectors. Aggregate public investment has increased by about 0.6 per cent of GDP in the first 8 months of this fiscal year, with contributions from both the Centre (54 per cent) and states (46 per cent).

OUTLOOK FOR GROWTH

Real GDP growth for 2015-16 is expected to be in the 7 to 7^{3/4} range, reflecting various and largely offsetting developments on the demand and supply sides of the Indian economy. Before analysing these factors, however, it is important to step back and note one important point. India's long-run potential GDP growth is substantial, about 8-10 percent. But its actual growth in the short run will also depend

upon global growth and demand. After all, India's exports of manufactured goods and services now constitute about 18 percent of GDP, up from about 11 percent a decade ago.

Reflecting India's growing globalization, the correlation between India's growth rate and that of the world has risen sharply to reasonably high levels. For the period 1991-2002 this correlation was 0.2. Since then, the correlation has doubled to 0.42. In other words, a 1 percentage point decrease in the world growth rate is now associated with a 0.42 percentage point decrease in Indian growth rates.

Accordingly, if the world economy remains weak, India's growth will face considerable headwinds. For example, if the world continues to grow at close to 3 percent over the next few years rather than returning to the buoyant 4-4½ per cent recorded during 2003-2011, India's medium-term growth trajectory could well remain closer to 7-7½ per cent, notwithstanding the government's reform initiatives, rather than rise to the 8-10 per cent that its long-run potential suggests. In other words, in the current global environment, there needs to be a recalibration of growth expectations and consequently of the standards of assessment.

Turning to the outlook for 2016-17, we need to examine each of the components of aggregate demand: exports, consumption, private investment and government.

- To measure the demand for India's exports, we calculate a proxy-weighted average GDP growth rate of India's export partners. The weights are the shares of partner countries in India's exports of goods and services. We find that this proxy for export demand growth declined from 3.0 percent in 2014 to 2.7 per cent in 2015, which helps explain the deceleration in India's non-oil exports, although the severity of the slowdown—in fact, a decline in export volume—went beyond adverse external developments. Current projections by the IMF indicate that trading partner growth this demand will improve marginally this year to about 2.8 percent. But the considerable downside risks suggest that it would be prudent not to count on a big contribution to GDP growth from improving export performance.
- On the domestic side, two factors could boost consumption. If and to the extent that the Seventh Pay Commission (7th PC) is implemented, increased spending from higher wages and allowances of government workers will start flowing through the economy. If, in addition, the monsoon returns to normal, agricultural incomes will improve, with attendant gains for rural consumption, which over the past two years of weak rains has remained depressed.
- Against this, the disappearance of much of last year's oil windfall would work to reduce consumption growth. Current prospects suggest that oil prices (Indian crude basket) might average US\$ 35 per barrel next fiscal year compared with US\$ 45 per barrel in 2015-16. The resulting income gain would amount roughly equivalent to 1 percentage point of GDP – an 18 per cent price decline times a share of net oil imports in GDP of 6 percent. But this would be half the size of last year's gain, so consumption growth would slow on this account next year.
- According to analysis done by Credit Suisse, (non-financial) corporate sector profitability has remained weak, falling by 1 percent in the year to December 2015. This decline reflected a sharp deterioration in the financial health of the metals—primarily steel—companies, which have now joined the ranks of companies under severe financial stress. As a result, the proportion of corporate debt owed by stressed companies, defined as those whose earnings are insufficient to cover their interest obligations, has increased to 41 percent in December 2015, compared to 35 percent in December 2014.³ In response to this stress, companies have once again been compelled to curb their capital expenditures substantially.
- Finally, the path for fiscal consolidation will determine the demand for domestic output from government. The magnitude of the drag on demand and output will be largely equal to the size of consolidation, assuming a multiplier of about 1.

- There are three significant downside risks. Turmoil in the global economy could worsen the outlook for exports and tighter financial conditions significantly. Second, if contrary to expectations oil prices rise more than anticipated, this would increase the drag from consumption, both directly, and owing to reduced prospects for monetary easing. Finally, the most serious risk is a combination of the above two factors. This could arise if oil markets are dominated by supply-related factors such as agreements to restrict output by the major producers.
- The one significant upside possibility is a good monsoon. This would increase rural consumption and, to the extent that it dampens price pressures, open up further space for monetary easing.
- Putting these factors together, we expect real GDP growth to be in the 7 to 7 ^{3/4} per cent range, with downside risks because of on-going developments in the world economy. The wider range in the forecast this time reflects the range of possibilities for exogenous developments, from a rebound in agriculture to a full-fledged international crisis; it also reflects uncertainty arising from the divergence between growth in nominal and real aggregates of economic activity.

INDIA'S INCREASING IMPORTANCE TO GLOBAL GROWTH

Despite global headwinds and a truant monsoon, India registered robust growth of 7.2 per cent in 2014-15 and 7.6 per cent in 2015-16, thus becoming the fastest growing major economy in the world. As per the estimates of the International Monetary Fund (IMF), global growth averaged 3.1 per cent in 2015, declining from 3.4 per cent registered in 2014. While growth in advanced economies has improved modestly since 2013, the emerging economies have witnessed a consistently declining trend in growth rate since 2010. It is against this background that the recent Indian growth story appears particularly bright.

India has made striking progress in its contribution to the global growth of Gross Domestic Product (GDP) in Purchasing Power Parity (PPP) terms. PPP represents the number of units of a country's currency required to purchase the same amount of goods and services in the domestic market as the US dollar would purchase in the United States, thus adjusting for purchasing power differentials between currencies in relevant markets. India's contribution to global growth in PPP terms increased from an average of 8.3 per cent during the period 2001 to 2007 to 14.4 per cent in 2014. During the 1990s, the US's contribution to the global GDP growth in PPP terms was, on an average, around 16 percentage points higher than India's. The picture changed dramatically in 2013 and 2014 when India's contribution was higher than that of the US by 2.2 and 2.7 percentage points respectively. During 1991-2014, low growth in Japan (0.9 per cent annually) resulted in its low contribution (1.5 per cent) to global growth. India and China constitute 42.5 per cent and 53.2 per cent respectively of the total PPP measure of the lower-middle income countries and upper-middle income countries; and hence those country groups largely reflect India's and China's patterns.

The global economy—in particular the global growth powerhouse, China—is rebalancing, leading to an increasing role for India. After the onset of the multiple crises in different parts of the world, India's contribution has become much more valuable to the global economy.

India's share in world GDP has increased from an average of 4.8 per cent during 2001-07 to 6.1 per cent during 2008-13 and further to an average of 7.0 per cent during 2014 to 2015 in current PPP terms (IMF). India's resilience and current levels of reasonably strong growth should, thus, be appreciated in the light of its increasing contribution to global growth.

GLOBAL MANUFACTURING SECTOR

World manufacturing growth in the Second quarter of 2016

The pace of world manufacturing growth has remained slow in the second quarter of 2016 due to the fragile recovery process in industrialized economies and the significantly weakened growth prospects in developing and emerging industrial economies. Ubiquitous uncertainty associated with Brexit accompanied most of the global markets during the second quarter of 2016. However, the direct consequences of the UK's vote on world manufacturing will become visible in ensuing quarters. China, which has emerged as the largest global manufacturer in the aftermath of the protracted economic crisis, has entered a transition period and has witnessed a more balanced growth pace, thus pushing the average industrial growth of emerging industrial economies downward. World manufacturing growth has also been affected by the generally lower growth rate in the United States and Japan, the second and third largest global manufacturers. Increasing pressure associated with financial volatility and falling oil prices has contributed to the instability of manufacturing growth in industrialized economies.

In response to the persistent low growth in manufacturing for a prolonged period, enterprises and policy makers have adopted appropriate structural reforms. However, their impact is yet to be seen. There is currently no clear indication that breaking out of the current low growth trap is imminent. Manufacturing growth in Europe, North America and East Asia remains sluggish. World manufacturing output rose by 2.2 per cent in the second quarter of 2016 compared to the same period of the previous year, which is marginally higher than the 2.1 per cent growth estimated for the first quarter of 2016. The positive growth trends with only minor improvements since the last quarter were observed across country groups (Figure 2).

As depicted in Figure 2, the pace of growth in both country groups exhibits similar trends, but the level of growth has been consistently higher in developing and emerging industrial economies than in industrialized countries.

The quarterly growth rate of industrialized economies increased only marginally to 0.2 per cent in the second quarter of 2016 from 0.1 per cent in the previous quarter. A slight deterioration in growth performance was observed in Europe, where manufacturing output rose by 0.8 per cent in the second quarter of 2016, a growth rate below 1.0 per cent for the first time since late 2013. The growth of manufacturing output in the second quarter of 2016 slowed even more in North America, barely recording a 0.3 per cent gain. East Asia experienced another slump, with manufacturing output dropping by nearly 1.1 per cent in the second quarter of 2016. Production decline was reported in Japan, East Asia's major manufacturer, without any sign of recovery for the manufacturing sector as external demand remains sluggish amid a soaring yen. Production decline in East Asia had a negative impact on manufacturing growth of industrialized countries as a whole.

Manufacturing output in developing and emerging industrial economies slightly increased compared to previous quarters by 4.9 per cent in the second quarter of 2016. Despite this improvement, the risk of another slowdown looms over developing economies as long as economic and political instability persist in industrialized countries. Growth performance varied considerably between the regions - Asian economies persevered, while manufacturing output in Latin America dropped yet increased in Africa compared to the second quarter of 2015. Manufacturing output in Africa rose on account of a significant strengthening of South African manufacturing in the second quarter of 2016. On the contrary, a sharp plunge in production was observed in Brazil as a result of the economic recession which dragged down the overall manufacturing performance of Latin America in the second quarter of 2016.

Key Industry Findings for Industrialized economies

Industrialized countries maintained a positive growth rate of manufacturing output overall in the second quarter of 2016, however, the pace has been too slow over a protracted period. The average quarterly growth of industrialized economies in 2015 was below 1.0 per cent, and only 0.2 per cent in the second

Moving Every Mile With A Smile

quarter of 2016 compared to the same period in previous years. Growth in industrialized economies in the second quarter of 2016 was characterized by a moderate, yet noticeable slowdown in Europe and North America and a negative trend in East Asia. This trend has persisted for quite some time, however this time, considering the tremendous uncertainty associated with the results of the recent vote in the UK, the latest quarterly estimates on manufacturing growth may be signalling the onset of a slump.

(Source: *World Manufacturing Production- Statistics for Quarter II, 2016*; United Nations Industrial Development Organisation - www.unido.org)

Among the industrialized regions, Europe's manufacturing output has grown consistently since 2014, but only by almost 0.9 per cent in the second quarter of 2016 compared to the same period of the previous year. Meanwhile, the eurozone registered a growth rate of 1.0 per cent. At the peak of financial instability, UNIDO's Quarterly Reports presented disaggregated data for the eurozone economies to distinguish its growth trends from the rest of Europe. This difference seems to have disappeared in recent quarters. The growth trends for these two groups converged and nearly merged in the second quarter of 2016, though the growth rate has slowed for both groups to less than 1.0 per cent. Therefore, when comparing Europe and the eurozone, the data for the second quarter of 2016 suggest the degree of resistance to the adverse impacts and the response to them is fairly balanced.

When comparing year-to-year developments, the manufacturing output of three major manufacturers among the eurozone countries recorded a very slight improvement compared to the same period of previous years, specifically Germany recorded a 0.7 per cent growth rate, Italy a 0.5 per cent and France a 0.3 per cent growth rate. Growth figures for the majority of eurozone countries were positive, with strong growth performances observed in Greece, Slovenia, Cyprus and Slovakia. Manufacturing output also rose in Spain (2.3 per cent), in the Netherlands (1.7 per cent) and in Austria (2.5 per cent), but remained almost unchanged in Ireland, primarily due to a high comparison threshold attributable to a remarkable manufacturing expansion in Ireland in 2015.

Outside the eurozone, the manufacturing output of the United Kingdom increased by 1.3 per cent in the second quarter of 2016, despite all concerns about the effects of Brexit. Considerable uncertainty affecting business environment confidence and potentially resulting in negative growth of manufacturing output was reversed due to notable growth in automotive manufacturing. The pace of growth receded in some industrialized central European countries such as the Czech Republic or Hungary, reflecting reduced inflows of European Union funds. Although the leading automotive manufacturing industry in the Czech Republic remained resistant to external influences, other industries dragged the country's total

manufacturing output down, attaining only 2.4 per cent, which is a relatively large drop compared to the average growth in 2015, which was 6.2 per cent.

The manufacturing output of East European countries demonstrated a relatively higher growth rate of 6.0 per cent in Poland, 3.4 per cent in Romania and 4.3 per cent in Croatia. Among the other economies, Norway's manufacturing sector has taken a long-term hit due to falling oil prices and continued its downward trajectory, recording a decline for a fifth consecutive quarter, while output in the Russian Federation witnessed a positive growth of 1.0 per cent in the second quarter of 2016, which might signal the beginning of a slow recovery of the country's manufacturing sector.

Although the manufacturing sector of the United States has suffered due to weak export growth stemming from a strong dollar and subdued global demand, it is growing at a sluggish pace. An on-going increase was recorded in the production of motor vehicles, but it slowed down significantly compared to the growth rates registered in previous quarters. The total manufacturing output of the United States rose by 0.3 per cent in the second quarter of 2016. The same growth rate was measured as the overall industrial production index of North America. A weak contribution of the machinery and equipment industry compared to the same period of the previous year pulled down Canada's manufacturing sector overall with a slight fall of 0.1 per cent.

Manufacturing output of the industrialized economies of East Asia decreased by 1.1 per cent. Unlike Japan, whose manufacturing sector recorded a negative growth of 1.8 per cent, manufacturing output in Malaysia and Singapore witnessed a gain of 3.9 per cent and 1.2 per cent, respectively, which in both countries was attributable primarily to the nearly 10.0 per cent growth in the manufacturing of computers, electronics and optical products. The Republic of Korea has witnessed almost no change in its manufacturing output compared to the same period of the previous year

(Source: World Manufacturing Production- Statistics for Quarter II, 2016; United Nations Industrial Development Organisation - www.unido.org)

Developing and emerging industrial economies

A slowdown in China and a downturn in Latin America have impacted the overall growth of manufacturing in developing and emerging industrial economies. In the second quarter of 2016, manufacturing production in China rose by 7.2 per cent over the same period of the previous year, which marked a modest slowdown compared to the 7.4 per cent expansion recorded in the previous quarter and represented one of the slowest growth rates since 2005, but not when compared with other economies of the world. Due to strong domestic demand, China's manufacturing has proven resilient to external shocks. Compared to other economies, China has maintained relatively high growth rates under conditions of declining capital inflow and exports.

Latin American economies, on the other hand, were not as resilient and were negatively affected by the subdued global demand for commodities and falling oil prices. The manufacturing production in Latin America dropped by 3.2 per cent, mostly driven by a protracted recession in Brazil, where manufacturing output plunged by 6.7 per cent on a year-to-year basis. Outspread declines were recorded across almost all other larger Latin American manufacturers, namely Mexico, Argentina, Chile and Peru, which reported a decrease by 0.2 per cent, 4.2 per cent, 1.0 per cent and 8.5 per cent, respectively. The only exception among the major economies of the continent was Columbia, which showed persistent positive growth despite the extended manufacturing depression evident across Latin America.

Growth performance was much higher in Asian economies, where manufacturing output rose by 6.5 per cent in the second quarter of 2016. Viet Nam defended its position of one of the fastest growing Asian economies and maintained a two-digit growth rate in quarterly manufacturing output for the seventh time in a row. At present, though Viet Nam is experiencing the worst drought in the last three decades, its economy is benefitting from the manufacturing industry, which is primarily driven by export-oriented industries such as computers, electronics and optical products that have grown in importance over the last

years. Manufacturing output in Indonesia, which recently entered the top-10 largest manufacturers worldwide, grew by 5.6 per cent in the second quarter of 2016. India's manufacturing output, which achieved impressive growth rates in the last quarters, experienced a second slight decline in a row, this time by 0.7 per cent, but the prospects for India's manufacturing are conclusive, since India is on the path to becoming a pivot for high-tech world manufacturing.

Estimates based on the limited available data indicate that manufacturing output in Africa has increased by 2.5 per cent. This respectable increase in growth is attributable to the region's most industrialized economy - South Africa, whose manufacturing production was mainly driven by increasing output in refined petroleum products and chemical products. According to our estimates on growth rates, all developing African economies managed to retain a non-negative growth rate compared to the previous year.

Global manufacturing production maintained a positive growth in nearly all industries in the second quarter of 2016. High and medium-high manufacturing industries held top positions - the production of pharmaceutical products rose by 4.3 per cent, the manufacture of motor vehicles by 4.2 per cent and the production of chemical products by 3.9 per cent. Among other fast growing industries, the production of textiles rose by 3.8 per cent. By contrast, the production of machinery and equipment declined by 1.1 per cent worldwide due to the backdrop of falling investment in capital goods. The biggest loss was recorded by the tobacco industry, with worldwide production declining by 2.6 per cent.

In general, the growth performance of developing and emerging industrial economies was far better in nearly all manufacturing industries, including several high technology industries. The production of computers, electronics and optical products in developing and emerging industrial economies rose by the highest rate of 8.1 per cent, closely followed by a 7.9 per cent growth rate in the production of pharmaceutical products. A significant contribution to the growth of manufacturing of electronics was made by China, India, Poland and Viet Nam.

Disaggregated data by industrialized and developing economies show that the performance of industrialized countries was evenly split among all manufacturing industries according to technological intensity. The fastest growing industry in industrialized economies was the production of motor vehicles which rose by 3.5 per cent in the second quarter of 2016, attributable mostly to the strong performance of European car manufacturers, namely Denmark, Lithuania, the Netherlands, the Czech Republic, Sweden, Spain, Norway and the United Kingdom. All of these countries recorded a two-digit percentage increase compared to the second quarter of 2015. However, the production of motor vehicles in Japan fell in the second quarter of 2016.

As illustrated in Figure 5, developing economies maintained a relatively higher growth rate in the production of basic consumer goods. The manufacture of food products rose by 4.3 per cent, textiles by 5.3 per cent and wearing apparel by 3.1 per cent. Significant growth rates over 9.0 per cent were observed in the production of wearing apparel in Poland, Turkey and Viet Nam. The production of other basic consumer goods also rose at a higher rate in developing economies

Regarding durable and capital goods, the production of fabricated metal products registered one of the highest growth figures at nearly 6.0 per cent in developing and emerging industrial economies. Similarly, the manufacture of other non-metallic mineral products which essentially supply construction materials rose by 5.6 per cent.

MANUFACTURING SECTOR IN INDIA

Introduction

Manufacturing has emerged as one of the high growth sectors in India. Prime Minister of India, Mr Narendra Modi, had launched the 'Make in India' program to place India on the world map as a manufacturing hub and give global recognition to the Indian economy.

India's ranking among the world's 10 largest manufacturing countries has improved by three places to sixth position in 2015#.

The Government of India has set an ambitious target of increasing the contribution of manufacturing output to 25 per cent of Gross Domestic Product (GDP) by 2025, from 16 per cent currently.

Market Size

India's manufacturing sector has the potential to touch US\$ 1 trillion by 2025. There is potential for the sector to account for 25-30 per cent of the country's GDP and create up to 90 million domestic jobs by 2025. Business conditions in the Indian manufacturing sector continue to remain positive.

Road Ahead

The Government of India has an ambitious plan to locally manufacture as many as 181 products. The move could help infrastructure sectors such as power, oil and gas, and automobile manufacturing that require large capital expenditure and revive the Rs 1,85,000 crore (US\$ 27.42 billion) Indian capital goods business.

India is an attractive hub for foreign investments in the manufacturing sector. Several mobile phone, luxury and automobile brands, among others, have set up or are looking to establish their manufacturing bases in the country.

With impetus on developing industrial corridors and smart cities, the government aims to ensure holistic development of the nation. The corridors would further assist in integrating, monitoring and developing a conducive environment for the industrial development and will promote advance practices in manufacturing.

SERVICE SECTOR IN INDIA

Introduction

The services sector is not only the dominant sector in India's GDP, but has also attracted significant foreign investment flows, contributed significantly to exports as well as provided large-scale employment. India's services sector covers a wide variety of activities such as trade, hotel and restaurants, transport, storage and communication, financing, insurance, real estate, business services, community, social and personal services, and services associated with construction.

Market Size

The services sector is the key driver of India's economic growth. The sector contributed around 66.1 per cent of its Gross Value Added growth in 2015-16, thereby becoming an important net foreign exchange earner and the most attractive sector for FDI (Foreign Direct Investment) inflows.! According to a report by leading research firm Market Research Store, the Indian telecommunication services market is expected to grow by 10.3 per cent year-on-year to reach US\$ 103.9 billion by 2020.

The Indian digital classifieds industry is expected to grow three-fold to reach US\$ 1.2 billion by 2020, driven by growth in horizontal classifieds like online services, real estate and automobiles. Out of overall services sector, the sub-sector comprising financial services, real estate and professional services contributed US\$ 305.8 billion or 20.5 per cent to the GDP. The sub-sector of community, social and personal services contributed US\$ 188.2 billion or 12.6 per cent to the GDP.

Road Ahead

Services sector growth is governed by both domestic and global factors. The sector is expected to perform well in FY16. The Indian facilities management market is expected to grow at 17 per cent CAGR between 2015 and 2020 and surpass the \$19 billion mark supported by booming real estate, retail, and hospitality sectors. The performance of trade, hotels and restaurants, and transport, storage and communication sectors are expected to improve in FY17. Loss of growth momentum in commodity-producing sectors had adversely impacted transport and storage sectors over the past two years. The financing, insurance, real estate, and business services sectors are also expected to continue their good run in FY17. The growth performance of the community, social and personal services sector is directly linked with government expenditure and we believe that the government will remain committed to fiscal consolidation in FY16.

INDIAN LOGISTICS SECTOR – STATISTICAL OVERVIEW

(Source: Motilal Oswal - Logistics Sector Update March 2015 www.motilaloswal.com)

THIRD PARTY LOGISTICS (3PL) SERVICE INDUSTRY

Typically, a core company providing services or products is considered the first party; the customer, the second party. A third-party, then, is a firm hired to do that which neither the first or second party desires to do. A third-party logistics firm is a firm that provides outsourced or “third party” logistics services to companies for some portion or all of their supply chain management functions. 3PL typically specializes in custom clearance, Freight Forwarding, Warehousing, transportation services that can be customized to customer needs and demand.

The 3PL industry evolved in the 1970's when during a time of expanding globalization and an increased use of information technology (Song & Regan, Industries in Transition: Freight Transport Intermediaries in the Information Age, 2001). The first generation 3PL's (1970's-1980's) offered services such as

transportation, brokerage, and shipping. Second-generation 3PL's (1980-1990) were mostly asset or non-asset based companies with increased service offerings. The third-generation-3PL's (2000 onwards) were mostly web-based 3PL's with increased supply chain integration (Nemo to & Koichiro, Advantage of 3PL in SCM, 2007).

Third-party logistics (3PL) is gaining importance as more and more organisations across the world are outsourcing logistics activities to the 3PL service providers. By outsourcing logistics activities, organisations are able to not only concentrate on their core business operations, but also achieve cost-efficiency and improve delivery performance and customer satisfaction. The 3PL market in India was under-developed and highly fragmented. However, recent trends show that the Indian market has come of age with small family-run businesses giving way/progressing to professional-run corporate enterprises. This refreshing change is indeed a welcome sign for the growth, as professionalism can go a long way in building efficiencies and reducing costs.

The Indian logistics market is likely to witness consistent growth of around 6-7 % every year during the period 2014-2020 and reach revenues of about US \$150-\$160 billion by 2020.

SUMMARY OF BUSINESS

OVERVIEW

Incorporated in 2006, our Company, Maheshwari Logistics Limited is engaged in providing logistics services, supplying of non-coking coal, manufacturing of kraft paper and trading in a variety of papers. We have our registered office and paper manufacturing facility situated at Gujarat. Further we have 6 branch offices which are situated at Gujarat and Rajasthan.

Set up by Maheshwari and Kabra Group, our Company offers a diversified business model, covering three different sectors ranging from logistics services to fuel to paper. The experience and trade relations developed by our promoters and management have been one of the key instrumental factors in the growth of our Company. With the vision and dedication of our management we have been able to accomplish a revenue growth of more than 80% in past 5 years and achieve a turnover of more than Rs. 600 crores during financial year 2015-16.

Our Company started out with logistics services and over the years have developed a strong clientele network in the sector. We primarily offer full truck load freight services to large and medium size companies mainly across the state of Gujarat and Rajasthan. We have also extended our logistics arm in state of Maharashtra and Madhya Pradesh. We use our own trucks as well as hire third party transportation services for carrying out our logistics operations. As on date of Prospectus, we have a fleet of more than 60 trucks and an association with more than 1,000 trucks through third parties. We have also set up a full maintenance workshop for all our vehicles at Nimbahera and Jamnagar. Our goods transportation services serves a broad range of industries, with our customer belonging to cement, paper, textiles, fertilisers, etc. industries. For the year ended March 31, 2016, our logistics services contributed 36.62% to our total revenue from operations.

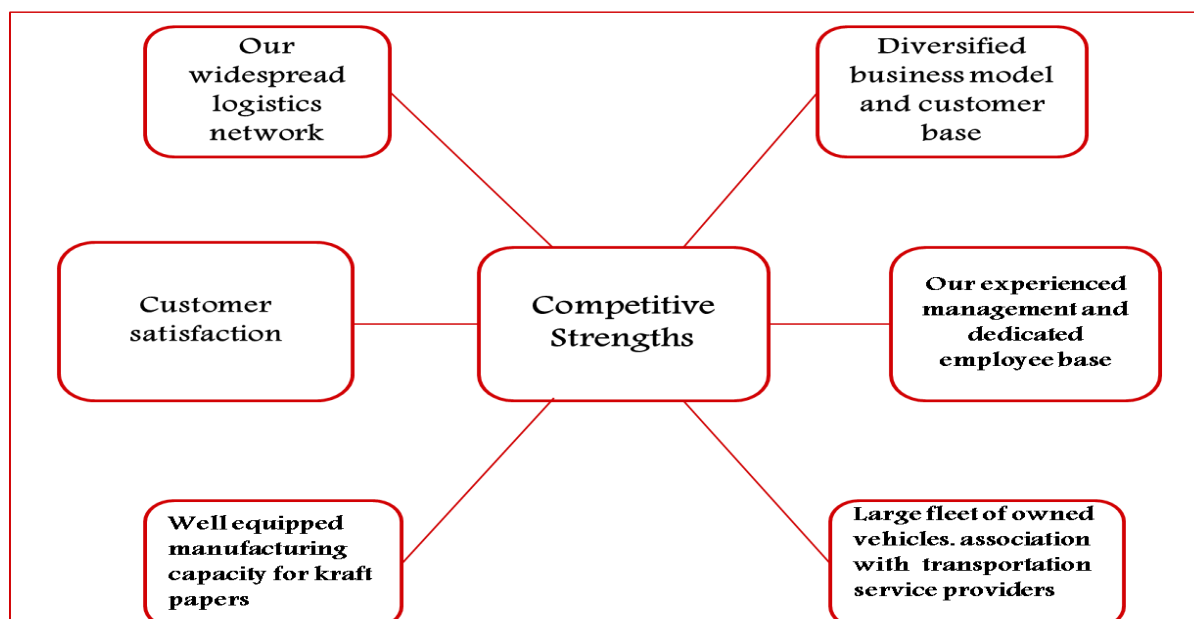

Along with logistics services, our Company ventured into trading of non-coking coal. We procure coal either through direct imports or through high seas purchases from other importers. We have also installed a screening plant at Vapi for sizing imported as well as indigenous coal for our customers who have specific requirement of sized coal. It is our endeavour to supply different varieties of coal to meet the necessary requirements of our customers who are operating in diverse industries. For the year ended March 31, 2016, our revenue from coal trading contributed to 51.43% of our total revenue from operations.

Our paper journey began with trading of variety of papers. With gaining an insight of the industry coupled with an available opportunity, our Company ventured into manufacturing of Kraft Paper in 2015 by purchasing business vide a business transfer agreement dated September 30, 2015 from M/s. Daman Ganga Recycled Resources LLP. We further entered into a tripartite job work cum plant and equipment operating agreement with Daman Ganga Papers Limited and Daman Ganga Recycled Resources LLP for a period of 20 years. This manufacturing facility is spread over an area of 45,000 square metres and is equipped with the necessary plant & equipments. At present, it has a manufacturing capacity of 750 lakhs kg p.a. Within a short span of time, our Company has been able to create a demand for its manufactured products. From October 2015 to March 2016, our Company generated a turnover of Rs. 4,600.87 lakhs sale of manufactured products.

We endeavour to satisfy customer by continuous improvement through process innovation and quality maintenance. We aim to grow our operations on PAN India basis and make our brand as a distinguished name in industry.

OUR COMPETITIVE STRENGTHS

1) Diversified business model and customer base

In this dynamic and extremely competitive environment, we have developed a diversified business model with our offerings ranging from paper to coal to logistics services. We have been successfully catering to the different sectors during our past year of operations. Our historic revenue mix also signifies that we have been able to maintain a considerable market in all our area of products and services. Such diversified business model reduces our dependency on a particular industry and ensures flow of revenues throughout the year. Further a diversified business model gives us a competitive edge as we are able to integrate our operations where required and achieve synergy in operations. Our port services are an example of such integration wherein we offer logistics services to deliver imported coal from port to customer's location.

Also we serve a diverse mix of end markets across several industry sectors. In our logistics service operation, we cater to cement, papers, textiles, fertilizers, etc. industry. Our product non coking coal mainly finds application in industries which has captive power plant installed and we have been catering to diverse industrial sectors such as textiles, paper, pharmaceuticals, etc. with such product. Further our manufactured kraft papers usually are used in corrugated box manufacturing which are used by all the industrial as well as commercial packaging units.

We believe that our differentiated product and service offerings has enables us to build a sustainable business model which is reflected in our growth in revenue of more than 80% during past five years of operations.

2) Our experienced management and dedicated employee base

We have an experienced management having more than a decade experience in the business. It is through the constant efforts and experience of our management team that we have been able to build a sustainable business model. Our management has developed cordial relationships with suppliers and customers and has woven a strong clientele network for us over the years. The vision and dedication of our management team lays down the principles of our growth. Further since we operate in three different sectors, we have also employed people who have requisite technical competence and qualifications for each type of sector we cater to. With respect to logistics operations, our

Company has developed strategies enabling them to recruit and retain experienced drivers. We strongly believe that the success of our organization lies in the efforts of our human resources.

3) Large fleet of owned vehicles, association with third party transportation service providers and in house workshops for vehicles

We provide FTL services to our customers through our broad network of branches as well as through a network of independent third party transportation service providers that we have developed a relationship with over the years. As on date of the Prospectus, we have our own fleet of more than 70 vehicles. Further we have association with many third party transportation service providers thereby providing us access to more than 1,000 trucks. With access to such high number of vehicles, we are able to take up and execute large orders and serve large sized companies. We have been regularly catering to some of the recognised companies in cement and paper sector with our transportation services. Further we have a full maintenance set up for all vehicles in Nimbahera and Jamnagar. We also have our in house mechanics to ensure timely service as well as faster uptime of our vehicles resulting into provision of efficient services to all our clients and adhering to all safety norms. Our regular and periodic preventive maintenance measures ensure longer vehicle life and provide a higher degree of performance reliability. We believe that these facilities reduce expensive on-road repairs and out-of-route trips and minimize downtime due to breakdown, repairs and resulting service interruptions.

4) Owned manufacturing facility for kraft papers

We have recently ventured into manufacturing of kraft papers in 2015 with acquisition of business from Daman Ganga Recycled Resources LLP and entering into a Plant & equipment operating tripartite agreement with Daman Ganga Paper Limited and Daman Ganga Recycled Resources LLP. This facility is spread over 45,000 square metres and is equipped with requisite plant and machineries. At the time of acquisition, it had an installed capacity of 54,000 mt p.a. We then invested significant resources in upgradation and modernization of plant & machinery and were successful in enhancing the capacity to 75,000 mt p.a. We feel that we shall be able to create sufficient demand for our product and make optimal use of our installed capacity in due course of time. We also have in house accommodation facilities for some of our labourers.

5) Customer satisfaction

Our Company focuses on attaining highest level of customer satisfaction. The progress achieved by us is largely due to our ability to address and exceed customer satisfaction. Our Company has always believed in assessing the customer demands from time to time and providing customers with the requisite products and services. We believe that the high levels of customer retention and growth in the number of customers reflects the value proposition we provide and positions us for further growth.

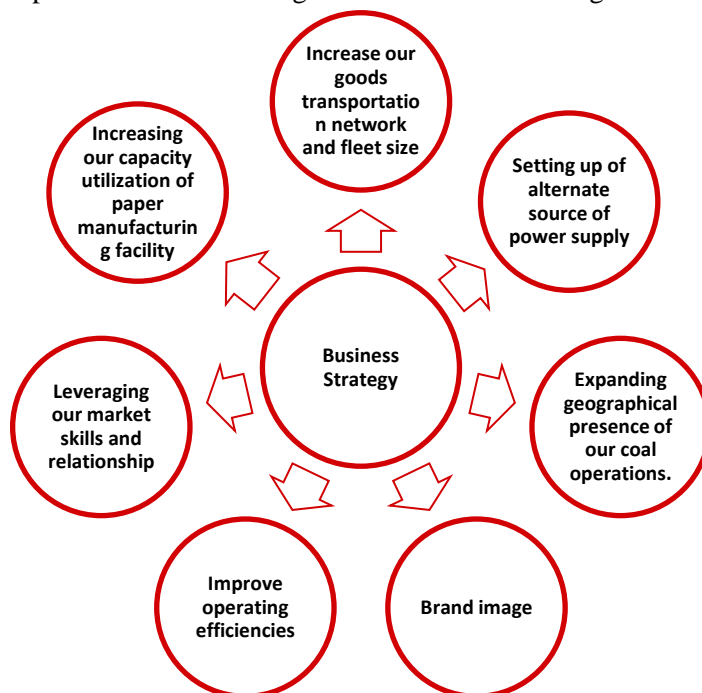

6) Our widespread logistics network

At present, we have 6 branch offices across state of Gujarat and Rajasthan to ensure smooth flow of our logistics operations. We believe that our branch offices help us to consolidate and distribute our consignments in a better manner. These offices also help us in booking of clients at times. This operating model also enables us to cater to a wide range of customers and maximise our FTL freight revenue per operating vehicle.

BUSINESS STRATEGY

We envisage long term growth by supplying qualitative products and efficient services and building long term relations with customers. In line with this vision, our Company is implementing a business strategy with the following key components. Our strategy will be to focus on capitalizing on our core strengths

and expanding the operations of our business. We intend to focus on our existing range of products and services with specific emphasis on the following factors as business and growth strategy:

1) Increase our goods transportation network and fleet size

We intend to widen our goods transportation network by exploring new regions and increasing our fleet size. As on date, we majorly cover state of Gujarat & Rajasthan and have started exploring state of Maharashtra and Madhya Pradesh. Further we have a fleet of more than 60 trucks and 6 branch offices. We intend to expand our logistics services on PAN India basis by increasing our fleet size as well as our network of branch offices.

2) Setting up of alternate source of power supply at our paper manufacturing facility

As on the date of the Prospectus, we meet our power requirements by purchasing the same from state government. We have a sanctioned load of 2,500 KVAH for our manufacturing facility. We suffer a significant high electricity cost in view of our consumption requirements at our manufacturing facility. To strategically lower our electricity costs, we intend to install a power turbine at our manufacturing facility. This plant shall enable us to reduce our operating costs per unit and offer our product at better prices, overall leading to improved profit margins. Further we shall also be able to enhance our capacity utilization with the installation of such power turbine plant.

3) Expanding geographical presence of our coal operations.

At present, we mainly conduct our coal operations with the opportunities available at the western port. We aim to expand our coal operations by exploring opportunities available across other ports as well. Since we have in house logistics services, we would be in a better position at initial phase, to undertake this step without compromising on margins. Demand for non-coking coal is intense throughout the country and we aim to satisfy such demand on a larger scale by expanding our geographical presence.

4) Brand image

We would continue to associate ourselves with good quality customers and execute projects to their utmost satisfaction. We are highly conscious about our brand image and intend to continue our brand building exercise by providing excellent services to the satisfaction of the customers.

5) Continue to improve operating efficiencies through technology enhancements

We continue to further develop our technology systems to increase asset productivity, operating efficiencies and strengthen our competitive position. We believe that our in-house technology capabilities will continue to play a key role in effectively managing our operations and expanding them on Pan India basis, maintain strict operational and fiscal controls and continue to enhance customer service levels.

We intend to continue to invest in our in-house technology capabilities to develop customized systems and processes to ensure effective management control. We continue to focus on further strengthening our operational and fiscal controls.

6) Leveraging our market skills and relationship

Leveraging our market skills and relationships is a continuous process in our organization and the skills that we impart in our people give importance to customers. We aim to do this by leveraging our marketing skills and relationships and further enhancing customer satisfaction.

7) Increasing our capacity utilization of paper manufacturing facility

Since we have recently acquired our paper manufacturing facility and invested in significant resources thereon to upgrade machineries, resulting in enhanced installed capacity, we aim at utilising higher installation capacity thereby expanding our paper operations. We believe that we shall be able to create sufficient demand for our products as we seek to capitalise the customer base we have developed over the years through our paper trading activities.

DETAILS OF THE MARKET MAKING ARRANGEMENT

Our Company and the Lead Manager have entered into a tripartite agreement dated December 16, 2016 with the below Market Maker, duly registered with National Stock Exchange of India Limited to fulfil the obligations of Market Making:

Pantomath Stock Brokers Private Limited

406-408, Keshva Premises, Behind Family Court,
Bandra (East), Mumbai 400 051,
Maharashtra, India

Tel: +91 22 6194 6774

Fax: +91 22 2659 8690

E-mail: broking@pantomathgroup.com

Contact Person: Mahavir Toshnival

SEBI Registration No.: INZ000068338

Pantomath Stock Brokers Private Limited, registered with Emerge Platform of National Stock Exchange of India Limited will act as the Market Maker and has agreed to receive or deliver of the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI (ICDR) Regulations.

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI ICDR Regulations, as amended from time to time and the circulars issued by NSE and SEBI in this matter from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. The spread (difference between the sell and the buy quote) shall not be more than 10% or as specified by the Stock Exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
2. The minimum depth of the quote shall be Rs. 1,00,000/-. However, the investors with holdings of value less than Rs. 1,00,000/- shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker. Based on the IPO price of Rs.68/- the minimum lot size is 2,000 Equity Shares thus minimum depth of the quote shall be Rs. 1,36,000 until the same, would be revised by NSE.
3. After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Shares of Market Maker in our Company reaches to 25% of Issue Size (including the 2,04,000 Equity Shares out to be allotted under this Issue). Any Equity Shares allotted to Market Maker under this Issue over and above 2,04,000 Equity Shares would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of Market Maker in our Company reduce to 24% of Issue Size, the Market Maker will resume providing 2-way quotes.
4. There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, NSE may intimate the same to SEBI after due verification.
5. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.

6. There would not be more than five Market Makers for the Company's Equity Shares at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors. At this stage, Pantomath Stock Brokers Private Limited is acting as the sole Market Maker.
7. The shares of the company will be traded in continuous trading session from the time and day the company gets listed on Emerge Platform of NSE and market maker will remain present as per the guidelines mentioned under NSE and SEBI circulars.
8. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
9. The Market Maker(s) shall have the right to terminate said arrangement by giving one month notice or on mutually acceptable terms to the Lead Manager, who shall then be responsible to appoint a replacement Market Maker(s).

In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker(s) in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 106V of the SEBI (ICDR) Regulations. Further the Company and the Lead Manager reserve the right to appoint other Market Maker(s) either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed 5 (five) or as specified by the relevant laws and regulations applicable at that particulars point of time. The Market Making Agreement shall be available for inspection at our Registered Office from 11.00 a.m. to 5.00 p.m. on working days.

10. Emerge Platform NSE will have all margins which are applicable on the NSE Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
11. Emerge Platform of NSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker(s) in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties/ fines/ suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.

12. Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for Market Makers during market making process has been made applicable, based on the issue size and as follows:

ii. Details of Promoters' Contribution locked in for three years:

Pursuant to Regulation 32 and 36 of SEBI ICDR Regulations, an aggregate of 20% of the post-Issue capital held by our Promoters shall be considered as Promoters' Contribution ("Promoters Contribution") and locked-in for a period of three years from the date of Allotment. The lock-in of the Promoters' Contribution would be created as per applicable law and procedure and details of the same shall also be provided to the Stock Exchange before listing of the Equity Shares.

Our Promoters have given written consent to include such number of Equity Shares held by them and subscribed by them as a part of Promoters' Contribution constituting 20.62% of the post issue Equity Shares of our Company and have agreed not to sell or transfer or pledge or otherwise dispose of in any manner, the Promoters' Contribution, for a period of three years from the date of allotment in the Issue.

The minimum Promoters' contribution has been brought in to the extent of not less than the specified minimum lot and from the persons defined as 'promoter' under the SEBI ICDR Regulations. The Equity Shares that are being locked in are not ineligible for computation of Promoters' contribution in terms of Regulation 33 of the SEBI ICDR Regulations. In connection, we confirm the following:

- The Equity Shares offered for minimum 20% Promoters' contribution have not been acquired in the three years preceding the date of this Prospectus for consideration other than cash and revaluation of assets or capitalization of intangible assets nor resulted from a bonus issue out of the revaluation reserves or unrealized profits of the Company or against Equity Shares which are otherwise ineligible for computation of Promoters' contribution;
- The minimum Promoters' contribution does not include Equity Shares acquired during one year preceding the date of this Prospectus at a price lower than the Issue Price ;
- Our Company has not been formed by the conversion of a partnership firm into a company and thus, no Equity Shares have been issued to our Promoter upon conversion of a partnership firm;
- The Equity Shares held by the Promoter and offered for minimum Promoters' contribution are not subject to any pledge;

Moving Every Mile With A Smile

- e) All the Equity Shares of our Company held by the Promoters are in the process of being dematerialized ; and
- f) The Equity Shares offered for Promoters' contribution do not consist of Equity Shares for which specific written consent has not been obtained from the Promoter for inclusion of its subscription in the Promoters' contribution subject to lock-in.

iii. Details of Equity Shares locked-in for one year

Other than the above Equity Shares that are locked in for three years, the entire pre-Issue Equity Share capital of our Company shall be locked-in for a period of one year from the date of allotment in the Public Issue.

iv. Other requirements in respect of lock-in

Pursuant to Regulation 39 of the SEBI ICDR Regulations, the locked-in Equity Shares held by the Promoters, as specified above, can be pledged only with scheduled commercial banks or public financial institutions as collateral security for loans granted by such scheduled commercial banks or public financial institution, provided that the pledge of the Equity Shares is one of the terms of the sanction of the loan.

Provided that securities locked in as Promoters' Contribution for 3 years under Regulation 36(a) of the SEBI ICDR Regulations may be pledged only if, in addition to fulfilling the above requirement, the loan has been granted by such scheduled commercial bank or public financial institution for the purpose of financing one or more of the objects of the Issue.

Further, pursuant to Regulation 40 of the SEBI ICDR Regulations, the Equity Shares held by persons other than the Promoters prior to the Issue may be transferred to any other person holding the Equity Shares which are locked-in as per Regulation 37 of the SEBI ICDR Regulations, along with the Equity Shares proposed to be transferred, provided that lock-in on such Equity Shares will continue for the remaining period with the transferee and such transferee shall not be eligible to transfer such Equity Shares till the lock-in period stipulated under the SEBI ICDR Regulations has ended, subject to compliance with the Takeover Code, as applicable

We further confirm that our Promoter's Contribution of 20.62% of the post Issue Equity Share capital does not include any contribution from Alternative Investment Fund.

There were no shares purchased/sold by the Promoter and Promoter Group, directors and their immediate relatives during last 6 months.

Our Company does not have any Employee Stock Option Scheme / Employee Stock Purchase Plan for our employees and we do not intend to allot any shares to our employees under Employee Stock Option Scheme / Employee Stock Purchase Plan from the proposed issue. As and when, options are granted to our employees under the Employee Stock Option Scheme, our Company shall comply with the SEBI (Share Based Employee Benefits) Regulations, 2014.
14. Neither the Lead Manager viz. Pantomath Capital Advisors Private Limited nor their associates hold any Equity Shares of our Company as on the date of the Prospectus.
15. Under-subscription in the net issue, if any, in any category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the Lead Manager and the Emerge Platform of National Stock Exchange of India Limited.
16. The unsubscribed portion in any reserved category (if any) may be added to any other reserved category.
17. The unsubscribed portion if any, after such inter se adjustments among the reserved categories shall be added back to the net offer to the public portion.
18. There are no Equity Shares against which depository receipts have been issued.
19. Other than the Equity Shares, there are no other class of securities issued by our Company.
20. There will be no further issue of capital, whether by way of issue of bonus shares, preferential allotment, right issue or in any other manner during the period commencing from the date of the Draft Prospectus until the Equity Shares have been listed. Further, our Company does not intend to alter its capital structure within six months from the date of opening of the Issue, by way of split/consolidation of the denomination of Equity Shares. However our Company may further issue Equity Shares (including issue of securities convertible into Equity Shares) whether preferential or otherwise after the date of the listing of equity shares to finance an acquisition, merger or joint venture or for regulatory compliance or such other scheme of arrangement or any other purpose as the Board may deem fit, if an opportunity of such nature is determined by its Board of Directors to be in the interest of our Company
21. None of the persons/entities comprising our Promoter Group, or our Directors or their relatives have financed the purchase by any other person of securities of our Company other than in the normal course of the business of any such entity/individual or otherwise during the period of six months immediately preceding the date of filing of this Prospectus.
22. Our Company, our Promoters, our Directors and the Lead Manager have not entered into any buy back or standby or similar arrangements for the purchase of Equity Shares being offered through the Issue from any person.
23. There are no safety net arrangements for this public issue.

24. An over-subscription to the extent of 10% of the Issue can be retained for the purpose of rounding off to the nearest multiple of minimum allotment lot, while finalising the Basis of Allotment. Consequently, the actual Allotment may go up by a maximum of 10% of the Issue, as a result of which, the post-Issue paid up capital after the Issue would also increase by the excess amount of Allotment so made. In such an event, the Equity Shares held by our Promoters and subject to lock- in shall be suitably increased; so as to ensure that a minimum of 20% of the post Issue paid-up capital is locked in.
 25. In case of over-subscription in all categories the allocation in the Issue shall be as per the requirements of Regulation 43 (4) of SEBI (ICDR) Regulations, as amended from time to time.
 26. As on date of this Prospectus there are no outstanding warrants, options or rights to convert debentures loans or other financial instruments into our Equity Shares.
 27. All the Equity Shares of our Company are fully paid up as on the date of the Prospectus. Further, since the entire issue price in respect of the Issue is payable on application, all the successful applicants will be issued fully paid-up equity shares and thus all shares offered through this issue shall be fully paid-up.
 28. As per RBI regulations, OCBs are not allowed to participate in this Issue.
 29. Our Company has not raised any bridge loans against the proceeds of the Issue.
 30. Our Company undertakes that at any given time, there shall be only one denomination for our Equity Shares, unless otherwise permitted by law.
 31. Our Company shall comply with such accounting and disclosure norms as specified by SEBI from time to time.
 32. An Applicant cannot make an application for more than the number of Equity Shares being issued through this Issue, subject to the maximum limit of investment prescribed under relevant laws applicable to each category of investors.
 33. No payment, direct or indirect in the nature of discount, commission, and allowance or otherwise shall be made either by us or our Promoters to the persons who receive allotments, if any, in this Issue.
 34. We have 31 shareholders as on the date of filing of the Prospectus.
 35. Our Promoters and the members of our Promoter Group will not participate in this Issue.
 36. Our Company has not made any public issue since its incorporation.
 37. Our Company shall ensure that transactions in the Equity Shares by the Promoter and the Promoter Group between the date of filing the Draft Prospectus and the Issue Closing Date shall be reported to the Stock Exchange within twenty-four hours of such transaction.
 38. For the details of transactions by our Company with our Promoter Group, Group Companies for period ended September 30, 2016 and for the financial years ended March 31, 2012, 2013, 2014, 2015 and 2016, please refer to paragraph titled “Details of Related Parties Transactions as Restated” in the chapter titled ‘*Financial Statements as restated*’ on page 230 of the Prospectus.
- None of our Directors or Key Managerial Personnel holds Equity Shares in our Company, except as stated in the chapter titled “*Our Management*” beginning on page 199 of the Prospectus.

OBJECTS OF THE ISSUE

Our Company proposes to utilize the net proceeds from the Issue towards funding the following objects and achieve the benefits of listing on the Emerge Platform of NSE.

The objects of the Issue are:

1. Working Capital Requirements;
2. General Corporate Purposes.

We believe that listing of Equity Shares will enhance our Company's corporate image, brand name and create a public market for our Equity Shares in India.

The main objects clause of our Memorandum of Association and the objects incidental and ancillary to the main objects enables us to undertake the activities for which funds are being raised in the Issue. The existing activities of our Company are within the objects clause of our Memorandum of Association.

FUND REQUIREMENTS

The fund requirement and deployment is based on internal management estimates and our Company's current business plan and is subject to change in light of changes in external circumstances or costs, other financial conditions, business or strategy. These estimates have not been appraised by any bank or financial institution.

In view of the dynamic nature of the sector and specifically that of our business, we may have to revise our expenditure and fund requirements as a result of variations in cost estimates, exchange rate fluctuations and external factors which may not be within the control of our management. This may entail rescheduling and revising the planned expenditures and fund requirements and increasing or decreasing expenditures for a particular purpose at the discretion of our management, within the objects.

Means of Finance

The requirements of the objects detailed above are intended to be funded from the Proceeds of the Issue, bank borrowings and internal accruals. Accordingly, we confirm that there is no requirement for us to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised from the proposed Issue.

Utilisation of Net Proceeds

The details of the Issue Proceeds are summarised below:

Particulars	Amount (Rs in Lakhs)
Issue Proceeds	2,717.28
Less: Issue related expenses	175.00
Net Proceeds	2,542.28

We intend to utilise the Net Proceeds from the Issue, in the manner set below:

Sr. No.	Particulars	Amount (Rs in Lakhs)	Percentage of net Issue	Percentage of Gross Issue
1.	Working Capital Requirements	2,042.28	80.33%	75.16%
2.	General Corporate Purpose	500.00	19.67%	18.40%

While we intend to utilise the Issue Proceeds in the manner provided above, in the event of a surplus, we will use such surplus towards general corporate purposes including meeting future growth requirements. In case of variations in the actual utilisation of funds earmarked for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, available in respect of the other purposes for which funds are being raised in this Issue. In the event of any shortfall in the Net Proceeds, we may explore a range of options including utilising our internal accruals and seeking additional debt from existing and future lenders.

Schedule of Implementation/Utilization of Net Proceeds

Our Company proposes to deploy the Net Proceeds in the aforesaid objects in the financial year 2016-17.

Our Company proposes to utilise Rs. 2,042.28 Lakhs of Net Proceeds towards working capital requirements for meeting our business requirements.

The incremental working capital requirements are based on historical Company data and estimation of the future requirements in Financial Year 2016-17 considering the growth in activities of our Company and in line with norms accepted by our banker(s). Our Company has assumed raw material

Moving Every Mile With A Smile

inventory of 0.31 months, stock in trade and finished goods inventory of 0.20 months for the Financial Year 2016-17.

Our Debtors cycle was of about 2.73 and 2.86 months in Financial Year 2015-16 and 2014-2015. We have assumed that our debtor's cycle will be 3.00 months for Financial Year 2016-17. Similarly we have estimated current assets, trade payables, current liabilities and short term provisions in line with working capital employed in past years and expected to be employed in Financial Year 2016-17.

Justification for "Holding Period" levels

The justifications for the holding levels mentioned in the table above are provided below:

Assets- Current Assets	
Inventories	In FY 2016-17 we have assumed raw material inventory of around 0.31 months as compared to 0.28 months in FY 2015-16 as we aim to increase our manufacturing operations. Further we have assumed stock in trade and finished goods inventory of 0.20 months as compares to 0.12 months in FY 2015-16 as we tend to increase our manufacturing and coal operations.
Trade receivables	In FY 2016-17 the trade receivable holding period is expected to increase from 2.73 months in FY 2015-16 to 3.00 months. The increase is expected due to increase in manufacturing operations and tapping of new customers.
Liabilities - Current Liabilities	
Trade Payables	In FY 2016-17, the credit period is expected to be 3.02 months as compared to 3.22 months in FY 2015-16, as the Company will strive to adhere to stricter credit policy to achieve better and favourable pricing terms and to ensure continued relation with the existing suppliers.

GENERAL CORPORATE PURPOSES

Our management, in accordance with the policies of our Board, will have flexibility in utilizing the proceeds earmarked for general corporate purposes. We intend to deploy the balance Issue proceeds net off issue expenses aggregating Rs. 500.00 lakhs being 19.67% of the net issue proceeds towards general corporate purposes to drive our business growth. In accordance with the policies set up by our Board, we have flexibility in applying the remaining Proceeds after meeting issue expenses, for general corporate purpose including but not restricted to, marketing expenses, meeting operating expenses, strengthening of our business development and marketing capabilities, meeting exigencies which the Company in the ordinary course of business may not foresee or any other purposes as approved by our Board of Directors, subject to compliance with the necessary provisions of the Companies Act.

BRIDGE FINANCING

We have not entered into any bridge finance arrangements that will be repaid from the Net Issue Proceeds. However, we may draw down such amounts, as may be required, from an overdraft arrangement / cash credit facility with our lenders, to finance additional working capital needs until the completion of the Issue. Any amount that is drawn down from the overdraft arrangement / cash credit facility during this period to finance additional working capital needs will be repaid from the Net Proceeds of the Issue.

APPRAISAL BY APPRAISING AGENCY

The fund requirement and deployment is based on internal management estimates and has not been appraised by any bank or financial institution.

INTERIM USE OF FUNDS

Pending utilization of the Issue Proceeds for the Objects of Issue described above, Our Company shall deposit the funds only in the scheduled commercial banks included in the Second Schedule of Reserve Bank of India Act, 1934.

In accordance with Section 27 of the Companies Act, 2013, our Company confirms that, pending utilization of the Issue Proceeds for the Objects of Issue described above, it shall not use the funds

from the Issue Proceeds for any investment in equity and/or real estate products and/or equity linked and/or real estate linked products.

MONITORING UTILIZATION OF FUNDS

As the size of the Issue does not exceed Rs. 50,000 lakhs, in terms of Regulation 16 of the SEBI Regulations, our Company is not required to appoint a monitoring agency for the purposes of this Issue. Our Board and Audit Committee shall monitor the utilization of the Net Proceeds.

Pursuant to Regulation 32 of the Listing Regulations, our Company shall on a half yearly basis disclose to the Audit Committee the uses and application of the Issue Proceeds. Until such time as any part of the Issue Proceeds remains unutilized, our Company will disclose the utilization of the Issue Proceeds under separate heads in our Company's balance sheet(s) clearly specifying the amount of and purpose for which Issue Proceeds have been utilized so far, and details of amounts out of the Issue Proceeds that have not been utilized so far, also indicating interim investments, if any, of such unutilized Issue Proceeds. In the event that our Company is unable to utilize the entire amount that we have currently estimated for use out of the Issue Proceeds in a Fiscal Year, we will utilize such unutilized amount in the next financial year. Further, in accordance with Regulation 32(1) (a) of the Listing Regulations our Company shall furnish to the Stock Exchanges on a half yearly basis, a statement indicating material deviations, if any, in the utilization of the Issue Proceeds for the objects stated in this Prospectus.

VARIATION IN OBJECTS

In accordance with Section 13(8) and Section 27 of the Companies Act, 2013 and applicable rules, our Company shall not vary the objects of the Issue without our Company being authorised to do so by our shareholders by way of a special resolution through postal ballot. In addition, the notice issued to our shareholders in relation to the passing of such special resolution (the "Postal Ballot Notice") shall specify the prescribed details as required under the Companies Act and applicable rules. The Postal Ballot Notice shall simultaneously be published in the newspapers, one in English and one in the vernacular language of the jurisdiction where the Registered Office is situated. Our Promoter or controlling shareholders will be required to provide an exit opportunity to such shareholders who do not agree to the proposal to vary the objects, at such price, and in such manner, as may be prescribed by SEBI, in this regard.

OTHER CONFIRMATIONS

No part of the proceeds of the Issue will be paid by us as consideration to the Promoter and Promoter Group, the Directors, Key Management Personnel or the Group Companies, except in the ordinary course of business and in compliance with the applicable law.

INTRODUCTION TO INDIAN PAPER INDUSTRY

The Indian paper industry accounts for about 3% of the world's production of paper. The estimated turnover of the industry is INR 50,000 crore (USD 8 billion) approximately and its contribution to the exchequer is around INR 4,500 crore. The industry provides employment to more than 0.5 million people directly and 1.5 million people indirectly.

Most of the paper mills are in existence for a long time and hence present technologies fall in a wide spectrum ranging from oldest to the most modern. The mills use a variety of raw material viz. wood, bamboo, recycled fibre, bagasse, wheat straw, rice husk, etc. In terms of share in total production, approximately 24% are based on wood, 65% on recycled fibre and 11% on agro-residues. The geographical spread of the industry as well as market is mainly responsible for regional balance of production and consumption.

The per capita paper consumption in India at a little over 13 kg, is way behind the global average of 57 kg. India is the fastest growing market for paper globally and it presents an exciting scenario; paper consumption is poised for a big leap forward in sync with the economic growth. The futuristic view is that growth in paper consumption would be in multiples of GDP and hence an increase in consumption by one kg per capita would lead to an increase in demand of 1 million tonnes.

APPROACH TO PAPER INDUSTRY ANALYSIS

Analysis of Paper Industry needs to be approached at both macro and micro levels, whether for domestic or global markets. Paper Industry forms part of Manufacturing Sector at a macro level. Hence, broad picture of Manufacturing Sector should be at preface while analysing the Paper Industry

Manufacturing sector comprises various industries, which in turn, have numerous sub-classes or products. One such major industry in the overall manufacturing sector is 'Paper Industry', which in turn encompasses various components one of them being 'Kraft Paper Industry'

Thus, 'Kraft Paper Industry' should be analysed in the light of 'Paper Manufacturing' at large. An appropriate view on Kraft Paper Industry, then, calls for the overall economy outlook, performance and expectations of Manufacturing Sector, position and outlook of Paper Industry and Kraft Paper segment micro analysis.

COAL - INDIAN ENERGY CHOICE

Coal is the most important and abundant fossil fuel in India. It accounts for 55% of the country's energy need. The country's industrial heritage was built upon indigenous coal. Commercial primary energy consumption in India has grown by about 700% in the last four decades. The current per capita commercial primary energy consumption in India is about 350 kgoe/year which is well below that of developed countries. Driven by the rising population, expanding economy and a quest for improved quality of life, energy usage in India is expected to rise. Considering the limited reserve potentiality of petroleum & natural gas, eco-conservation restriction on hydel project and geo-political perception of nuclear power, coal will continue to occupy centre-stage of India's energy scenario.

Indian coal offers a unique eco-friendly fuel source to domestic energy market for the next century and beyond. Hard coal deposit spread over 27 major coalfields, are mainly confined to eastern and south central parts of the country.(See Coal Reserves).The lignite reserves stand at a level around 36 billion tonnes, of which 90 % occur in the southern State of Tamil Nadu.

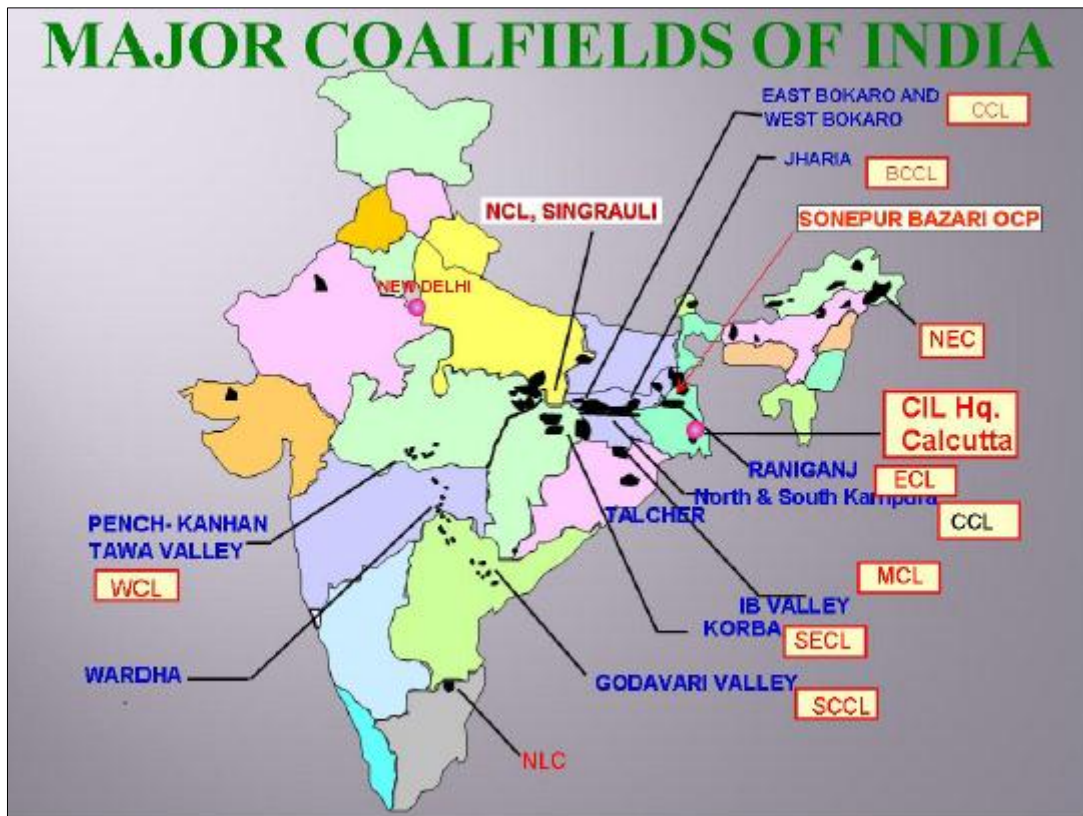

Through sustained programme of investment and greater thrust on application of modern technologies, it has been possible to raise the production of coal from a level of about 70 million tonnes at the time of nationalization of coal mines in early 1970's to 638.05 (Prov.) million tonnes (All India) in 2015-16.

GLOBAL ECONOMIC ENVIRONMENT

INTRODUCTION

Since the Economic Survey and Budget were presented a year ago, the Indian economy has continued to consolidate the gains achieved in restoring macro-economic stability. Inflation, the fiscal deficit, and the current account deficit have all declined, rendering India a relative haven of macro stability in these turbulent times. Economic growth appears to be recovering, albeit at varying speeds across sectors.

At the same time, the upcoming Budget and 2016-17 (FY-2017) economic policy more broadly, will have to contend with an unusually challenging and weak external environment. Although the major international institutions are yet again predicting that global growth will increase from its current subdued level, they assess that risks remain tilted to the downside. This uncertain and fragile outlook will complicate the task of economic management for India.

The risks merit serious attention not least because major financial crises seem to be occurring more frequently. The Latin American debt crisis of 1982, the Asian Financial crisis of the late 1990s, and the Eastern European crisis of 2008 suggested that crises might be occurring once a decade. But then the rapid succession of crises, starting with Global Financial Crisis of 2008 and proceeding to the prolonged European crisis, the mini-crises of 2013, and the China provoked turbulence in 2015 all hinted that the intervals between events are becoming shorter.

This hypothesis could be validated in the immediate future, since identifiable vulnerabilities exist in at least three large emerging economies—China, Brazil, Saudi Arabia—at a time when underlying growth and productivity developments in the advanced economies are soft. More flexible exchange rates, however, could moderate full-blown eruptions into less disruptive but more prolonged volatility.

One tail risk scenario that India must plan for is a major currency re-adjustment in Asia in the wake of a similar adjustment in China; as such an event would spread deflation around the world. Another tail risk scenario could unfold as a consequence of policy actions—say, capital controls taken to respond to curb outflows from large emerging market countries, which would further moderate the growth impulses emanating from them.

In either case, foreign demand is likely to be weak, forcing India—in the short run—to find and activate domestic sources of demand to prevent the growth momentum from weakening. At the very least, a tail risk event would require Indian monetary and fiscal policy not to add to the deflationary impulses from abroad. The consolation would be that weaker oil and commodity prices would help keep inflation and the twin deficits in check.

GLOBAL ECONOMIC OVERVIEW

The global macroeconomic landscape is currently chartering a rough and uncertain terrain characterized by weak growth of world output. The situation has been exacerbated by; (i) declining prices of a number of commodities, with reduction in crude oil prices being the most visible of them, (ii) turbulent financial markets (more so equity markets), and (iii) volatile exchange rates. These conditions reflect extreme risk-aversion behaviour of global investors, thus putting many, and in particular, commodities exporting economies under considerable stress.

One important positive outcome in 2015 is the modest pickup in the growth of some of the advanced economies. However, growth in emerging market and developing economies declined for the fifth consecutive year. As a result, overall global economic activity remained subdued in 2015. In its latest Update of the World Economic Outlook (WEO), published on 19 January 2016, the IMF projected growth in the global economy to improve from 3.1 per cent in 2015, to 3.4 per cent in 2016 and further to 3.6 per cent in 2017. Growth in advanced economies is projected at 2.1 per cent in 2016 and to continue through 2017 at the same rate.

The slowdown and rebalancing of the Chinese economy, lower commodity prices, and strains in some large Emerging Market and Developing economies (EMDE) are likely to continue to weigh on their growth prospects in 2016–17. Assessments indicate that mixed inflation developments in the EMDEs reflect the conflicting implications of weak domestic demand and lower commodity prices versus marked currency depreciations over the past year. The WEO update also indicated that India and the rest of emerging Asia are bright spots, with some other countries facing strong headwinds from China's economic rebalancing and global manufacturing weakness. World trade volume growth projections have been placed at 2.6 per cent and 3.4 per cent respectively for 2015 and 2016, which is much lower than what was estimated earlier in WEO in October 2015.

(Source-Economic Survey 2015-16-Volume II; www.indiabudget.nic.in)

GLOBAL OUTLOOK FOR GROWTH

One important positive outcome in 2015 was the modest pick-up in growth in some of the advanced economies. It might be recalled that after falling in 2009 due to the 2008 global financial crisis, growth in emerging and developing economies rebounded in 2010 and 2011. While advanced economies also exhibited a recovery in 2010 thanks to the large stimuli, global growth continued to be tepid relative to the average of the decade ending 2006, largely on account of the slowdown in advanced economies. Spill over effects of the crisis may have been large, prolonged and bi-directional, given that the global integration is far greater than in the prior decade. This has made the task of projecting global economic outlook arduous. This uncertainty has led to the International Monetary Fund (IMF) revising the global growth outlook in its World Economic Outlook (WEO) four times a year since 2009.

In its latest WEO Update, published on 19 January 2016, the IMF has projected growth in the global economy to go up from 3.1 per cent in 2015 to 3.4 per cent in 2016 and further to 3.6 per cent in 2017, slightly lower than the projection published in October 2015. Growth in advanced economies is

Moving Every Mile With A Smile

revised by 0.2 percentage points in 2016 to 2.1 per cent, to continue through 2017. Growth in the US is expected to remain resilient owing to strengthening of the housing and labour markets. Growth in the euro area is expected to increase due to stronger private consumption supported by lower oil prices and easy financial conditions is expected to outweigh the weakening in net exports. Growth in Japan is also expected to consolidate in 2016, on the back of fiscal support, lower oil prices, accommodative financial conditions, and rising incomes.

Overall global economic activity remained subdued in 2015, as growth in emerging market and developing economies (EMDE) declined for the fifth consecutive year and recovery in advanced economies was modest. This is also attributable to the changing composition of the global economy and relative point contributions to global growth. The fall in the contribution of the EMDEs is not being made good by the advanced economies. A recent feature is that the Chinese economy is gradually slowing down and is transitioning from investment demand to consumption demand and from manufacturing to services. The concern over the spill overs of subdued global growth to other economies through trade channels and weaker commodity prices is manifest in diminishing confidence and increasing volatility in financial markets. In addition, a dual monetary policy—a gradual tightening in monetary policy in the US in the backdrop of its resilient recovery and easy monetary policy in several other major advanced economies has led to continued uncertainties and poses challenges for the year ahead. In the case of EMDEs, growth remained subdued at 4 per cent in 2015, but is projected to increase to 4.3 per cent in 2016 and 4.7 per cent in 2017. The slowdown and rebalancing of the Chinese economy, lower commodity prices, and strains in some large emerging market economies will continue to weigh on growth prospects in 2016–17. Assessments indicate that mixed inflation developments in EMDEs reflect the conflicting implications of weak domestic demand and lower commodity prices versus marked currency depreciations over the past year.

The 19 January WEO Update also indicated that India and the rest of emerging Asia are bright spots, albeit with some countries facing strong headwinds from China's economic rebalancing and global manufacturing weakness. The IMF's growth forecast for India is 7.5 per cent in 2016 and 2017 and this surpasses the projection of 6.3 per cent and 6.0 per cent respectively for China. The level of global economic activity has a significant and direct bearing on the growth prospects of the emerging economies through trade channels. As per the Update, world trade volume growth projections have been placed at 3.4 per cent and 4.1 per cent respectively for 2016 and 2017 lower by 0.7 percentage points to 0.5 percentage point respectively from WEO, October 2015. The World Bank's Report on Global Economic Prospects (January 2016) also estimated that India will grow by a robust 7.8 per cent in 2016 and 7.9 per cent in the following two years. Compared to other major developing countries, the report maintained that India is well positioned to withstand near-term headwinds and volatility in global financial markets due to reduced external vulnerabilities, a strengthening domestic business cycle, and a supportive policy environment.

THE INDIAN ECONOMY

The Indian economy has continued to consolidate the gains achieved in restoring macroeconomic stability. A sense of this turnaround is illustrated by a cross-country comparison. In last year's Survey, we had constructed an overall index of macroeconomic vulnerability, which adds a country's fiscal deficit, current account deficit, and inflation. This index showed that in 2012 India was the most vulnerable of the major emerging market countries. Subsequently, India has made the most dramatic strides in reducing its macro-vulnerability. Since 2013, its index has improved by 5.3 percentage points compared with 0.7 percentage points for China, 0.4 percentage points for all countries in India's investment grade (BBB), and a deterioration of 1.9 percentage points in the case of Brazil (Figure 2).

If macro-economic stability is one key element of assessing a country's attractiveness to investors, its growth rate is another. In last year's Survey we had constructed a simple Rational Investor Ratings Index (RIRI) which combined two elements, growth serving as a gauge for rewards and the macro-economic vulnerability index proxying for risks. The RIRI is depicted in Figure 3; higher levels indicate better performance. As can be seen, India performs well not only in terms of the change of the index but also in terms of the level, which compares favourably to its peers in the BBB investment grade and even its "betters" in the A grade¹. As an investment proposition, India stands out internationally.

REVIEW OF MAJOR DEVELOPMENTS IN INDIAN ECONOMY

In the Advance Estimates of GDP that the Central Statistics Office (CSO) released recently, the growth rate of GDP at constant market prices is projected to increase to 7.6 per cent in 2015-16 from 7.2 per cent in 2014-15, mainly because private final consumption expenditure has accelerated. Similarly, the growth rate of GVA for 2015-16 is estimated at 7.3 per cent vis-à-vis 7.1 per cent in 2014-15. Although agriculture is likely to register low growth for the second year in a row on account of weak monsoons, it has performed better than last year. Industry has shown significant improvement primarily on account of the surprising acceleration in manufacturing (9.5 per cent vis-à-vis 5.5 per cent in 2014-15). Meanwhile, services continue to expand rapidly.

- Even as real growth has been accelerating, nominal growth has been falling, to historically low levels, an unusual trend highlighted in the Mid-Year Economic Analysis (MYEA), 2015-16.
- According to the Advance Estimates, nominal GDP (GVA) is likely to increase by just 8.6 (6.8) per cent in 2015-16.
- In nominal terms, construction is expected to stagnate, while even the dynamic sectors of trade and finance are projected to grow by only 7 to 7 3/4 percent.
- Inflation remains under control The CPI-New Series inflation has fluctuated around 5 1/2 percent, while measures of underlying trends—core inflation, rural wage growth and minimum support price increases—have similarly remained muted. Meanwhile, the WPI has been in negative territory since November 2014, the result of the large falls in international commodity prices, especially oil. As low inflation has taken hold and confidence in price stability has improved, gold imports have largely stabilized, notwithstanding the end of a period of import controls
- Similarly, the external position appears robust. The current account deficit has declined and is at comfortable levels; foreign exchange reserves have risen to US\$351.5 billion in early February 2016, and are well above standard norms for reserve adequacy; net FDI inflows have grown from US\$21.9 billion in April-December 2014-15 to US\$27.7 billion in the same

period of 2015-16; and the nominal value of the rupee, measured against a basket of currencies, has been steady. India was consequently well-positioned to absorb the volatility from the U.S. Federal Reserve actions to normalize monetary policy that occurred in December 2015. Although the rupee has declined against the dollar, it has strengthened against the currencies of its other trading partners.

- The fiscal sector registered three striking successes: on-going fiscal consolidation, improved indirect tax collection efficiency; and an improvement in the quality of spending at all levels of government.
- Government tax revenues are expected to be higher than budgeted levels. Direct taxes grew by 10.7 per cent in the first 9 months (9M) of 2015-16. Indirect taxes were also buoyant. In part, this reflected excise taxes on diesel and petrol and an increase in the Swachh Bharat cess. The central excise duty collection from petroleum products during April to December 2015-16 recorded a growth of 90.5 per cent and stood at Rs.1.3 lakh crore as against Rs. 0.7 lakh crore in the same period last year. Tax performance also reflected an improvement in tax administration because revenues increased even after stripping out the additional revenue measures (ARMs). Indirect tax revenues grew by 10.7 per cent (without ARMs) and 34.2 per cent (with ARMs).
- The main findings are that a welcome shift in the quality of spending has occurred from revenue to investment, and towards social sectors. Aggregate public investment has increased by about 0.6 per cent of GDP in the first 8 months of this fiscal year, with contributions from both the Centre (54 per cent) and states (46 per cent).

DEVELOPMENTS IN THE CAPITAL MARKET

PRIMARY MARKET

In 2015-16 (April-December), resource mobilization through the public and right issues has surged rapidly as compared to the last financial year. During 2015-16 (April- December), 71 companies have accessed the capital market and raised Rs.51,311 crore, compared to Rs.11,581 crore raised through 61 issues during the corresponding period of 2014-15.

The small and medium enterprises (SME) platform of the stock exchange is intended for small and medium sized companies with high growth potential, whose post issue paid-up capital is less than or equal to Rs. 25 crore. During 2015-16 (April- December), 32 companies were listed on the SME platform, raising a total amount of Rs.278 crore as compared to Rs.229 crore raised through 28 issues in the corresponding period of 2014-15.

Resources mobilized by mutual funds during April-December 2015 also increased substantially to Rs.1,61,696 crore from Rs.87,942 crore mobilized during the same period of the previous year.

SECONDARY MARKET

During 2015-16 so far, the Indian securities market has remained subdued (Figure 3.9). The Bombay Stock Exchange (BSE) Sensex declined by 8.5 per cent (up to 5 January 2016) over end-March 2015, mainly on account of turmoil in global equity markets in August 2015 following slowdown in China and its currency devaluation and slump in stocks. On 4 January 2016, weak Chinese manufacturing data again led to a global sell-off which caused the BSE Sensex also to decline by 538 points (2.1 per cent). The downward trend in the Indian stock market was also guided by mixed corporate earnings for Q1 and Q2 of 2015- 16, FPIs' concern over minimum alternative tax (MAT), weakening of the rupee against the US dollar, investor concern over delay in passage of the Goods and Services Tax (GST) Bill, uncertainty over interest rate hike by US Fed and selling by FPIs. However, the Indian equity market has been relatively resilient during this period compared to the other major EMEs. The Indian stock market withstood the US Fed increase in interest rates in December 2015.

INDUSTRIAL PERFORMANCE

The Index of Industrial Production (IIP) which provides quick estimates of the performance of key industrial sectors has started showing upward momentum (Figure 6.1). As per IIP, the industrial sector broadly comprising mining, manufacturing and electricity attained 3.1 per cent growth during April-December 2015-16 as compared to 2.6 per cent during the same period of 2014-15 due to the higher growth in mining and manufacturing sectors (Table 6.1). The mining, manufacturing and electricity sectors grew by 2.3 per cent, 3.1 per cent, and 4.5 per cent respectively during April-December 2015-16. The mining sector growth was mainly on account of higher coal production. The manufacturing sector was propelled by the higher production by the industry groups like furniture; wearing apparel, dressing and dyeing of fur; motor vehicles, trailers & semitrailers; chemicals and chemical products; refined petroleum products & nuclear fuel; and wood & products of wood. The growth in electricity is mainly contributed by higher growth in generation of thermal and nuclear sector.

In terms of use based classification, consumer durable goods have witnessed a remarkable growth at 12.4 per cent during April-December 2015-16. Basic goods and capital goods have registered 3.4 per cent and 1.7 per cent growth with intermediate goods by 1.9 per cent (Table 6.1).

The eight core infrastructure supportive industries, coal, crude oil, natural gas, refinery products, fertilizers, steel, cement and electricity that have a total weight of nearly 38 per cent in the IIP, registered a cumulative growth of 1.9 per cent during April-December 2015-16 as compared to 5.7 per cent during April-December 2014-15. Month-wise performance of the eight core sectors shows that the production of coal and fertilizers have increased substantially, while that of crude oil, natural gas and steel have mostly been negative. Refinery products, cement and electricity have attained moderate growth. Clearances for coal projects have facilitated production of coal. Crude oil and natural gas production declined because of a fall in production by Oil and Natural Gas Corporation (ONGC), Oil India Limited (OIL) and also private/joint venture (JV) companies in different months. In electricity generation, while the thermal and nuclear sectors have registered higher growth, the hydro sector has not performed well.

and the eight core sectors started picking up again in December 2015. It is expected that the uptick in growth rate will be maintained due to revival in manufacturing production.

While the overall IIP has shown recovery, there is variation in the performance of some of the major industries during April-December 2015. While some sectors like electricity, coal, fertilizers, cement and passenger cars have shown positive growth, sectors like steel and aluminium have shown negative growth during April-December 2015.

MICRO SMALL AND MEDIUM ENTERPRISES SECTOR

With 3.6 Crore units spread across the country, that employ 8.05 crore people, Micro, Small and Medium Enterprises (MSME) have a contribution of 37.5 per cent to the country's GDP. The sector has huge potential for helping address structural problems like unemployment, regional imbalances, unequal distribution of national income and wealth across the country. Due to comparatively low capital costs and their forward-backward linkages with other sectors, MSMEs will play a crucial role in the success of the Make in India initiative.

Realizing the importance of the MSME sector, the government has undertaken a number of schemes/programmes like the Prime Minister's Employment Generation Programme (PMEGP), Credit Guarantee Trust Fund for Micro and Small Enterprises (CGTMSE), Credit Linked Capital Subsidy Scheme (CLCSS) for Technology Up gradation, Scheme of Fund for Regeneration of Traditional Industries (SFURTI), and Micro and Small Enterprises- Cluster Development Programme (MSECDP) for the establishment of new enterprises and development of existing ones. Some of the new initiatives undertaken by the government for the promotion and development of MSMEs, are as follows:

- **Udyog Aadhar Memorandum (UAM):** The UAM scheme, which was notified in September 2015 under section 8 of the MSME Development Act 2006, is a path-breaking step to promote ease of doing business for MSMEs. Under the scheme, MSME entrepreneurs just need to file an online entrepreneurs' memorandum to instantly get a unique Udyog Aadhaar Number (UAN). The information sought is on self-certification basis and no supporting documents are required. This marks a significant improvement over the earlier complex and cumbersome procedure.
- **Employment Exchange for Industries:** To facilitate match making between prospective job seekers and employers an employment exchange for industries was launched on June 15, 2015 in line with Digital India. More than 3.42 lakh job seekers have been registered on the portal as on December 30, 2015.
- **Framework for Revival and Rehabilitation of MSMEs:** Under this framework, which was notified in May 2015, banks have to constitute a Committee for Distressed MSME enterprises at zonal or district level to prepare a Corrective Action Plan (CAP) for these units.
- **A scheme for Promoting Innovation and Rural Entrepreneurs (ASPIRE):** ASPIRE was launched on March 16, 2015 with the objective of setting up a network of technology centres and incubation centres to accelerate entrepreneurship and promote start-ups for innovation and entrepreneurship in rural and agriculture based industry.

In addition, the government intends to provide more credit to MSME sectors, especially in the rural areas, focusing on skill development, encouraging entrepreneurial activities with optimistic mind set among rural youth and creating job opportunities among rural women, for high, inclusive and sustained industrial growth.

OUTLOOK FOR GROWTH

Real GDP growth for 2015-16 is expected to be in the 7 to 7^{3/4} range, reflecting various and largely offsetting developments on the demand and supply sides of the Indian economy. Before analysing

these factors, however, it is important to step back and note one important point. India's long-run potential GDP growth is substantial, about 8-10 percent. But its actual growth in the short run will also depend upon global growth and demand. After all, India's exports of manufactured goods and services now constitute about 18 percent of GDP, up from about 11 percent a decade ago.

Reflecting India's growing globalization, the correlation between India's growth rate and that of the world has risen sharply to reasonably high levels. For the period 1991-2002 this correlation was 0.2. Since then, the correlation has doubled to 0.42. In other words, a 1 percentage point decrease in the world growth rate is now associated with a 0.42 percentage point decrease in Indian growth rates.

Accordingly, if the world economy remains weak, India's growth will face considerable headwinds. For example, if the world continues to grow at close to 3 percent over the next few years rather than returning to the buoyant 4-4½ per cent recorded during 2003-2011, India's medium-term growth trajectory could well remain closer to 7-7½ per cent, notwithstanding the government's reform initiatives, rather than rise to the 8-10 per cent that its long-run potential suggests. In other words, in the current global environment, there needs to be a recalibration of growth expectations and consequently of the standards of assessment.

Turning to the outlook for 2016-17, we need to examine each of the components of aggregate demand: exports, consumption, private investment and government.

- To measure the demand for India's exports, we calculate a proxy-weighted average GDP growth rate of India's export partners. The weights are the shares of partner countries in India's exports of goods and services. We find that this proxy for export demand growth declined from 3.0 percent in 2014 to 2.7 per cent in 2015, which helps explain the deceleration in India's non-oil exports, although the severity of the slowdown—in fact, a decline in export volume—went beyond adverse external developments. Current projections by the IMF indicate that trading partner growth this demand will improve marginally this year to about 2.8 percent. But the considerable downside risks suggest that it would be prudent not to count on a big contribution to GDP growth from improving export performance.
- On the domestic side, two factors could boost consumption. If and to the extent that the Seventh Pay Commission (7th PC) is implemented, increased spending from higher wages and allowances of government workers will start flowing through the economy. If, in addition, the monsoon returns to normal, agricultural incomes will improve, with attendant gains for rural consumption, which over the past two years of weak rains has remained depressed.
- Against this, the disappearance of much of last year's oil windfall would work to reduce consumption growth. Current prospects suggest that oil prices (Indian crude basket) might average US\$ 35 per barrel next fiscal year compared with US\$ 45 per barrel in 2015-16. The resulting income gain would amount roughly equivalent to 1 percentage point of GDP – an 18 per cent price decline times a share of net oil imports in GDP of 6 percent. But this would be half the size of last year's gain, so consumption growth would slow on this account next year.
- According to analysis done by Credit Suisse, (non-financial) corporate sector profitability has remained weak, falling by 1 percent in the year to December 2015. This decline reflected a sharp deterioration in the financial health of the metals—primarily steel—companies, which have now joined the ranks of companies under severe financial stress. As a result, the proportion of corporate debt owed by stressed companies, defined as those whose earnings are insufficient to cover their interest obligations, has increased to 41 percent in December 2015, compared to 35 percent in December 2014.³ In response to this stress, companies have once again been compelled to curb their capital expenditures substantially.
- Finally, the path for fiscal consolidation will determine the demand for domestic output from government. The magnitude of the drag on demand and output will be largely equal to the size of consolidation, assuming a multiplier of about 1.

Moving Every Mile With A Smile

- There are three significant downside risks. Turmoil in the global economy could worsen the outlook for exports and tighter financial conditions significantly. Second, if contrary to expectations oil prices rise more than anticipated, this would increase the drag from consumption, both directly, and owing to reduced prospects for monetary easing. Finally, the most serious risk is a combination of the above two factors. This could arise if oil markets are dominated by supply-related factors such as agreements to restrict output by the major producers.
- The one significant upside possibility is a good monsoon. This would increase rural consumption and, to the extent that it dampens price pressures, open up further space for monetary easing.
- Putting these factors together, we expect real GDP growth to be in the 7 to 7 ^{3/4} per cent range, with downside risks because of on-going developments in the world economy. The wider range in the forecast this time reflects the range of possibilities for exogenous developments, from a rebound in agriculture to a full-fledged international crisis; it also reflects uncertainty arising from the divergence between growth in nominal and real aggregates of economic activity.

INDIA'S INCREASING IMPORTANCE TO GLOBAL GROWTH

Despite global headwinds and a truant monsoon, India registered robust growth of 7.2 per cent in 2014-15 and 7.6 per cent in 2015-16, thus becoming the fastest growing major economy in the world. As per the estimates of the International Monetary Fund (IMF), global growth averaged 3.1 per cent in 2015, declining from 3.4 per cent registered in 2014. While growth in advanced economies has improved modestly since 2013, the emerging economies have witnessed a consistently declining trend in growth rate since 2010. It is against this background that the recent Indian growth story appears particularly bright.

India has made striking progress in its contribution to the global growth of Gross Domestic Product (GDP) in Purchasing Power Parity (PPP) terms. PPP represents the number of units of a country's currency required to purchase the same amount of goods and services in the domestic market as the US dollar would purchase in the United States, thus adjusting for purchasing power differentials between currencies in relevant markets. India's contribution to global growth in PPP terms increased from an average of 8.3 per cent during the period 2001 to 2007 to 14.4 per cent in 2014. During the 1990s, the US's contribution to the global GDP growth in PPP terms was, on an average, around 16 percentage points higher than India's. The picture changed dramatically in 2013 and 2014 when India's contribution was higher than that of the US by 2.2 and 2.7 percentage points respectively. During 1991-2014, low growth in Japan (0.9 per cent annually) resulted in its low contribution (1.5 per cent) to global growth. India and China constitute 42.5 per cent and 53.2 per cent respectively of the total PPP measure of the lower-middle income countries and upper-middle income countries; and hence those country groups largely reflect India's and China's patterns.

The global economy—in particular the global growth powerhouse, China—is rebalancing, leading to an increasing role for India. After the onset of the multiple crises in different parts of the world, India's contribution has become much more valuable to the global economy.

India's share in world GDP has increased from an average of 4.8 per cent during 2001-07 to 6.1 per cent during 2008-13 and further to an average of 7.0 per cent during 2014 to 2015 in current PPP terms (IMF). India's resilience and current levels of reasonably strong growth should, thus, be appreciated in the light of its increasing contribution to global growth.

GLOBAL MANUFACTURING SECTOR

Manufacturing Value Added (MVA) growth prospects in 2016

World manufacturing growth is expected to remain low in 2016 due to the general uncertainty in the global economy. Industrialized economies from North America to East Asia are stuck in a low growth trap while the manufacturing growth of a number of emerging industrial economies is also decreasing. Uncertainty caused by Brexit has affected the growth prospects of much of the European economies while the growth performance of manufacturing in the United States has remained lower than expected so far. Among the developing and emerging industrial economies, China's growth continued to drift while manufacturing growth recorded a serious downturn in Latin America.

According to UNIDO estimates, world manufacturing value added is likely to grow by 2.8 per cent in 2016, which indicates that no change will take place compared to 2015. The growth rate for industrialized economies is also expected to be the same as 2015, namely around 1.3 per cent. Manufacturing growth is likely to improve marginally in developing and emerging industrial economies.

(Source: World Manufacturing Production- Statistics for Quarter II, 2016; United Nations Industrial Development Organisation - www.unido.org)

The current impasse has continued too long since the financial crisis of 2008. The long-awaited full recovery of the global economy has not yet occurred. One of the main reasons for the current situation is believed to be the lack of adequate support from the financial sectors. Investment has severely weakened in industrialized economies while foreign direct investment in developing countries remains lower than during the pre-crisis period. Due to the lower industrial growth wage rates are falling with a significant impact on demand, which has consequently pushed commodity prices down, creating a chain of low growth traps.

Most of the leading economies are not expected to break the current cycle of low growth in 2016. Manufacturing growth in the United States is expected to reach 2.3 per cent. In Europe, manufacturing growth may slightly fall to 1.5 per cent in 2016 from 1.6 per cent in 2015, whereas manufacturing production in Japan is likely to decline due to the drop in demand for Japanese goods in international market. Chinese manufacturing growth is expected to reach 6.5 per cent, a slight decrease from 7.0 per cent in 2015. A relatively higher growth of manufacturing value added at 4.7 per cent is expected in ASEAN countries. However, Africa's manufacturing growth is expected to remain low due to the sluggish capital inflow and weakened export rate.

A greater decline in manufacturing growth is expected in Latin America in 2016 due to heightened financial volatilities in the region. The manufacturing value added of Brazil is expected to drop by

Moving Every Mile With A Smile

nearly 10.0 per cent and Argentina's by 3.0 per cent. Total manufacturing value added of Latin America is likely to decrease by 3.1 per cent in 2016.

In general, the 2016 prospects for manufacturing growth are rather bleak. This development poses a serious challenge to international development in the first year of the SDGs which aim to achieve sustainable industrial development with the target of doubling the share of manufacturing in the GDP of least developed countries.

World manufacturing growth in the Second quarter of 2016

The pace of world manufacturing growth has remained slow in the second quarter of 2016 due to the fragile recovery process in industrialized economies and the significantly weakened growth prospects in developing and emerging industrial economies. Ubiquitous uncertainty associated with Brexit accompanied most of the global markets during the second quarter of 2016. However, the direct consequences of the UK's vote on world manufacturing will become visible in ensuing quarters. China, which has emerged as the largest global manufacturer in the aftermath of the protracted economic crisis, has entered a transition period and has witnessed a more balanced growth pace, thus pushing the average industrial growth of emerging industrial economies downward. World manufacturing growth has also been affected by the generally lower growth rate in the United States and Japan, the second and third largest global manufacturers. Increasing pressure associated with financial volatility and falling oil prices has contributed to the instability of manufacturing growth in industrialized economies.

In response to the persistent low growth in manufacturing for a prolonged period, enterprises and policy makers have adopted appropriate structural reforms. However, their impact is yet to be seen. There is currently no clear indication that breaking out of the current low growth trap is imminent. Manufacturing growth in Europe, North America and East Asia remains sluggish. World manufacturing output rose by 2.2 per cent in the second quarter of 2016 compared to the same period of the previous year, which is marginally higher than the 2.1 per cent growth estimated for the first quarter of 2016. The positive growth trends with only minor improvements since the last quarter were observed across country groups (Figure 2).

As depicted in Figure 2, the pace of growth in both country groups exhibits similar trends, but the level of growth has been consistently higher in developing and emerging industrial economies than in industrialized countries.

The quarterly growth rate of industrialized economies increased only marginally to 0.2 per cent in the second quarter of 2016 from 0.1 per cent in the previous quarter. A slight deterioration in growth performance was observed in Europe, where manufacturing output rose by 0.8 per cent in the second quarter of 2016, a growth rate below 1.0 per cent for the first time since late 2013. The growth of manufacturing output in the second quarter of 2016 slowed even more in North America, barely recording a 0.3 per cent gain. East Asia experienced another slump, with manufacturing output dropping by nearly 1.1 per cent in the second quarter of 2016. Production decline was reported in Japan, East Asia's major manufacturer, without any sign of recovery for the manufacturing sector as external demand remains sluggish amid a soaring yen. Production decline in East Asia had a negative impact on manufacturing growth of industrialized countries as a whole.

Manufacturing output in developing and emerging industrial economies slightly increased compared to previous quarters by 4.9 per cent in the second quarter of 2016. Despite this improvement, the risk of another slowdown looms over developing economies as long as economic and political instability persist in industrialized countries. Growth performance varied considerably between the regions - Asian economies persevered, while manufacturing output in Latin America dropped yet increased in Africa compared to the second quarter of 2015. Manufacturing output in Africa rose on account of a significant strengthening of South African manufacturing in the second quarter of 2016. On the contrary, a sharp plunge in production was observed in Brazil as a result of the economic recession

which dragged down the overall manufacturing performance of Latin America in the second quarter of 2016.

(Source: World Manufacturing Production- Statistics for Quarter II, 2016; United Nations Industrial Development Organisation - www.unido.org)

Key Industry Findings for Industrialized economies

Industrialized countries maintained a positive growth rate of manufacturing output overall in the second quarter of 2016, however, the pace has been too slow over a protracted period. The average quarterly growth of industrialized economies in 2015 was below 1.0 per cent, and only 0.2 per cent in the second quarter of 2016 compared to the same period in previous years. Growth in industrialized economies in the second quarter of 2016 was characterized by a moderate, yet noticeable slowdown in Europe and North America and a negative trend in East Asia. This trend has persisted for quite some time, however this time, considering the tremendous uncertainty associated with the results of the recent vote in the UK, the latest quarterly estimates on manufacturing growth may be signalling the onset of a slump.

(Source: World Manufacturing Production- Statistics for Quarter II, 2016; United Nations Industrial Development Organisation - www.unido.org)

Among the industrialized regions, Europe's manufacturing output has grown consistently since 2014, but only by almost 0.9 per cent in the second quarter of 2016 compared to the same period of the previous year. Meanwhile, the eurozone registered a growth rate of 1.0 per cent. At the peak of financial instability, UNIDO's Quarterly Reports presented disaggregated data for the eurozone economies to distinguish its growth trends from the rest of Europe. This difference seems to have disappeared in recent quarters. The growth trends for these two groups converged and nearly merged in the second quarter of 2016, though the growth rate has slowed for both groups to less than 1.0 per cent. Therefore, when comparing Europe and the eurozone, the data for the second quarter of 2016 suggest the degree of resistance to the adverse impacts and the response to them is fairly balanced.

When comparing year-to-year developments, the manufacturing output of three major manufacturers among the eurozone countries recorded a very slight improvement compared to the same period of previous years, specifically Germany recorded a 0.7 per cent growth rate, Italy a 0.5 per cent and France a 0.3 per cent growth rate. Growth figures for the majority of eurozone countries were positive, with strong growth performances observed in Greece, Slovenia, Cyprus and Slovakia. Manufacturing output also rose in Spain (2.3 per cent), in the Netherlands (1.7 per cent) and in Austria (2.5 per cent), but remained almost unchanged in Ireland, primarily due to a high comparison threshold attributable to a remarkable manufacturing expansion in Ireland in 2015.

Moving Every Mile With A Smile

Outside the eurozone, the manufacturing output of the United Kingdom increased by 1.3 per cent in the second quarter of 2016, despite all concerns about the effects of Brexit. Considerable uncertainty affecting business environment confidence and potentially resulting in negative growth of manufacturing output was reversed due to notable growth in automotive manufacturing. The pace of growth receded in some industrialized central European countries such as the Czech Republic or Hungary, reflecting reduced inflows of European Union funds. Although the leading automotive manufacturing industry in the Czech Republic remained resistant to external influences, other industries dragged the country's total manufacturing output down, attaining only 2.4 per cent, which is a relatively large drop compared to the average growth in 2015, which was 6.2 per cent.

The manufacturing output of East European countries demonstrated a relatively higher growth rate of 6.0 per cent in Poland, 3.4 per cent in Romania and 4.3 per cent in Croatia. Among the other economies, Norway's manufacturing sector has taken a long-term hit due to falling oil prices and continued its downward trajectory, recording a decline for a fifth consecutive quarter, while output in the Russian Federation witnessed a positive growth of 1.0 per cent in the second quarter of 2016, which might signal the beginning of a slow recovery of the country's manufacturing sector.

Although the manufacturing sector of the United States has suffered due to weak export growth stemming from a strong dollar and subdued global demand, it is growing at a sluggish pace. An on-going increase was recorded in the production of motor vehicles, but it slowed down significantly compared to the growth rates registered in previous quarters. The total manufacturing output of the United States rose by 0.3 per cent in the second quarter of 2016. The same growth rate was measured as the overall industrial production index of North America. A weak contribution of the machinery and equipment industry compared to the same period of the previous year pulled down Canada's manufacturing sector overall with a slight fall of 0.1 per cent.

Manufacturing output of the industrialized economies of East Asia decreased by 1.1 per cent. Unlike Japan, whose manufacturing sector recorded a negative growth of 1.8 per cent, manufacturing output in Malaysia and Singapore witnessed a gain of 3.9 per cent and 1.2 per cent, respectively, which in both countries was attributable primarily to the nearly 10.0 per cent growth in the manufacturing of computers, electronics and optical products. The Republic of Korea has witnessed almost no change in its manufacturing output compared to the same period of the previous year.

Developing and emerging industrial economies

A slowdown in China and a downturn in Latin America have impacted the overall growth of manufacturing in developing and emerging industrial economies. In the second quarter of 2016, manufacturing production in China rose by 7.2 per cent over the same period of the previous year, which marked a modest slowdown compared to the 7.4 per cent expansion recorded in the previous quarter and represented one of the slowest growth rates since 2005, but not when compared with other economies of the world. Due to strong domestic demand, China's manufacturing has proven resilient to external shocks. Compared to other economies, China has maintained relatively high growth rates under conditions of declining capital inflow and exports.

Latin American economies, on the other hand, were not as resilient and were negatively affected by the subdued global demand for commodities and falling oil prices. The manufacturing production in Latin America dropped by 3.2 per cent, mostly driven by a protracted recession in Brazil, where manufacturing output plunged by 6.7 per cent on a year-to-year basis. Outspread declines were recorded across almost all other larger Latin American manufacturers, namely Mexico, Argentina, Chile and Peru, which reported a decrease by 0.2 per cent, 4.2 per cent, 1.0 per cent and 8.5 per cent, respectively. The only exception among the major economies of the continent was Columbia, which showed persistent positive growth despite the extended manufacturing depression evident across Latin America.

Growth performance was much higher in Asian economies, where manufacturing output rose by 6.5 per cent in the second quarter of 2016. Viet Nam defended its position of one of the fastest growing

Asian economies and maintained a two-digit growth rate in quarterly manufacturing output for the seventh time in a row. At present, though Viet Nam is experiencing the worst drought in the last three decades, its economy is benefitting from the manufacturing industry, which is primarily driven by export-oriented industries such as computers, electronics and optical products that have grown in importance over the last years. Manufacturing output in Indonesia, which recently entered the top-10 largest manufacturers worldwide, grew by 5.6 per cent in the second quarter of 2016. India's manufacturing output, which achieved impressive growth rates in the last quarters, experienced a second slight decline in a row, this time by 0.7 per cent, but the prospects for India's manufacturing are conclusive, since India is on the path to becoming a pivot for high-tech world manufacturing.

Estimates based on the limited available data indicate that manufacturing output in Africa has increased by 2.5 per cent. This respectable increase in growth is attributable to the region's most industrialized economy - South Africa, whose manufacturing production was mainly driven by increasing output in refined petroleum products and chemical products. According to our estimates on growth rates, all developing African economies managed to retain a non-negative growth rate compared to the previous year.

Global manufacturing production maintained a positive growth in nearly all industries in the second quarter of 2016. High and medium-high manufacturing industries held top positions - the production of pharmaceutical products rose by 4.3 per cent, the manufacture of motor vehicles by 4.2 per cent and the production of chemical products by 3.9 per cent. Among other fast growing industries, the production of textiles rose by 3.8 per cent. By contrast, the production of machinery and equipment declined by 1.1 per cent worldwide due to the backdrop of falling investment in capital goods. The biggest loss was recorded by the tobacco industry, with worldwide production declining by 2.6 per cent.

In general, the growth performance of developing and emerging industrial economies was far better in nearly all manufacturing industries, including several high technology industries. The production of computers, electronics and optical products in developing and emerging industrial economies rose by the highest rate of 8.1 per cent, closely followed by a 7.9 per cent growth rate in the production of pharmaceutical products. A significant contribution to the growth of manufacturing of electronics was made by China, India, Poland and Viet Nam.

Disaggregated data by industrialized and developing economies show that the performance of industrialized countries was evenly split among all manufacturing industries according to technological intensity. The fastest growing industry in industrialized economies was the production of motor vehicles which rose by 3.5 per cent in the second quarter of 2016, attributable mostly to the strong performance of European car manufacturers, namely Denmark, Lithuania, the Netherlands, the Czech Republic, Sweden, Spain, Norway and the United Kingdom. All of these countries recorded a two-digit percentage increase compared to the second quarter of 2015. However, the production of motor vehicles in Japan fell in the second quarter of 2016.

As illustrated in Figure 5, developing economies maintained a relatively higher growth rate in the production of basic consumer goods. The manufacture of food products rose by 4.3 per cent, textiles by 5.3 per cent and wearing apparel by 3.1 per cent. Significant growth rates over 9.0 per cent were observed in the production of wearing apparel in Poland, Turkey and Viet Nam. The production of other basic consumer goods also rose at a higher rate in developing economies

Regarding durable and capital goods, the production of fabricated metal products registered one of the highest growth figures at nearly 6.0 per cent in developing and emerging industrial economies. Similarly, the manufacture of other non-metallic mineral products which essentially supply construction materials rose by 5.6 per cent.

MANUFACTURING SECTOR IN INDIA

Introduction

Manufacturing has emerged as one of the high growth sectors in India. Prime Minister of India, Mr Narendra Modi, had launched the 'Make in India' program to place India on the world map as a manufacturing hub and give global recognition to the Indian economy.

India's ranking among the world's 10 largest manufacturing countries has improved by three places to sixth position in 2015#.

The Government of India has set an ambitious target of increasing the contribution of manufacturing output to 25 per cent of Gross Domestic Product (GDP) by 2025, from 16 per cent currently.

Market Size

India's manufacturing sector has the potential to touch US\$ 1 trillion by 2025. There is potential for the sector to account for 25-30 per cent of the country's GDP and create up to 90 million domestic jobs by 2025. Business conditions in the Indian manufacturing sector continue to remain positive.

Investments

In a major boost to the 'Make in India' initiative, the Make in India week which was held in Mumbai between February 13 and 18, 2016, received an overwhelming response from investors. The fair had closed with INR 15.2 trillion (US\$ 225.32 billion) in investment commitments.

With the help of Make in India drive, India is on the path of becoming the hub for hi-tech manufacturing as global giants such as GE, Siemens, HTC, Toshiba, and Boeing have either set up or

are in process of setting up manufacturing plants in India, attracted by India's market of more than a billion consumers and increasing purchasing power.

In September 2016, Foreign Direct Investment (FDI) in electronic manufacturing has reached an all-time high of Rs 123,000 crore (US\$ 18.36 billion) in 2016, from Rs 11,000 crore (US\$ 1.65 billion) in 2014; on the back of enabling policies of the government and its Make in India initiative.

India has become one of the most attractive destinations for investments in the manufacturing sector. Some of the major investments and developments in this sector in the recent past are:

- Huawei, the China-based smartphone manufacturer, has entered into an agreement with solutions provider Flextronics Technologies (India) Private Limited, to manufacture its smartphones in India. Flextronics would start by making 3 million smart phones at its facility in Chennai and is expected to generate additional 1,500 jobs.
- Tristone Flowtech Group, the Germany-based flow technology systems specialist, has set up a new facility in Pune, which will manufacture surge tank as well as engine cooling and aircharge hose for the Indian market. The company plans to start the production at the plant in the fourth quarter of 2017.
- Tata Power has partnered with US-based Javelin Joint Venture, which is a partnership between Raytheon Company and Lockheed Martin, for its Strategic Engineering Division (SED), in order to create a strategy to co-develop and produce the Javelin missile system and integrate platform mounts to meet Indian requirements.
- LeEco, a Chinese technology company, has entered into a partnership with Compal Technologies and invested US\$ 7 million to set up manufacturing facility at Greater Noida in order to start manufacturing Le2 smartphones in India.
- Zopo Mobile, a China-based smartphone manufacturer, plans to invest Rs 100 crore (US\$ 15 million) to set up a manufacturing plant in Noida by the end of 2016, which will have a monthly production capacity of 100,000 units.
- Honda Motorcycle & Scooter India plans to invest around Rs 600 crore (US\$ 88.94 million) to add a new line at its Narsapura facility at Karnataka, and launch at least 10-15 products during FY 2016-17 in the country.
- Force Motors, a utility and commercial vehicles manufacturer, inaugurated its Rs 100 crore (US\$ 14.82 million) manufacturing facility in Pune, which will supply engines and axles to the Germany-based automobile manufacturer Mercedes-Benz.
- Boeing Company, an American plane maker, and Tata Advanced Systems Ltd (TASL), a fully owned subsidiary of Tata Sons, have entered into a joint venture to set up a new facility in Hyderabad to manufacture Boeing AH-64 Apache helicopter fuselages.
- Panasonic Corporation plans to set up a new manufacturing plant for refrigerators in India with an investment of Rs 250 crore (US\$ 37 million), and also invest around Rs 20 crore (US\$ 3 million) on an assembly unit for lithium ion batteries at its existing facility in Jhajjar in the next 8-10 months.
- Vital Paper Products, one of the major supply chain players in the paper and paper products industry, plans to set up a packaging product unit in the Special Economic Zone (SEZ) of Sri City, Andhra Pradesh, at an investment of Rs 60 crore (US\$ 8.89 million), which will be operational from April 2017.
- Isuzu Motors, the Japan-based utility vehicle manufacturer, has inaugurated its greenfield manufacturing unit in Sri City, Andhra Pradesh, which was set up for Rs 3,000 crore (US\$ 444.72 million), with an annual production capacity of 50,000 units and is estimated to generate around 2,000-3,000 jobs.

Moving Every Mile With A Smile

- Airbus has procured more than US\$ 500 million worth of supplies from India in 2015, registering a growth of 15 per cent annually and has targeted a cumulative procurement of more than US\$ 2 billion over a period of five years up to 2020.
- Havells India Limited, one of the top Indian consumer electrical equipment producer, plans to set up a new manufacturing unit near Bengaluru by making an investment of Rs 1,059 crore (US\$ 156.99 million), which would be its twelfth plant in India and its first outside north India.
- Global beverage company Pepsi plans to invest Rs 500 crore (US\$ 74 million) to set up another unit in Maharashtra to make mango, pomegranate and orange-based citrus juices, while biotechnology giant Monsanto plans to set up a seed plant in Buldhana district of Maharashtra.
- Hindustan Coca-Cola Beverages plans to set up a bottling plant with an investment of Rs 750 crore (US\$ 111.2 million) in phases at the first industrial area being developed by Government of Madhya Pradesh under the public private partnership in Babai village of Hoshangabad, Bhopal.
- Canada's Magna International Incorporated has started production at two facilities in Gujarat's Sanand, which will supply auto parts to Ford Motor Co in India and will employ around 600 people at both units.

Government Initiatives

In a bid to push the 'Make in India' initiative to the global level, Mr Narendra Modi, Prime Minister of India, pitched India as a manufacturing destination at the World International Fair in Germany's Hannover in 2015. Mr Modi showcased India as a business friendly destination to attract foreign businesses to invest and manufacture in the country.

The Government of India has taken several initiatives to promote a healthy environment for the growth of manufacturing sector in the country. Some of the notable initiatives and developments are:

- The National Institution for Transforming India (NITI Aayog), after its recent push for Rs 6,000 crore (US\$ 889 million) textile sector package, aims to persuade the Government for similar support in the manufacturing sectors with large-scale employment generation opportunities, such as electrical and electronics engineering, footwear and light manufacturing segments, which also have export potential.
- The Ministry of Labour and Employment plans to relax compliance measures for MSMEs by exempting them from inspections related to key labour laws in order to encourage entrepreneurs to help promote manufacturing in India.
- The Government of India plans to give a big boost to local manufacturing by introducing the new 'Make in India green channel', which will reduce the time taken for cargo clearance at ports from about a week to a few hours without any upfront payment of duties.
- Gujarat government is planning to set up an electronics products manufacturing hub in the state, through its newly announced Electronics Policy 2016, which will generate about 500,000 jobs in the electronics sector in the next five years.
- The Ministry of Heavy industries and Public Enterprises, in partnership with industry associations, has announced creation of a start-up centre and a technology fund for the capital goods sector to provide technical, business and financial resources and services to start-ups in the field of manufacturing and services.
- The Government of India plans to implement a new Defence Procurement Policy (DPP) by April, 2016 under which priority will be given to the indigenously made defence products and 25 per cent share of defence production will be open to private firms.
- The Government plans to organise a 'Make in India week' in Mumbai between February 13-18, 2016 to boost the 'Make in India' initiative and expects 1,000 companies from 10 key sectors to participate in the exhibition of innovative products and processes, a hackathon and sessions on urban planning, among other events.

- NITI Aayog plans to release a blueprint for various technological interventions which need to be incorporated by the Indian manufacturing economy, with a view to have a sustainable edge over competing neighbours like Bangladesh and Vietnam over the long term.
- Ms Nirmala Sitharaman, Minister of State (Independent Charge) for Commerce and Industry, has launched the Technology Acquisition and Development Fund (TADF) under the National Manufacturing Policy (NMP) to facilitate acquisition of Clean, Green and Energy Efficient Technologies, by Micro, Small & Medium Enterprises (MSMEs).
- The Government of India has asked New Delhi's envoys in over 160 countries to focus on economic diplomacy to help government attract investment and transform the 'Make in India' campaign a success to boost growth during the annual heads of mission's conference. Prime Minister, Mr Modi has also utilised the opportunity to brief New Delhi's envoys about the Government's Foreign Policy priority and immediate focus on restoring confidence of foreign investors and augmenting foreign capital inflow to increase growth in manufacturing sector.
- The Government of Uttar Pradesh has secured investment deals valued at Rs 5,000 crore (US\$ 741.2 million) for setting up mobile manufacturing units in the state.
- Government of India has planned to invest US\$ 10 billion in two semiconductor plants in order to facilitate electronics manufacturing in the country.
- Entrepreneurs of small-scale businesses in India will soon be able to avail loans under Pradhan Mantri MUDRA Yojana (PMMY). The three products available under the PMMY include: Shishu - covering loans up to Rs 50,000 (US\$ 735), Kishor - covering loans between Rs 50,000 (US\$ 735) to Rs 0.5 million (US\$ 7,340), and Tarun - covering loans between Rs 0.5 million (US\$ 7,340) and Rs 1 million (US\$ 14,700).

Road Ahead

The Government of India has an ambitious plan to locally manufacture as many as 181 products. The move could help infrastructure sectors such as power, oil and gas, and automobile manufacturing that require large capital expenditure and revive the Rs 1,85,000 crore (US\$ 27.42 billion) Indian capital goods business.

India is an attractive hub for foreign investments in the manufacturing sector. Several mobile phone, luxury and automobile brands, among others, have set up or are looking to establish their manufacturing bases in the country.

With impetus on developing industrial corridors and smart cities, the government aims to ensure holistic development of the nation. The corridors would further assist in integrating, monitoring and developing a conducive environment for the industrial development and will promote advance practices in manufacturing.

DEMAND OF PAPER: INDIAN SCENARIO

Despite the continued focus on digitisation, India's demand for paper is expected to rise 53 per cent in the next six years, primarily due to a sustained increase in the number of school-going children in rural areas.

Growing consumerism, modern retailing, rising literacy (continued government spending on education through the Sarva Shiksha Abhiyan) and the increasing use of documentation will keep demand for writing and printing paper buoyant. "Though India's per capita consumption is quite low

Moving Every Mile With A Smile

compared to global peers, things are looking up and demand is set to rise from the current 13 million tonnes (mt) to an estimated 20 mt by 2020,” said Harsh Pati Singhania, vice-chairman and managing director of JK Paper.

An India Ratings report estimates India’s per capita paper consumption at nine kg, against 22 kg in Indonesia, 25 kg in Malaysia and 42 kg in China. The global average stands at 58 kg.

“This indicates there is a lot of headroom for growth in India. From a demand point of view, every one kg incremental per capita consumption results in additional demand of more than one mt a year. Besides, policy factors also have a key role to play in the growth of the domestic paper industry in India. The government’s sustained focus on literacy, increased consumerism and expansion in organised retail are expected to positively affect paper consumption and demand in India,” said Yogesh Agarwal, managing director and chief executive of Ballarpur Industries.

Digital media has a lot of ground to cover, at least as far as penetration is concerned, primarily in rural areas. Paper is an established business and its consumption is being encouraged. What was heartening was though there were challenges, the packaging side of the segment continued to grow, Agarwal added. In the last five years, the Indian paper sector has invested about Rs 20,000 crore on capacity enhancement, technology upgrade and acquisitions. Now, companies in the sector are seeking to improve their balance sheets. While the sector is eager to expand capacity further, decisions in this regard will depend on how soon companies can improve their financials.

The India Ratings report in 2014-15, said paper companies would achieve higher profitability and free cash flows due to lower capital expenditure, and this would help in deleveraging. This is because the debt levels of these companies have peaked and cost benefits will accrue from backward integration (due to capital expenditure) and a larger scale of operations.

“The capacity expansion that took place in the industry through the last few years is now being absorbed due to the rising demand for paper in India. The sector, which faced challenge from rising input (wood) costs, is now better placed due to a renewed thrust on agro-forestry and softening of pulp costs,” Singhania said.

Commissioning of several state-of-the-art pulp and paper machines such as that seen in the case of JK Paper last year will result in lower operating costs and improved quality.

SERVICE SECTOR IN INDIA

Introduction

The services sector is not only the dominant sector in India’s GDP, but has also attracted significant foreign investment flows, contributed significantly to exports as well as provided large-scale employment. India’s services sector covers a wide variety of activities such as trade, hotel and restaurants, transport, storage and communication, financing, insurance, real estate, business services, community, social and personal services, and services associated with construction.

Market Size

The services sector is the key driver of India’s economic growth. The sector contributed around 66.1 per cent of its Gross Value Added growth in 2015-16, thereby becoming an important net foreign exchange earner and the most attractive sector for FDI (Foreign Direct Investment) inflows.! According to a report by leading research firm Market Research Store, the Indian telecommunication services market is expected to grow by 10.3 per cent year-on-year to reach US\$ 103.9 billion by 2020.

The Indian digital classifieds industry is expected to grow three-fold to reach US\$ 1.2 billion by 2020, driven by growth in horizontal classifieds like online services, real estate and automobiles.# Out of overall services sector, the sub-sector comprising financial services, real estate and professional services contributed US\$ 305.8 billion or 20.5 per cent to the GDP. The sub-sector of community, social and personal services contributed US\$ 188.2 billion or 12.6 per cent to the GDP.

Investments

The Indian services sector has attracted the highest amount of FDI equity inflows in the period April 2000-March 2016, amounting to about US\$ 50.79 billion which is about 17.6 per cent of the total foreign inflows, according to the Department of Industrial Policy and Promotion (DIPP).

Some of the developments and major investments by companies in the services sector in the recent past are as follows:

- Gadgetwood, an on-demand repair services & refurbishment company, has raised US\$ 6 million from private equity fund Carpediem Capital, which will be used for expanding its presence to other geographies, starting with the metros and moving to set up a presence across 10 cities by 2017, and broaden the scope of its repairs capabilities to include, laptops, wearable tech and LEDTVs.
- Online food ordering and delivery service firm Swiggy, owned by Bundl Technologies Private Limited, has raised US\$ 15 million in a fresh funding round led by Bessemer Venture Partners along with existing investors SAIF Partners, Norwest Venture Partners, Accel Partners, and Apoletto Asia.
- Factset, a US-based financial data and analytics firm, plans set up its largest global office at Divyasree Orion Special Economic Zone (SEZ) in Gachibowli, Hyderabad.
- LogixHealth Private Limited, a wholly-owned subsidiary of LogixHealthInc, USA, plans to invest around US\$ 15 million and hire 1,000 people for its upcoming facility in Coimbatore.
- Meru Cab Company Pvt Ltd, the Mumbai-based radio cab service, has raised Rs 150 crore (US\$ 22.37 million) from Brand Capital, the investment arm of Bennett Coleman and Co, which will be used to fund advertising and provide user incentives including discounts and loyalty schemes.
- SSG Capital Management Group, a Hong Kong based Private Equity (PE) investor, has acquired a 40 per cent stake in the logistics company Future Supply Chain Solutions (FSC), for Rs 580 crore (US\$ 86.5 million) from existing shareholders including Future Retail (FRL) and Fung Group, promoted by billionaire Victor Fung.
- Vistra Group Ltd, a Hong Kong-based professional services provider, has acquired IL&FS Trust Company Ltd, India's largest independent corporate trust services provider, which will enable Vistra to expand the platform to provide a broader suite of corporate and fiduciary services and thereby gain a foothold in the Indian corporate services market.
- Pink Blue Supply Solutions Pvt. Ltd, a clinical supplies provider, has raised Rs 1.5 crore (US\$ 0.22 million) in a seed round of funding from TermSheet.io, a transaction-focused service provider for start-ups and investors, which will be used to ramp up technology, improve customer experience and operational capabilities, put in place smart supply chain management across hospitals and clinics, and hire larger teams.
- IcertisInc, a contract management software maker for enterprises based out of Pune and Mumbai in India, has raised US\$ 15 million in series B round of funding from Ignition Partners and Eight Roads Ventures, which will be used to invest in marketing and expand its global operations.
- Of Business, an online marketplace for business-to-business (B2B) commerce, has raised US\$ 5 million in series A funding round led by Matrix Partners India, which will be used to expand the team and build a technology platform for small and medium enterprises (SMEs).
- Credit Analysis and Research (CARE Ratings) has signed Memorandum of Understanding (MoU) with Japan Credit Rating Agency, Ltd (JCR) to collaborate with each other as strategic business partners.
- Shuttle, an Indian bus aggregator platform headquartered in Gurgaon, has raised US\$ 20 million in Series A funding from Light speed, Sequoia India and Times Internet Ltd.
- Indian logistics platform Rivigo has raised US\$ 30 million in debt and equity in Series B financing round, led by SAIF Partners. The firm aims to use the raised funds to achieve its target of scaling 10 times in the next 12 months.

Moving Every Mile With A Smile

- Taxi service aggregator Ola plans to double operations to 200 cities in current fiscal year. The company, which is looking at small towns for growth, also plans to invest in driver eco-system, such as training centers and technology upgrade, besides adding 1,500 to 2,000 women drivers as part of its pink cab service by women for women.

Government Initiatives

The Government of India recognises the importance of promoting growth in services sectors and provides several incentives in wide variety of sectors such as health care, tourism, education, engineering, communications, transportation, information technology, banking, finance, management, among others.

Prime Minister Narendra Modi has stated that India's priority will be to work towards trade facilitation agreement (TFA) for services, which is expected to help in the smooth movement of professionals.

The Government of India has adopted a few initiatives in the recent past. Some of these are as follows:

- The Government of India plans to significantly liberalise its visa regime, including allowing multiple-entry tourist and business visas, which is expected to boost India's services exports.
- Mr Ravi Shakar Prasad, Minister of Communication and Information Technology, announced plan to increase the number of common service centres or e-Seva centres to 250,000 from 150,000 currently to enable village level entrepreneurs to interact with national experts for guidance, besides serving as a e-services distribution point.
- The Central Government is considering a two-rate structure for the goods and service tax(GST), under which key services will be taxed at a lower rate compared to the standard rate, which will help to minimize the impact on consumers due to increase in service tax.
- By December 2016, the Government of India plans to take mobile network to nearly 10 per cent of Indian villages that are still unconnected.
- The Government of India has proposed provide tax benefits for transactions made electronically through credit/debit cards, mobile wallets, net banking and other means, as part of broader strategy to reduce use of cash and thereby constrain the parallel economy operating outside legitimate financial system.
- The Reserve Bank of India (RBI) has allowed third-party white label automated teller machines (ATM) to accept international cards, including international prepaid cards, and has also allowed white label ATMs to tie up with any commercial bank for cash supply.

Road Ahead

Services sector growth is governed by both domestic and global factors. The sector is expected to perform well in FY16. The Indian facilities management market is expected to grow at 17 per cent CAGR between 2015 and 2020 and surpass the \$19 billion mark supported by booming real estate, retail, and hospitality sectors. The performance of trade, hotels and restaurants, and transport, storage and communication sectors are expected to improve in FY17. Loss of growth momentum in commodity-producing sectors had adversely impacted transport and storage sectors over the past two years. The financing, insurance, real estate, and business services sectors are also expected to continue their good run in FY17. The growth performance of the community, social and personal services sector is directly linked with government expenditure and we believe that the government will remain committed to fiscal consolidation in FY16.

LOGISTICS SERVICES MARKET - INDIA

- Services in India are emerging as a prominent sector in terms of contribution to national and states' incomes, trade flows, FDI inflows, and employment
- Logistics services forms an integral part of the overall functioning of the logistics sector
- Inbound logistics concentrates on purchasing and arranging inbound movements of materials, parts, and finished inventory from suppliers to manufacturing or assembly plants, warehouses or retail stores.
- Outbound logistics involves movement of final product and related information flows from the end of the production line to the end user.
- Reverse logistics is the process of moving goods from their typical final destination for the purpose of capturing value, or proper disposal, involving remanufacturing or refurbishing.
- An efficient logistics market would demand integration of services at all points and across all segments.
- Logistics services, an amalgamation of Courier, Freight, Third Party Logistics and Fourth Party Logistics, have significant business earning potential in the domestic market.
- Amongst the segments, courier market shows the maximum growth in terms of CAGR whereas freight forwarding has the largest market size value-wise.
- Third Party and Reverse logistics are emerging markets having huge market potential and scope for expansion

Demand Drivers

- Global Trade Boom
- Rapid Economic Growth and FDI in Logistics
- Growth in Retail Sector
- Rise in e-Tailing
- Increased Demand for consumer Electronics and Durables
- Expansion of Auto and Auto Components Sector

Challenges

- Poor Infrastructure
- Lack of Skilled Manpower
- Warehouse Space Deficit

Government Initiatives

- FDI Regime – Sectors Pertaining to the Freight Forwarding Industry
- Development of the Dedicated Freight Corridor
- Shift to GST Tax Regime
- Shipbuilding Subsidy and Investments
- Government Road Building Programs
- Infrastructure Initiatives through Union Budget

LOGISTICS SERVICES INDUSTRY – MARKET AND SIZE

Services in India are emerging as a prominent sector in terms of contribution to national and states' incomes, trade flows, FDI inflows, and employment. Logistics services form an integral part of the overall functioning of the logistics sector. Inbound logistics concentrates on purchasing and arranging inbound movements of materials, parts, and finished inventory from suppliers to manufacturing or assembly plants, warehouses or retail stores. Outbound logistics involves movement of final product and related information flows from the end of the production line to the end user. Reverse logistics is the process of moving goods from their typical final destination for the purpose of capturing value, or proper disposal, involving remanufacturing or refurbishing. An efficient logistics market would demand integration of services at all points and across all segments.

Major segments of the logistics services market include – Courier Market, Freight Forwarding Market, 3PL Market and Reverse Logistics Market

- Within the segments, Courier market displays the maximum growth potential followed by 3PL market
- Reverse logistics is still at a very nascent stage while Freight Forwarding, occupying the maximum share of the pie, in order to sustain would require substantial diversification of services

(Source: Logistics Services Market– India February 2015 www.netscribes.com)

The contribution from the movement of goods including freight transportation and storage is about 90 per cent. Aggregate freight traffic is estimated at about 2-2.3 trillion tonne kilometres. Road dominates the mode of freight transport mix and constitutes about 60 per cent of the total freight traffic. Rail and coastal shipping account for about 32 per cent and 7 per cent, respectively, while the share of inland waterways transportation and air is less than 1 per cent each.

Warehousing comprises industrial and agricultural storage. Of the total warehousing space of about 1,800 million sq ft, the industrial and agricultural segments constitute about 86 per cent and 14 per cent, respectively. Government organisations including Food Corporation of India, Central Warehousing Corporation and the state warehousing corporations account for about two-thirds of the agricultural warehousing segment¹. Warehousing also includes cold storage, comprising over 5,300 units; most of which are concentrated in the states of Uttar Pradesh, Punjab and West Bengal. According to the Ministry of Agriculture, at present, the cold chain capacity is about 9 million tonnes.

INDIAN LOGISTICS SECTOR – STATISTICAL OVERVIEW

(Source: Motilal Oswal - Logistics Sector Update March 2015 www.motilaloswal.com)

THIRD PARTY LOGISTICS (3PL) SERVICE INDUSTRY

Typically, a core company providing services or products is considered the first party; the customer, the second party. A third-party, then, is a firm hired to do that which neither the first or second party desires to do. A third-party logistics firm is a firm that provides outsourced or “third party” logistics

Moving Every Mile With A Smile

services to companies for some portion or all of their supply chain management functions. 3PL typically specializes in custom clearance, Freight Forwarding, Warehousing, transportation services that can be customized to customer needs and demand.

The 3PL industry evolved in the 1970's when during a time of expanding globalization and an increased use of information technology (Song & Regan, Industries in Transition: Freight Transport Intermediaries in the Information Age, 2001). The first generation 3PL's (1970's-1980's) offered services such as transportation, brokerage, and shipping. Second-generation 3PL's (1980-1990) were mostly asset or non-asset based companies with increased service offerings. The third-generation-3PL's (2000 onwards) were mostly web-based 3PL's with increased supply chain integration (Nemo to & Koichiro, Advantage of 3PL in SCM, 2007).

Third-party logistics (3PL) is gaining importance as more and more organisations across the world are outsourcing logistics activities to the 3PL service providers. By outsourcing logistics activities, organisations are able to not only concentrate on their core business operations, but also achieve cost-efficiency and improve delivery performance and customer satisfaction. The 3PL market in India was under-developed and highly fragmented. However, recent trends show that the Indian market has come of age with small family-run businesses giving way/progressing to professional-run corporate enterprises. This refreshing change is indeed a welcome sign for the growth, as professionalism can go a long way in building efficiencies and reducing costs.

(Source: *3PL Services in India: Challenges, Opportunities and Recommendations - A Study at IIFT* www.iift.edu)

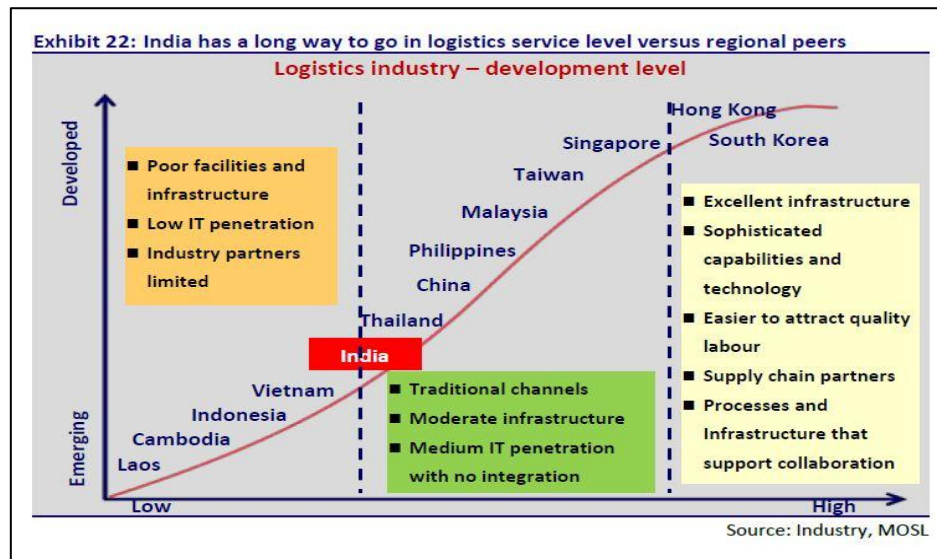

The Indian logistics market is likely to witness consistent growth of around 6-7 % every year during the period 2014-2020 and reach revenues of about US \$150-\$160 billion by 2020.

INDIAN LOGISTICS INDUSTRY – DEVELOPMENT LEVEL

(Source: Motilal Oswal - Logistics Sector Update March 2015 www.motilaloswal.com)

IMPACT OF GST ON LOGISTICS SERVICE PROVIDERS (LSPs)

In general, LSPs are likely to need restructuring of their assets and operations to create an optimal network and infrastructure for fulfilling changed operations of customers in the new scenario. LSPs serving any specific industry would have to realign their operations to match the restructuring of those respective industries.

At present, LSPs have warehouses located closer to the major distribution centers or manufacturing plants of key clients, even if the locations are logistically unviable. In post GST scenario, LSPs are expected to build large integrated warehouses in specific well connected 'central geographic locations in each region' which can be termed as logistically suitable locations.

Currently the transportation volumes are not uniformly distributed across the country for any LSP due to regulatory controls on goods transfer and usage of different LSPs for each region by the clients. The scenario of free-flowing movement of goods across the country due to GST would result in LSPs gaining larger volumes and nationwide contracts from clients.

In addition, currently most LSPs have a large share of medium sized trucks (8-16 ton carriers) in their fleet and a very low share of large truck-trailers or small trucks. To fulfil the large and long-distance consignments in the new scenario, LSPs would need a significantly larger share of heavy trucks (above 20 ton carriers), and also mini-trucks to fulfil last mile delivery efficiently.

Expected Major Benefits and Challenges Due to GST

GST Based on the potential impact of GST, a few major benefits and challenges for the logistics sector as a whole has been listed below:

Moving Every Mile With A Smile

Exhibit 4: Expected Major Benefits and Challenges for Logistics Sector Due to GST

Major Benefits	Major Challenges
Primary and secondary distribution activities might get streamlined	Understanding the new tax structure could be highly challenging, especially for LSPs serving multiple user industries
Interstate movement will become simplified and presume importance	Obtaining / establishing regional distribution hub infrastructure in optimal locations could mean high investment burden / risk
Simplified distribution network with optimal regional warehousing hubs supported by satellite facilities	Need to revamp fleets, get new mix of vehicles etc., could mean a large investment burden / risk
Rationalization or revamp of transportation fleets	Matching the realignments in transport routes and volumes of goods would be major challenge
Immense scope for optimizations of costs	Will lead to national level competition for smaller companies which were protected earlier

OUR BUSINESS

OVERVIEW

Incorporated in 2006, our Company, Maheshwari Logistics Limited is engaged in providing logistics services, supplying of non-coking coal, manufacturing of kraft paper and trading in a variety of papers. We have our registered office and paper manufacturing facility situated at Gujarat. Further we have 6 branch offices which are situated at Gujarat and Rajasthan.

Set up by Maheshwari and Kabra Group, our Company offers a diversified business model, covering three different sectors ranging from logistics services to fuel to paper. The experience and trade relations developed by our promoters and management have been one of the key instrumental factors in the growth of our Company. With the vision and dedication of our management we have been able to accomplish a revenue growth of more than 80% in past 5 years and achieve a turnover of more than Rs. 600 crores during financial year 2015-16.

Our Company started out with logistics services and over the years have developed a strong clientele network in the sector. We primarily offer full truck load freight services to large and medium size companies mainly across the state of Gujarat and Rajasthan. We have also extended our logistics arm in state of Maharashtra and Madhya Pradesh. We use our own trucks as well as hire third party transportation services for carrying out our logistics operations. As on date of Prospectus, we have a fleet of more than 60 trucks and an association with more than 1,000 trucks through third parties. We have also set up a full maintenance workshop for all our vehicles at Nimbahera and Jamnagar. Our goods transportation services serves a broad range of industries, with our customer belonging to cement, paper, textiles, fertilisers, etc. industries. For the year ended March 31, 2016, our logistics services contributed 36.62% to our total revenue from operations.

Along with logistics services, our Company ventured into trading of non-coking coal. We procure coal either through direct imports or through high seas purchases from other importers. We have also installed a screening plant at Vapi for sizing imported as well as indigenous coal for our customers who have specific requirement of sized coal. It is our endeavour to supply different varieties of coal to meet the necessary requirements of our customers who are operating in diverse industries. For the year ended March 31, 2016, our revenue from coal trading contributed to 51.43% of our total revenue from operations.

Our paper journey began with trading of variety of papers. With gaining an insight of the industry coupled with an available opportunity, our Company ventured into manufacturing of Kraft Paper in 2015 by purchasing business vide a business transfer agreement dated September 30, 2015 from M/s. Daman Ganga Recycled Resources LLP. We further entered into a tripartite job work cum plant and equipment operating agreement with Daman Ganga Papers Limited and Daman Ganga Recycled Resources LLP for a period of 20 years. This manufacturing facility is spread over an area of 45,000 square metres and is equipped with the necessary plant & equipments. At present, it has a manufacturing capacity of 750 lakhs kg p.a. Within a short span of time, our Company has been able to create a demand for its manufactured products. From October 2015 to March 2016, our Company generated a turnover of Rs. 4,600.87 lakhs sale of manufactured products.

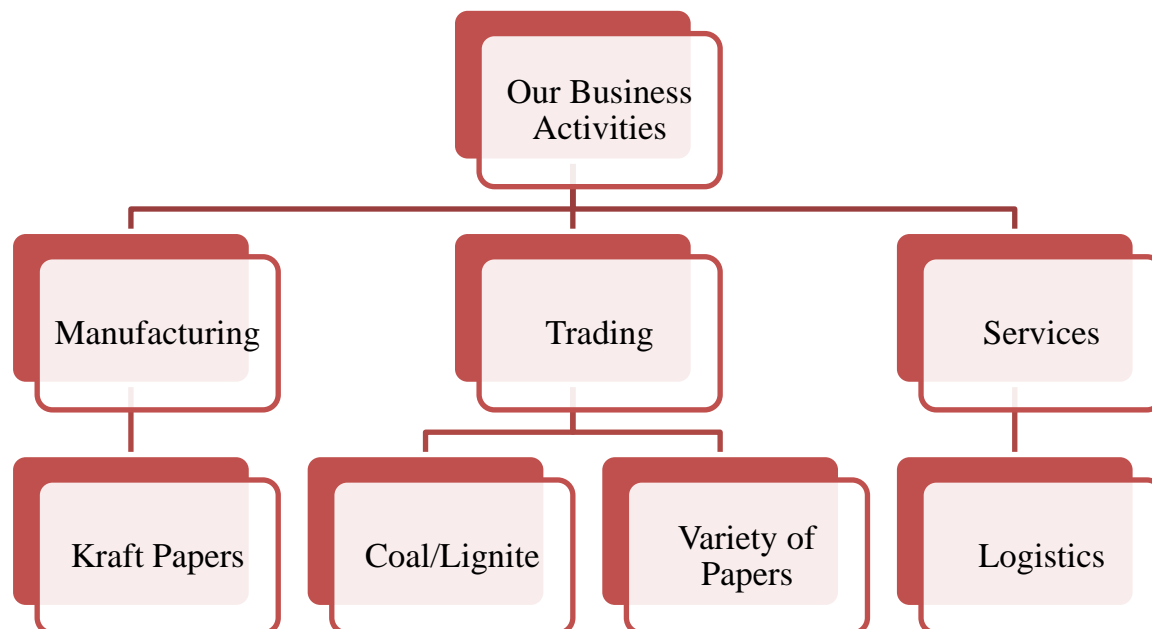

We endeavour to satisfy customer by continuous improvement through process innovation and quality maintenance. We aim to grow our operations on PAN India basis and make our brand as a distinguished name in industry.

Moving Every Mile With A Smile

OUR BUSINESS ACTIVITIES

Our Company is engaged in manufacturing, trading as well as service activities. On the basis of these activities, our business can be classified as follows:

Manufacturing - Kraft Papers

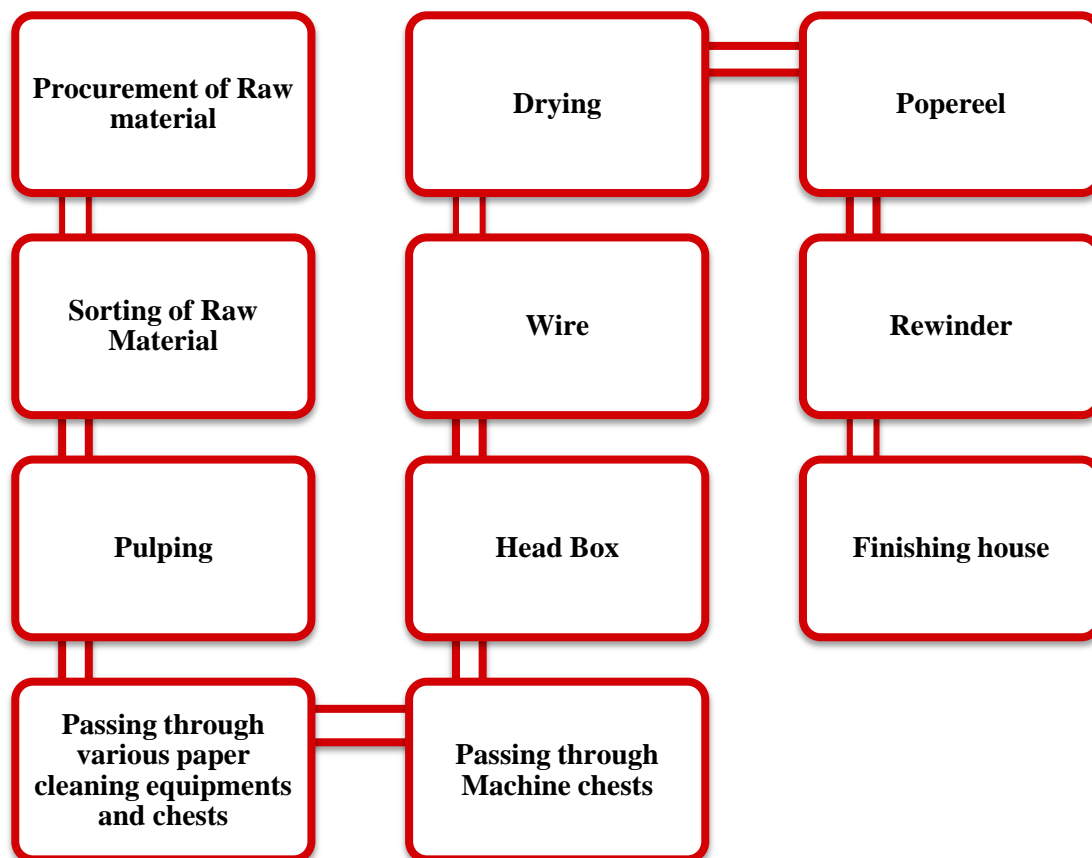

Our initial concentration in paper industry was limited to routine trading activities. However, after gaining an insight of the industry and evaluating demand of kraft paper, our Company in 2015 ventured into manufacturing of Kraft Paper by purchasing business vide a business transfer agreement dated September 30, 2015 from M/s. Daman Ganga Recycled Resources LLP. We further entered into a tripartite job work cum plant and equipment operating agreement with Daman Ganga Papers Limited and Daman Ganga Recycled Resources LLP for a period of 20 years. Our Company has then invested significant resources in repairs, refurbishing and as capital expenditure for upgradation of some of the machineries, in a bid to enhance our capacity utilisation, make optimal use of resources and cater to the available demand opportunities. With the upgraded plant and equipments, we were able to expand our installed capacity from around 540 lakh kg p.a. to an installed capacity of 750 lakhs kg p.a. Our manufacturing facility operates in 3 shifts. Considering the manual intervention and other downtime, we have been able to manufacture around 206 lakh kgs during the last half of FY 2015-16. We have more than 150 employees at our manufacturing facility who are either on our own payrolls or on contractual basis. We also offer housing facilities to some of our labourers.

A brief description of our manufacturing process can be summarised as under:

OUR MANUFACTURING PROCESS

Our manufacturing process for Kraft paper is as follows:

Procurement and Sorting of Raw Material

Our primary raw material is waste paper. We procure raw material from various scrap dealers and other suppliers locally. Waste paper is sorted manually to remove impurities and then transported to the hydro pulper.

Pulping

The sorted waste paper is fed through conveyor into pulper, wherein with the addition of water in the hydra pulper the waste paper is slushed to form pulp. Pulping involves separation of fibers from raw material and its cleaning. The slurry so obtained is passed through high density cleaner where grit and sand is removed. Further impurities like stapler pins, plastic, etc. are also removed in this step. To remove light plastic articles, the pulp is sent through turbo separator after which the pulp is thickened to a defined consistency level and fed through refiners to obtain the requisite degree of fineness. The waste paper pulp is taken to the next section.

Cleaning

The pulp is then passed through a series of equipment viz., turbo separators, CH Screens where other unwanted materials are removed. The pulp so obtained is then passed through Centri cleaners and Pressure Screen. The pulp is then sorted and given necessary agitation and then refined. The pulp is also treated with chemicals and necessary filling materials and dyes are added to it. The requirement of various chemicals and the quality varies with variety of paper to be produced. The pulp so obtained is taken to machine chest and then to Head Box.

Wire, drying and pressing

Pulp enters the paper machine Head Box at a consistency of 1.5% to 1.6%. The pulp stored in the Head Box is then made pass through wire, wherein an endless wire mesh running on rolls will continuously drain water from the pulp. Application of vacuum in the Hydrofoils positioned under the wire enables removal of water and the pulp now forms into a wet mat. The sheet is then passed through pre-dryers for heating with steam, then through size Press where paper get dimensional stability, then through post dryers where the sheet is dried and finally passed through pope reeler for reeling. The final moisture context in paper is about 6 to 7%.

Cutting, finishing and dispatch

Various grades of paper with different GSM and BF are manufactured by adjusting the valve and sluices at the Head Box. The parent roll is then cut into required sizes as per customers requirements and then packed and dispatched to them.

Such kraft papers usually find application in corrugated box manufacturing which are used by all the industrial as well as commercial packaging units.

Trading - Other variety of papers: We started with trading in a variety of papers such as waste papers, kraft papers, etc. before venturing into manufacturing of kraft papers. We still continue with our paper trading activities according to the business opportunities available.

In fiscal 2014, 2015, 2016 and in the six months ended September 30, 2016 our total revenues from paper business was 3,371.00 Lakhs, 2,516.90 lakhs, 5403.83 lakhs and 4,879.78 lakhs, respectively, and contributed 8.14%, 4.72%, 8.98% and 14.59%, respectively, of our revenue from operations in these periods.

Trading – Non-coking Coal

At present, we deal only in non-coking coal. We procure such coal either through imports or through high seas purchases from other importers. In case of direct imports, we mainly import from Singapore. Since our customers demand different varieties of coal in terms of their Gross Calorific Value, Moisture Levels, Sulphur & Ash Contents we often enter into arrangements with different vendors for procuring different varieties of coal through imports. We have also installed a screening plant at Vapi for sizing imported as well as indigenous coal for our customers who have specific requirement of sized coal. We have 4 in house loaders to provide faster loading so that our customers can try and run their plants on Just In Time (JIT) inventory system, which helps them to reduce their inventory investment as well as storage costs. Non-coking coal being a cheap source of energy and containing lower sulphur content than its peers has never faced downfall in demand. Our product mainly finds application in industries which have captive power plant installed and we have been catering to diverse industrial sectors such as textiles, paper, pharmaceuticals, tiles etc. At present, we are majorly supplying coal in the state of Gujarat. Since we have our own logistic services, we have a competitive edge over our competitors wherein we offer to deliver their order at their doorstep, thus making them avoid the hassle of transportation arrangements. In fiscal 2014, 2015, 2016 and in the six months ended September 30, 2016 our total revenues from coal business was Rs. 24,300.70 lakhs, Rs. 32,476.24 lakhs, Rs. 30,938.47 lakhs and Rs. 13,736.38 lakhs, respectively, which contributed 58.64%, 60.88%, 51.43% and 41.06%, respectively, of our total revenue from operations in these periods.

Services – Logistics

Our goods transportation business is carried under the banner of “Maheshwari Logistics”. We offer full truck load (‘FTL’) freight services by making available trucks with material carrying capacity ranging from 16 tonnes to 35 tonnes, to various clients across different sectors. Our logistics business serves a broad range of industries, with companies belonging to cement, paper, fertilisers, textile and tiles industry being our major clients. We offer our customers with the flexibility to transport their goods by making available different capacities of trucks over broad range of distances. To carry out

our logistics operations, we have our own fleet of trucks and network of third party transportation services providers. As on the date of the Prospectus, we have more than 60 trucks and a network with third party transportation services providers giving us an access to more than 1,000 trucks. Our logistics operations are mainly carried out throughout the state of Gujarat and Rajasthan. We have also been exploring the state of Maharashtra and Madhya Pradesh and have started extending our services in these regions as well. We believe that our ability to provide transportation services for large volume of goods at competitive prices and time bound deliveries with a reliable reputation plays a key strength in our logistics operations.

We provide FTL services to our customers through our broad network of branches as well as through a network of independent third party transportation service providers with whom we have developed relations over the years. We provide point to point FTL services to our customers, in which the goods are loaded on to our vehicles at various locations including refineries, ports etc. and then delivered to their specified destination. This service is typically used by manufacturers that require large quantities of goods to be transported. Our associates complement our own branch network by enabling access to customers that require FTL services. In fiscal 2014, 2015, 2016 and in the six months ended September 30, 2016 our revenues from the logistics services business was Rs. 12,631.72 lakhs, Rs. 16,667.14 lakhs, Rs. 22,028.50 lakhs and Rs. 13,985.65 lakhs, respectively which contributed 30.48%, 31.24%, 36.62% and 41.81%, respectively, of our total revenue from operations in these periods.

We secure contracts in logistics operations either through tender basis or through one to one negotiation. The pricing of our services in goods transportation is determined on the basis of quantity of the consignment, duration within which it needs to be delivered as well as the distance to the delivery point. In case of tenders, we make competitive bids and based on our bids, capability to deliver committed quantities and performance history, we are awarded with the contracts. In other cases, the prices are determined by negotiating directly with the client. In general, our services are provided to the customers on credit and we maintain an ongoing account of receivables from customers. The customers generally settle the account on periodic basis. We have a diverse mix of clients across different industry sectors. Since we are prominently into FTL services, our clients belong from medium to large companies. In fiscal 2016, our top ten customers represented 66.68% of our revenue from logistics operations. Although our top customers may vary from one reporting period to another depending on the unique requirements of a particular industry segment or individual customer, we believe, we have experienced a high degree of returning customers over the years. We believe that the high levels of customer retention and growth in the number of customers reflects the value proposition we provide and positions us for further growth.

We have a full maintenance set up for all vehicles in Nimbahera and Jamnagar. We also have our in house mechanics to ensure timely service as well as faster uptime of our vehicles resulting into provision of efficient services to all our clients and adhering to all safety norms. Operating a well-maintained fleet enables us to minimize downtime due to repairs and resulting service interruptions. The age and other attributes of our fleet also enhance our ability to attract drivers, increase fuel efficiency and minimize breakdowns. We procure spare parts and consumables required for maintenance of our own fleet through third parties and authorised dealers of truck manufacturers.

Safety is our top most priority and we are bounded by it. We keep regular workshops at our premises in order to train our drivers on “Importance of Safety” and our representatives have also attended various safety meets organized by top cement companies as well as truck manufacturing companies. During the transportation period, our drivers are instructed to exercise due care and avoid acts of negligence to prevent loss of goods and lives. We have also obtained third party insurance to indemnify ourselves in case of mishaps.

Goods Transportation Process

Our business process starts with bidding for tenders in case of contracts which are awarded through tenders or negotiating with customers on one to one basis in case of clients who approaches us directly. Once the contract is tendered in our favour, client issues work order specifying his requirements with

Moving Every Mile With A Smile

respect to quantity of the goods to be consigned, time frame within which it should be consigned, periodic intervals of consignment, pick up and drop destinations, etc. On the basis of the work order, a delivery order is issued in our favour by our clients to parties from whom they have purchased goods and needs to collect the assignment. Post receipt of delivery order, we do scheduling of the order wherein it is decided how many loads of truck within what period has to be dispatched and start making placement of trucks. The trucks then collect the consignment from the pick up location specified and drop the same at the specified location by the client. Once the consignment is unloaded, our responsibility with respect to the consignment is completed. We do billing at periodic intervals on basis of the terms of contract. In order to strengthen our transportation network, we have also set up 6 branches located in the state of Gujarat and Rajasthan so as to achieve cost efficiencies and offer better services to clients.

Port Services

In addition to our principal business described above, we have also been consistently offering port services for the past few years of operations. Port services are offered to the customers who purchase on High Seas Sale basis. We provide them with facilities to file Bill of Entry, make Custom Duty Payments, Clearance of Material from Customs and Handling their material on port which includes unloading, stacking and despatching. In fiscal 2014, 2015, 2016 and in the six months ended September 30, 2016 our revenues from port services business was Rs. 793.24 lakhs, Rs. 1,636.12 lakhs, Rs. 1,614.63 lakhs and Rs. 776.61 lakhs, respectively which contributed 1.91%, 3.07%, 2.68% and 2.32%, respectively, of our total revenue from operations in these periods.

OUR COMPETITIVE STRENGTHS

1) Diversified business model and customer base

In this dynamic and extremely competitive environment, we have developed a diversified business model with our offerings ranging from paper to coal to logistics services. We have been successfully catering to the different sectors during our past year of operations. Our historic revenue mix also signifies that we have been able to maintain a considerable market in all our area of products and services. Such diversified business model reduces our dependency on a particular industry and ensures flow of revenues throughout the year. Further a diversified business model gives us a competitive edge as we are able to integrate our operations where required and achieve synergy in operations. Our port services are an example of such integration wherein we offer logistics services to deliver imported coal from port to customer's location.

Also we serve a diverse mix of end markets across several industry sectors. In our logistics service operation, we cater to cement, papers, textiles, fertilizers, etc. industry. Our product non coking coal mainly finds application in industries which has captive power plant installed and we have been catering to diverse industrial sectors such as textiles, paper, pharmaceuticals, etc. with such product. Further our manufactured kraft papers usually are used in corrugated box manufacturing which are used by all the industrial as well as commercial packaging units.

We believe that our differentiated product and service offerings has enables us to built a sustainable business model which is reflected in our growth in revenue of more than 80% during past five years of operations.

2) Our experienced management and dedicated employee base

We have an experienced management having more than a decade experience in the business. It is through the constant efforts and experience of our management team that we have been able to build a sustainable business model. Our management has developed cordial relationships with suppliers and customers and has woven a strong clientele network for us over the years. The vision and dedication of our management team lays down the principles of our growth. Further since we operate in three different sectors, we have also employed people who have requisite technical competence and qualifications for each type of sector we cater to. With respect to

Moving Every Mile With A Smile

logistics operations, our Company has developed strategies enabling them to recruit and retain experienced drivers. We strongly believe that the success of our organization lies in the efforts of our human resources.

3) Large fleet of owned vehicles. association with third party transportation service providers and in house workshops for vehicles

We provide FTL services to our customers through our broad network of branches as well as through a network of independent third party transportation service providers that we have developed a relationship with over the years. As on date of the Prospectus, we have our own fleet of more than 70 vehicles. Further we have association with many third party transportation service providers thereby providing us access to more than 1,000 trucks. With access to such high number of vehicles, we are able to take up and execute large orders and serve large sized companies. We have been regularly catering to some of the recognised companies in cement and paper sector with our transportation services. Further we have a full maintenance set up for all vehicles in Nimbahera and Jamnagar. We also have our in house mechanics to ensure timely service as well as faster uptime of our vehicles resulting into provision of efficient services to all our clients and adhering to all safety norms. Our regular and periodic preventive maintenance measures ensure longer vehicle life and provide a higher degree of performance reliability. We believe that these facilities reduce expensive on-road repairs and out-of-route trips and minimize downtime due to breakdown, repairs and resulting service interruptions.

4) Owned manufacturing facility for kraft papers

We have recently ventured into manufacturing of kraft papers in 2015 with acquisition of business from Daman Ganga Recycled Resources LLP and entering into a Plant & equipment operating tripartite agreement with Daman Ganga Paper Limited and Daman Ganga Recycled Resources LLP. This facility is spread over 45,000 square metres and is equipped with requisite plant and machineries. At the time of acquisition, it had an installed capacity of 54,000 mt p.a. We then invested significant resources in upgradation and modernization of plant & machinery and were successful in enhancing the capacity to 75,000 mt p.a. We feel that we shall be able to create sufficient demand for our product and make optimal use of our installed capacity in due course of time. We also have in house accommodation facilities for some of our labourers.

5) Customer satisfaction

Our Company focuses on attaining highest level of customer satisfaction. The progress achieved by us is largely due to our ability to address and exceed customer satisfaction. Our Company has always believed in assessing the customer demands from time to time and providing customers with the requisite products and services. We believe that the high levels of customer retention and growth in the number of customers reflects the value proposition we provide and positions us for further growth.

6) Our widespread logistics network

At present, we have 6 branch offices across state of Gujarat and Rajasthan to ensure smooth flow of our logistics operations. We believe that our branch offices help us to consolidate and distribute our consignments in a better manner. These offices also help us in booking of clients at times. This operating model also enables us to cater to a wide range of customers and maximise our FTL freight revenue per operating vehicle.

COLLABORATIONS

As on date of the Prospectus, our Company has not entered into any collaboration agreements.

EXPORT AND EXPORT OBLIGATIONS

Our Company does not have any export obligation as on the date of the Prospectus.

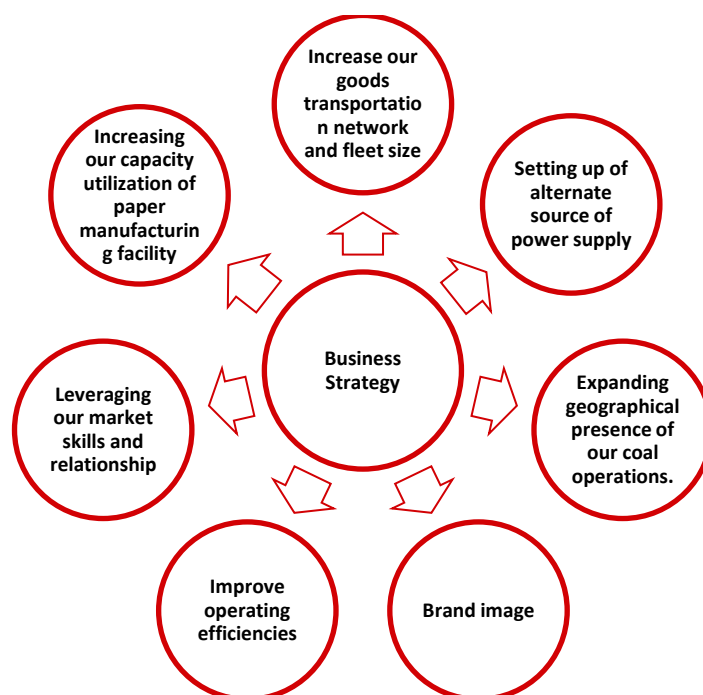

HUMAN RESOURCE

We believe that our employees are key contributors to our business success. We focus on attracting and retaining best possible talent. Our Company looks for specific skill-sets, interests and background that would be an asset for its kind of business.

As on September 30, 2016 our Company has more than 80 employees at our offices and more than 130 employees at our paper manufacturing facility. We also employ contract, casual or temporary labour on need basis. Further our Company has appointed a Company Secretary and Compliance officer on December 01, 2016. Our manpower is a prudent mix of the experienced and youth which gives us the dual advantage of stability and growth. Our work processes and skilled/semi-skilled/unskilled resources together with our strong management team have enabled us to successfully implement our growth plans.

BUSINESS STRATEGY

We envisage long term growth by supplying qualitative products and efficient services and building long term relations with customers. In line with this vision, our Company is implementing a business strategy with the following key components. Our strategy will be to focus on capitalizing on our core strengths and expanding the operations of our business. We intend to focus on our existing range of products and services with specific emphasis on the following factors as business and growth strategy:

1) Increase our goods transportation network and fleet size

We intend to widen our goods transportation network by exploring new regions and increasing our fleet size. As on date, we majorly cover state of Gujarat & Rajasthan and have started exploring state of Maharashtra and Madhya Pradesh. Further we have a fleet of more than 60 trucks and 6 branch offices. We intend to expand our logistics services on PAN India basis by increasing our fleet size as well as our network of branch offices.

2) Setting up of alternate source of power supply at our paper manufacturing facility

As on the date of the Prospectus, we meet our power requirements by purchasing the same from state government. We have a sanctioned load of 2,500 KVAH for our manufacturing facility. We suffer a significant high electricity cost in view of our consumption requirements at our manufacturing facility. To strategically lower our electricity costs, we intend to install a power turbine at our manufacturing facility. This plant shall enable us to reduce our operating costs per

Moving Every Mile With A Smile

unit and offer our product at better prices, overall leading to improved profit margins. Further we shall also be able to enhance our capacity utilization with the installation of such power turbine plant.

3) Expanding geographical presence of our coal operations.

At present, we mainly conduct our coal operations with the opportunities available at the western port. We aim to expand our coal operations by exploring opportunities available across other ports as well. Since we have in house logistics services, we would be in a better position at initial phase, to undertake this step without compromising on margins. Demand for non-coking coal is intense throughout the country and we aim to satisfy such demand on a larger scale by expanding our geographical presence.

4) Brand image

We would continue to associate ourselves with good quality customers and execute projects to their utmost satisfaction. We are highly conscious about our brand image and intend to continue our brand building exercise by providing excellent services to the satisfaction of the customers.

5) Continue to improve operating efficiencies through technology enhancements

We continue to further develop our technology systems to increase asset productivity, operating efficiencies and strengthen our competitive position. We believe that our in-house technology capabilities will continue to play a key role in effectively managing our operations and expanding them on Pan India basis, maintain strict operational and fiscal controls and continue to enhance customer service levels.

We intend to continue to invest in our in-house technology capabilities to develop customized systems and processes to ensure effective management control. We continue to focus on further strengthening our operational and fiscal controls.

6) Leveraging our market skills and relationship

Leveraging our market skills and relationships is a continuous process in our organization and the skills that we impart in our people give importance to customers. We aim to do this by leveraging our marketing skills and relationships and further enhancing customer satisfaction.

7) Increasing our capacity utilization of paper manufacturing facility

Since we have recently acquired our paper manufacturing facility and invested in significant resources thereon to upgrade machineries, resulting in enhanced installed capacity, we aim at utilising higher installation capacity thereby expanding our paper operations. We believe that we shall be able to create sufficient demand for our products as we seek to capitalise the customer base we have developed over the years through our paper trading activities.

**CAPACITY AND CAPACITY UTILISATION**

The Productwise capacity is as follows:

Product Name	Installed (mt)	Actual			Projected

COMPETITION

Since we are engaged in three different sectors, we do not have any listed competitor with a similar diversified business model as ours. All the sectors we operate in i.e. coal, paper and logistics individually are a large and global industry, and thus in each of these sectors, we face competition from various domestic and international players. Particularly, the logistics and paper industry to which we cater to is highly competitive, unorganized and fragmented with many small and medium-sized companies and entities and we compete with organized as well as unorganized sector on the basis of availability of product, product quality, reliable services, etc.

We intend to continue competing vigorously to capture more market share and manage our growth in an optimal way.

Customs Act, 1962

The provisions of the Customs Act, 1962 and rules made there under are applicable at the time of import of goods i.e. bringing into India from a place outside India or at the time of export of goods i.e. taken out of India to a place outside India. Any Company requiring to import or export any goods is first required to get it registered and obtain an IEC (Importer Exporter Code). Imported goods in India attract basic customs duty, additional customs duty and education cess. The rates of basic customs duty are specified under the Customs Tariff Act 1975. Customs duty is calculated on the transaction value of the goods. Customs duties are administrated by Central Board of Excise and Customs under the Ministry of Finance.

The Central Excise Act, 1944

The Central Excise Act, 1944 (“Central Excise Act”) consolidates and amends the law relating to Central Duties of Excise on goods manufactured or produced in India. Excisable goods under the Act means goods specified in the Schedule to the Central Excise Tariff Act, 1985 as being subject to duty of excise. Factory means any premises, including the precincts thereof, wherein or in any part of which excisable goods are manufactured, or wherein or in any part of which any manufacturing process connected with the production of these goods being carried on or is ordinarily carried out. Under the Act a duty of excise is levied on all excisable goods, which are produced or manufactured in India as and at the rates, set forth in the First Schedule to the Central Excise Tariff Act, 1985.

OTHER LAWS

The Factories Act, 1948

The Factories Act, 1948 (“Factories Act”) aims at regulating labour employed in factories. A “factory” is defined as “any premises...whereon ten or more workers are working or were working on any day of the preceding twelve months, and in any part of which a manufacturing process is being carried on with the aid of power, or is ordinarily so carried on, or whereon twenty or more workers are working, or were 81 working on any day of the preceding twelve months, and in any part of which a manufacturing process is carried on without the aid of power, or is ordinarily so carried on...”. The main aim of the said Act is to ensure adequate safety measures and to promote the health and welfare of the workers employed in factories initiating various measures from time to time to ensure that adequate standards of safety, health and welfare are achieved at all the places.

Under the Factories Act, the State Government may make rules mandating approval for proposed factories and requiring licensing and registration of factories. The Factories Act makes detailed provision for ensuring sanitary conditions in the factory and safety of the workers and also lays down permissible working hours, leave etc. In addition, it makes provision for the adoption of worker welfare measures. The prime responsibility for compliance with the Factories Act and the rules thereunder rests on the “occupier”, being the person who has ultimate control over the affairs of the factory. The Factories Act states that save as otherwise provided in the Factories Act and subject to provisions of the Factories Act which impose certain liability on the owner of the factory, in the event there is any contravention of any of the provisions of the Factories Act or the rules made thereunder

Moving Every Mile With A Smile

or of any order in writing given thereunder, the occupier and the manager of the factory shall each be guilty of the offence and punishable with imprisonment or with fine. The occupier is required to submit a written notice to the chief inspector of factories containing all the details of the factory, the owner, manager and himself, nature of activities and such other prescribed information prior to occupying or using any premises as a factory. The occupier is required to ensure, as far as it is reasonably practicable, the health, safety and welfare of all workers while they are at work in the factory.

Shops and establishments laws in various states

Under the provisions of local Shops and Establishments laws applicable in various states, establishments are required to be registered. Such laws regulate the working and employment conditions of the workers employed in shops and establishments including commercial establishments and provide for fixation of working hours, rest intervals, overtime, holidays, leave, termination of service, maintenance of shops and establishments and other rights and obligations of the employers and employees.

ENVIRONMENTAL LEGISLATIONS

The Environment Protection Act, 1986 (“Environment Protection Act”)

The purpose of the Environment Protection Act is to act as an "umbrella" legislation designed to provide a frame work for Central government co-ordination of the activities of various central and state authorities established under previous laws. The Environment Protection Act authorizes the central government to protect and improve environmental quality, control and reduce pollution from all sources, and prohibit or restrict the setting and /or operation of any industrial facility on environmental grounds. The Act prohibits persons carrying on business, operation or process from discharging or emitting any environmental pollutant in excess of such standards as may be prescribed. Where the discharge of any environmental pollutant in excess of the prescribed standards occurs or is apprehended to occur due to any accident or other unforeseen act, the person responsible for such discharge and the person in charge of the place at which such discharge occurs or is apprehended to occur is bound to prevent or mitigate the environmental pollution caused as a result of such discharge and should intimate the fact of such occurrence or apprehension of such occurrence; and (b) be bound, if called upon, to render all assistance, to such authorities or agencies as may be prescribed.

Air (Prevention and Control of Pollution) Act, 1981

Air (Prevention and Control of Pollution) Act 1981(“the Act”) was enacted with an objective to protect the environment from smoke and other toxic effluents released in the atmosphere by industries. With a view to curb air pollution, the Act has declared several areas as air pollution control area and also prohibits the use of certain types of fuels and appliances. Prior written consent is required of the board constituted under the Act, if a person intends to commence an industrial plant in a pollution control area.

Water (Prevention and Control of Pollution) Act, 1974

The Water (Prevention and Control of Pollution) Act 1974 (“the Act”) was enacted with an objective to protect the rivers and streams from being polluted by domestic and industrial effluents. The Act prohibits the discharge of toxic and poisonous matter in the river and streams without treating the pollutants as per the standard laid down by the Pollution control boards constituted under the Act. A person intending to commence any new industry, operation or process likely to discharge pollutants must obtain prior consent of the board constituted under the Act.

Hazardous Waste (Management and Handling) Rules, 1989

The Hazardous Waste (Management and Handling) Rules, 1989, as amended, impose an obligation on each occupier and operator of any facility generating hazardous waste to dispose of such hazardous wastes properly and also imposes obligations in respect of the collection, treatment and storage of hazardous wastes. Each occupier and operator of any facility generating hazardous waste is required

to obtain an approval from the relevant state pollution control board for collecting, storing and treating the hazardous waste.

The Public Liability Insurance Act, 1991

This Act imposes liability on the owner or controller of hazardous substances for any damage arising out of an accident involving such hazardous substances. A list of hazardous substances covered by the legislation has been enumerated by the Government by way of a notification. The owner or handler is also required to take out an insurance policy insuring against liability under the legislation. The rules made under the Public Liability Act mandate that the employer has to contribute towards the environment relief fund, a sum equal to the premium paid on the insurance policies. The amount is payable to the insurer.

National Environmental Policy, 2006

The Policy seeks to extend the coverage, and fill in gaps that still exist, in light of present knowledge and accumulated experience. This policy was prepared through an intensive process of consultation within the Government and inputs from experts. It does not displace, but builds on the earlier policies. It is a statement of India's commitment to making a positive contribution to international efforts. This is a response to our national commitment to a clean environment, mandated in the Constitution in Articles 48 A and 51 A (g), strengthened by judicial interpretation of Article 21. The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource. Following are the objectives of National Environmental Policy:

- Conservation of Critical Environmental Resources
- Intra-generational Equity: Livelihood Security for the Poor
- Inter-generational Equity
- Integration of Environmental Concerns in Economic and Social Development
- Efficiency in Environmental Resource Use
- Environmental Governance
- Enhancement of resources for Environmental Conservation

INTELLECTUAL PROPERTY LEGISLATIONS

In general the Intellectual Property Rights includes but is not limited to the following enactments:

- The Patents Act, 1970
- Indian Copyright Act, 1957
- The Trade Marks Act, 1999

Indian Patents Act, 1970

A patent is an intellectual property right relating to inventions and is the grant of exclusive right, for limited period, provided by the Government to the patentee, in exchange of full disclosure of his invention, for excluding others from making, using, selling, importing the patented product or process producing that product. The term invention means a new product or process involving an inventive step capable of industrial application.

The Copyright Act, 1957

Copyright is a right given by the law to creators of literary, dramatic, musical and artistic works and producers of cinematograph films and sound recordings. In fact, it is a bundle of rights including, inter alia, rights of reproduction, communication to the public, adaptation and translation of the work. There could be slight variations in the composition of the rights depending on the work.

Moving Every Mile With A Smile

Trade Marks Act, 1999

The Trade Marks Act, 1999 (the “**Trade Marks Act**”) provides for the application and registration of trademarks in India for granting exclusive rights to marks such as a brand, label and heading and obtaining relief in case of infringement for commercial purposes as a trade description. The Trade Marks Act prohibits any registration of deceptively similar trademarks or chemical compounds among others. It also provides for penalties for infringement, falsifying and falsely applying for trademarks.

GENERAL LAWS

Apart from the above list of laws – which is inclusive in nature and not exhaustive - general laws like the Indian Contract Act 1872, Specific Relief Act 1963, Negotiable Instrument Act 1881, The Information Technology Act, 2000, Sale of Goods Act, 1930 and Consumer Protection Act 1986 are also applicable to the company.

OTHER LAWS

Foreign Trade (Development and Regulation) Act, 1992

The development and regulation of foreign trade by facilitating imports and exports from and to India. The Import-Export Code number and licence to import or export includes a customs clearance permit and any other permission issued or granted under this act. The Export and Import policy, provision for development and regulation of foreign trade shall be made by the Central Government by publishing an order. The Central Government may also appoint Director General of Foreign Trade (DGFT) for the purpose of Export-Import Policy formulation.

If any person makes any contravention to any law or commits economic offence or imports/exports in a manner prejudicial to the trade relations of India or to the interest of other person engaged in imports or exports then there shall be no Import Export Code number granted by Director-General to such person and if in case granted shall stand cancelled or suspended. In case of appeals in a case the order made by the appellate authority shall be considered to be final. The powers of all the civil court under Code of Civil Procedure, 1908 shall vest in him.

The EXIM Policy is a set of guidelines and instructions established by the DGFT in matters related to the export and import of goods in India. This policy is regulated under the said act. Director General of Foreign Trade (herein after referred to as DGFT) is the main governing body in matters related to the EXIM Policy. The Act shall provide development and regulation of foreign trade by facilitating imports into, and augmenting exports from India. Trade Policy is prepared and announced by the Central Government (Ministry of Commerce).

Foreign Exchange Management Act, 1999

Foreign investment in India is primarily governed by the provisions of the Foreign Exchange Management Act, 1999(“FEMA”) and the rules and regulations promulgated there under. The act aims at amending the law relating to foreign exchange with facilitation of external trade and payments for promoting orderly developments and maintenance of foreign exchange market in India. It applies to all branches, offices and agencies outside India owned or controlled by a person resident in India and also to any contravention there under committed outside India by any person to whom this Act applies. Every exporter of goods is required to a) furnish to the Reserve Bank or to such other authority a declaration in such form and in such manner as may be specified, containing true and correct material particulars, including the amount representing the full export value or, if the full export value of the goods is not ascertainable at the time of export, the value which the exporter, having regard to the prevailing market conditions, expects to receive on the sale of the goods in a market outside India; b) furnish to the Reserve Bank such other information as may be required by the Reserve Bank for the purpose of ensuring the realization of the export proceeds by such exporter. The Reserve Bank may, for the purpose of ensuring that the full export value of the goods or such reduced value of the goods as the Reserve Bank determines, having regard to the prevailing market conditions,

is received without any delay, direct any exporter to comply with such requirements as it deems fit. Every exporter of services shall furnish to the Reserve Bank or to such other authorities a declaration in such form and in such manner as may be specified, containing the true and correct material particulars in relation to payment for such services.

FEMA Regulations

As laid down by the FEMA Regulations, no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the automatic route within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 ("FEMA Regulations") to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India. Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Industrial Policy and Promotion, Ministry of Commerce & Industry, Government of India.

THE FOREIGN DIRECT INVESTMENT

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment ("FDI") through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India ("DIPP"), has issued consolidated FDI Policy Circular of 2016 ("FDI Policy 2016"), which with effect from June 7, 2016, consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy issued by the DIPP that were in force. Further, DIPP has issued Press note 5, dated June 24, 2016 which introduces few changes in FDI Policy 2016. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2016 will be valid until the DIPP issues an updated circular.

The Reserve Bank of India ("RBI") also issues Master Circular on Foreign Investment in India every year. Presently, FDI in India is being governed by Master Circular on Foreign Investment dated July 01, 2015 as updated from time to time by RBI. In terms of the Master Circular, an Indian company may issue fresh shares to people resident outside India (who is eligible to make investments in India, for which eligibility criteria are as prescribed). Such fresh issue of shares shall be subject to inter-alia, the pricing guidelines prescribed under the Master Circular. The Indian company making such fresh issue of shares would be subject to the reporting requirements, inter-alia with respect to consideration for issue of shares and also subject to making certain filings including filing of Form FC-GPR.

Under the current FDI Policy of 2016, foreign direct investment in micro and small enterprises is subject to sectoral caps, entry routes and other sectoral regulations. At present 100 % foreign direct investment through automatic route is permitted in the sector in which our Company operates. Therefore applicable foreign investment up to 100% is permitted in our company under automatic route.

The Board of Directors

Maheshwari Logistics Limited

Mill House, Shed No. A2 – 3/2,
Opp. UPL 1st Phase, GIDC, Vapi,
Valsad-396195, Gujarat.

Dear Sirs,

1. We, N. K. Aswani & Co., have examined the attached Restated Statement of Assets and Liabilities of **Maheshwari Logistics Limited** (the "Company") as at September 30, 2016, 31st March 2016, 2015, 2014, 2013 and 2012 and the related Restated Statement of Profit & Loss and Restated Statement of Cash Flow for the period / years ended on September 30, 2016, 31st March 2016, 2015, 2014, 2013 and 2012 annexed to this report for the purpose of inclusion in the offer document prepared by the Company (collectively the "**Restated Summary Statements**" or "**Restated Financial Statements**"). These Restated Summary Statements have been prepared by the Company and approved by the Board of Directors of the Company in connection with the Initial Public Offering (IPO) in SME Platform of National Stock Exchange Limited (NSE).
2. These Restated Summary Statements have been prepared in accordance with the requirements of:
 - (i) Part I of Chapter III to the Companies Act, 2013 ("Act") read with Companies (Prospectus and Allotment of Securities) Rules 2014;
 - (ii) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations 2009 ("**ICDR Regulations**") issued by the Securities and Exchange Board of India ("**SEBI**") in pursuance to Section 11 of the Securities and Exchange Board of India Act, 1992 and related amendments / clarifications from time to time;
 - (iii) The terms of reference to our engagements with the Company requesting us to carry out the assignment, in connection with the Draft Prospectus/ Prospectus being issued by the Company for its proposed Initial Public Offering of equity shares in SME Platform of NSE ("**IPO**" or "**SME IPO**"); and
 - (iv) The Guidance Note on Reports in Company Prospectus (Revised) issued by the Institute of Chartered Accountants of India ("**Guidance Note**").
3. The Restated Summary Statements of the Company have been extracted by the management from the Audited Financial Statements of the Company for the financial year / period ended on, 31st March 2016, 2015, 2014, 2013 and 2012 and special purpose Audited Financial Statements for the period ended 30th September 2016 which has been approved by the Board of Directors
4. In accordance with the requirements of Part I of Chapter III of Act including rules made therein, ICDR Regulations, Guidance Note and Engagement Letter, we report that:

- (i) The “**Statement of Assets and Liabilities as Restated**” as set out in **Annexure I** to this report, of the Company as at 30th September 2016, 31st March 2016, 2015, 2014, 2013 and 2012 are prepared by the Company and approved by the Board of Directors. These Statement of Assets and Liabilities, as restated have been arrived at after making such adjustments and regroupings to the individual financial statements of the Company, as in our opinion were appropriate and more fully described in Significant Accounting Policies and Notes to Accounts as set out in **Annexure IV(A)** to this Report.
 - (ii) The “**Statement of Profit and Loss as Restated**” as set out in **Annexure II** to this report, of the Company for the period / year ended 30th September 2016, 31st March 2016, 2015, 2014, 2013 and 2012 are prepared by the Company and approved by the Board of Directors. These Statement of Profit and Loss, as restated have been arrived at after making such adjustments and regroupings to the individual financial statements of the Company, as in our opinion were appropriate and more fully described in Significant Accounting Policies and Notes to Accounts as set out in **Annexure IV(A)** to this Report.
 - (iii) The “**Statement of Cash Flow as Restated**” as set out in **Annexure III** to this report, of the Company for the period / year ended 30th September 2016, 31st March 2016, 2015, 2014, 2013 and 2012 are prepared by the Company and approved by the Board of Directors. These Statement of Cash Flow, as restated have been arrived at after making such adjustments and regroupings to the individual financial statements of the Company, as in our opinion were appropriate and more fully described in Significant Accounting Policies and Notes to Accounts as set out in **Annexure IV(A)** to this Report.
5. Based on the above, we are of the opinion that the Restated Financial Statements have been made after incorporating:
- a) Adjustments for the changes in accounting policies retrospectively in respective financial period/years to reflect the same accounting treatment as per the changed accounting policy for all reporting periods, if any.
 - b) Adjustments for prior period and other material amounts in the respective financial years/period to which they relate and there are no qualifications which require adjustments.
 - c) There are no extra-ordinary items that need to be disclosed separately in the accounts and qualifications requiring adjustments.
 - d) There were no qualifications in the Audit Reports issued by the Statutory Auditors for the financial period/year ended on 30th September 2016, 31st March 2016, 2015, 2014, 2013 and 2012 which would require adjustments in this Restated Financial Statements of the Company.
 - e) These Profits and Losses have been arrived at after charging all expenses including depreciation and after making such adjustments/restatements and regroupings as in our opinion are appropriate and are to be read in accordance with the Significant Accounting Policies and Notes to Accounts as set out in **Annexure IV(A)** to this report.
6. Audit for the period / financial year ended on 30th September 2016, 31st March 2016, 2015, 2014, 2013 and 2012 was conducted by M/s. Kakaria & Associates (Chartered Accountants). Significant Accounting Policies and Notes to Accounts

ANNEXURE-IV(A)

(A) Corporate Information :

Incorporated in 2006, as Maheshwari Logistics Private Limited as per Companies Act, 1956. The company is engaged in providing logistic services, supplying of non coking coal, manufacturing of kraft paper and trading in a variety of papers. The company has three Divisions - Transport Division, Coal Division and Paper Division.

The Company was subsequently converted into Limited Company known as Maheshwari Logistics Limited in the Year 2016 as per the Companies Act, 2013.

(B) Basis of Preparation :

The Restated Summary Statements of Assets and Liabilities of the Company as at September 30, 2016, March 31, 2016, March 31, 2015, March 31, 2014, March 31, 2013 and March 31, 2012 and the related Restated Summary Statements of Profits and Losses and Cash Flows Statement for the period / years ended September 30, 2016, March 31, 2016, March 31, 2015, March 31, 2014, March 31, 2013 and March 31, 2012 have been compiled by management from the financial statements of the company for the period ended on September 30, 2016, March 31, 2016, March 31, 2015, March 31, 2014, March 31, 2013 and March 31, 2012.

"The financial statements are prepared and presented under the historical cost convention and evaluated on a going-concern basis using the accrual system of accounting in accordance with the accounting principles generally accepted in India (Indian GAAP) and the requirements of the Companies Act, 1956 (up to March 31, 2014), and notified sections, schedules and rules of the Companies Act 2013 (with effect from April 01, 2014), including the Accounting Standards as prescribed by the Companies (Accounting Standards) Rules, 2006 as per section 211(3C) of the Companies Act, 1956 (which are deemed to be applicable as Section 133 of the Companies Act, 2013 ("the Act")) read with Rule 7 of Companies (Accounts) Rules, 2014).

The presentation of financial statements requires estimates and assumption to be made that affect the reported amount of assets & Liabilities on the date of financial statements and the reported amount of revenue and expenses during the reporting period. Difference between the actual result and estimates are recognized in the period in which results are known/materialized."

(C) Significant Accounting Policies :

(a) Use of Estimates :

The preparation of financial statements in conformity with Indian GAAP requires management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities on the date of financial statements and the reported amounts of revenue and expenses during the reported period. Although these estimates are based on management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the Carrying amounts of Assets or Liabilities in future periods.

(b) Fixed Assets :

Fixed Assets are stated at their acquisition cost less accumulated depreciation and impairment losses. Cost comprises of all costs incurred to bring the assets to their location and working condition up to the date the assets are put to use where applicable together with any incidental expenses of acquisition/installation. Cost of acquisition includes borrowing costs that are directly attributable to the acquisition/construction of qualifying assets.

(c) Depreciation:

"Up to March 31st, 2015 depreciation on fixed assets is provided on WDV at the rate and manner prescribed in schedule XIV of the Companies Act, 1956 over their useful life. w.e.f April 1st, 2015 depreciation is provided based on useful life of asset as prescribed in schedule II of Companies Act

2013 except non charging of 100% depreciation on assets costing below Rs. 5000/-. The carrying amount as on April 1st, 2015 is depreciated over the balance useful life of asset.

Depreciation on additions to the assets and the assets sold or disposed off, during the year is provided on prorata basis, at their respective useful life or rate of depreciation as prescribed with reference to the date of acquisition / installation or date of sale / disposal.

(d) Revenue Recognition:

Revenue is recognized when it is earned and no significant uncertainty exists as to its realization or collection. Revenue from sale of goods is recognized on delivery of the products, when all significant contractual obligations have been satisfied, the property in the goods is transferred for price, significant risk and rewards of ownership are transferred to the customers and no effective ownership is retained. Sales comprises sale of goods and services, net of trade discounts and include exchange differences arising on sales transactions.

(D) Foreign Currency Transactions :

Foreign currency transactions are recorded at the exchange rates prevailing on the date of the transaction. Monetary foreign currency assets and liabilities are translated into Rupees at the exchange rate prevailing at the Balance Sheet Date. All exchange differences are dealt with in Profit and Loss Account.

(E) Investments:

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of Investments.

On disposal of investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

(F) Employee Benefits:

Retirement benefit in the form of provident fund is a defined contribution scheme. The contribution to the provident fund is charged to the statement of profit and loss for the year when an employee renders the related services. The company has no obligations, other than the contribution payable to the provident fund.

(G) Taxation :

Tax expenses comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the Tax Authorities in accordance with the Income Tax Act'1961 enacted or substantively enacted at the reporting date.

Deferred Tax Assets or Deferred Tax Liability is recognized on timing difference being the difference between taxable income and accounting income. Deferred Tax Assets or Differed Tax Liability is measured using the tax rates and tax laws that have been enacted or substantively enacted at the Balance Sheet date. Deferred Tax Assets arising from timing differences are recognized to the extent there is a reasonable certainty that the assets can be realized in future.

(H) Borrowing Cost :

Borrowing Cost includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings. Borrowing costs directly attributable to the acquisition, construction or

Moving Every Mile With A Smile

production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

(I) Segment Reporting :

The company has disclosed mainly three segments as primary segments, one is Trading, Second is Transportation & Service Segment and Third is Manufacturing Segment. The segments have been identified taking into account the differing risk and returns, the organisational structure and internal reporting system.

Segment Revenue, Segment Results, Segment Assets and Segment Liabilities include the respective amounts identifiable to each of the segments as also amounts allocated on a reasonable basis. The expenses, which are not directly relatable to the business segment, are shown as unallotted corporate cost. Assets and Liabilities that cannot be allocated between the segments are shown as unallocated corporate assets and liabilities respectively.

(J) Provisions and Contingent Liabilities :

A provision is recognized when the company has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent Liabilities are not recognized but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statements.

ANNEXURE VIII

NATURE OF SECURITY AND TERMS OF REPAYMENT FOR LONG TERM BORROWINGS INCLUDING CURRENT MATURITIES

Other Secured Vehicle and Plant and Equipment Loan from Various banks and Financial institutions as per following details

The Company has entered into arrangements with following banks (i) ICICI Bank Ltd (ii) HDFC Bank Limited (iii) Kotak Mahindra Bank Limited (iv) Daimler Financial Services India P Ltd. (v) S.B P.P Co.Op. Bank.

The total disbursed amount pertaining to these loans as at September 30, 2016 was Rs.650.74 Lakhs and the total amount outstanding as on September 30, 2016 was 539.32 Lakhs The rate of interest for these loans vary from 9.25% to 17% and most of them are typically repayable by way of monthly instalments. The assets acquired pursuant to these loans have been hypothecated with the respective lenders.

The prepayment penalty for our loans varies from 3% to 6% on pre-payment amount. The penalty is generally charged for delay in payment which varies from 2% to 3%. The asset, for which the loan has been availed, is generally hypothecated as security for these loans. The events of default for the vehicle loans among others include the following:

- I. The borrower failing to pay the insurance premium and Instalments;
- II. The hypothecated vehicle is damaged due to accident or any other reason;
- III. The hypothecated vehicle is stolen or untraceable;
- IV. The hypothecated vehicle is attached or confiscated;
- V. The borrower fails to register the vehicle with appropriate authorities.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion of our financial condition and results of operations should be read in conjunction with our restated financial statements for the period ended September 30, 2016 and for the financial years ended March 31, 2016, 2015 and 2014 prepared in accordance with the Companies Act and Indian GAAP and restated in accordance with the SEBI ICDR Regulations, including the schedules, annexure and notes thereto and the reports thereon, included in the section titled "*Financial Statements*" on page 230 of this Prospectus.

Indian GAAP differs in certain material aspects from U.S. GAAP and IFRS. We have not attempted to quantify the impact of IFRS or U.S. GAAP on the financial data included in this Prospectus, nor do we provide reconciliation of our financial statements to those under U.S. GAAP or IFRS. Accordingly, the degree to which the Indian GAAP financial statements included in this Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with the Companies Act, Indian GAAP and SEBI ICDR Regulations.

This discussion contains forward-looking statements and reflects our current views with respect to future events and financial performance. Actual results may differ materially from those anticipated in these forward-looking statements as a result of certain factors such as those set forth in "*Risk Factors*" and "*Forward-Looking Statements*" on pages 16 and 15, of this Prospectus beginning respectively.

Our Company was incorporated on October 12, 2006 and has completed ten years since incorporation. The Management's Discussion and Analysis of Financial Condition and Results of Operations, reflects the analysis and discussion of our financial condition and results of operations for the period ended September 30, 2016 and financial years ended March 31, 2016, 2015 and 2014.

OVERVIEW

Incorporated in 2006, our Company, Maheshwari Logistics Limited is engaged in providing logistics services, supplying of non coking coal, manufacturing of kraft paper and trading in a variety of papers. We have our registered office and paper manufacturing facility situated at Vapi and 6 branch offices situated at different locations of Gujarat and Rajasthan.

Set up by Maheshwari and Kabra Group, our Company offers a diversified business model, covering three different sectors ranging from logistics services to fuel to paper. The experience and trade relations developed by our promoters and management have been one of the key instrumental factors in the growth of our Company. With the vision and dedication of our management we have been able to accomplish a revenue growth of more than 80% in past 5 years and achieve a turnover of more than Rs. 600 crores during financial year 2015-16.

Our Company started out with logistics services and over the years have developed a strong clientele network in the sector. We primarily offer full truck load freight services to large and medium size companies mainly across the state of Gujarat and Rajasthan. We have also extended our logistics arm in state of Maharashtra and Madhya Pradesh. We use our own trucks as well as hire third party transportation services for carrying out our logistics operations. As on date of Prospectus, we have a fleet of more than 60 trucks and an association with more than 1,000 trucks through third parties. We have set up a full maintenance workshop for all our vehicles at Nimbahera and Jamnagar. Our goods transportation services serves a broad range of industries, with our customer belonging to cement, paper, textiles, fertilisers, etc. industries. For the year ended March 31, 2016, our logistics services contributed 24.45% to our total revenue from operations.

Along with logistics services, our Company ventured into trading of non-coking coal. We procure coal either through direct imports or through high seas purchases from other importers. We have also installed a screening plant at Vapi for sizing imported as well as indigenous coal for our customers who have specific requirement of sized coal. It is our endeavour to supply different varieties of coal to meet the necessary requirements of our customers spread over operating in diverse industries. For the year ended March 31, 2016, our revenue from coal trading contributed to 25.09% of our total revenue from operations.

Our paper journey began with trading of variety of papers. With gaining an insight of the industry coupled with an opportunity, our Company ventured into manufacturing of Kraft Paper in 2015 by entering into a tripartite agreement with Daman Ganga Papers Limited and Daman Ganga Recycled Resources LLP for the use of their manufacturing facility for a period of 20 years. This manufacturing facility is spread over an area of 45,000 square metres and is equipped with the necessary plant & equipments. At present, it has a manufacturing capacity of 750 lakhs kg. Within a short span of time, our Company has been able to create a demand for its products. From September 2015 to March 2016, our Company generated a turnover of more than Rs. 4600.87 lakhs.

We endeavour to satisfy customer by continuous improvement through process innovation and quality maintenance. We aim to grow our operations on PAN India basis and make our brand as a distinguished name in industry.

SECTION VI – LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATION AND MATERIAL DEVELOPMENTS

Except, as stated in this section and mentioned elsewhere in this Prospectus there are no litigations including, but not limited to suits, criminal proceedings, civil proceedings, actions taken by regulatory or statutory authorities or legal proceedings, including those for economic offences, tax liabilities, show cause notice or legal notices pending against our Company, Directors, Promoters, Group Companies or against any other company or person/s whose outcomes could have a material adverse effect on the business, operations or financial position of the Company and there are no proceedings initiated for economic, civil or any other offences (including past cases where penalties may or may not have been awarded and irrespective of whether they are specified under paragraph (a) of Part I of Schedule V of the Companies Act, 2013) other than unclaimed liabilities of our Company, and no disciplinary action has been taken by SEBI or any stock exchange against the Company, Directors, Promoters or Group Companies.

Except as disclosed below there are no i) litigation or legal actions, pending or taken, by any Ministry or department of the Government or a statutory authority against our Promoters during the last five years; (ii) direction issued by such Ministry or Department or statutory authority upon conclusion of such litigation or legal action; (iii) pending proceedings initiated against our Company for economic offences; (iv) default and non-payment of statutory dues by our Company; (v) inquiries, inspections or investigations initiated or conducted under the Companies Act, 2013 or any previous companies law in the last five years against our Company including fines imposed or compounding of offences done in those five years; or (vi) material frauds committed against our Company in the last five years.

Except as stated below there are no Outstanding Material Dues (as defined below) to creditors; or (ii) outstanding dues to small scale undertakings and other creditors.

Our Board, in its meeting held on December 8, 2016 determined that outstanding dues to creditors in excess of 5% of the total purchases and services as per last audited financial statements shall be considered as material dues (“Material Dues”).

Pursuant to SEBI ICDR Regulations, all other pending litigations except criminal proceedings, statutory or regulatory actions and taxation matters involving our Company, Promoters, Directors and Group Companies, would be considered ‘material’ for the purposes of disclosure if the monetary amount of claim by or against the entity or person in any such pending matter exceeds 5% of the total purchases and services as determined by our Board, in its meeting held on December 8, 2016.

Accordingly, we have disclosed all outstanding litigations involving our Company, Promoters, Directors and Group Companies which are considered to be material. In case of pending civil litigation proceedings wherein the monetary amount involved is not quantifiable, such litigation has been considered ‘material’ only in the event that the outcome of such litigation has an adverse effect on the operations or performance of our Company.

Unless otherwise stated to contrary, the information provided is as of date of this Prospectus.

INCOME TAX PROCEEDINGS:

1. FOR AY 2013-14

Maheshwari Logistics Private Limited (hereinafter called as “Assessee Company”) has filed its return of income on November 29, 2013 for AY 2013-14, declaring total income of Rs. 7,85,13,598/-. The return was processed and the case was selected for scrutiny through survey. A notice was issued dated June 12, 2014 under section 143(2) of the Income Tax Act, 1961 (hereinafter called as the “Act”) informing Assessee Company that its case has been selected for scrutiny. A letter was issued to Assessee Company dated May 18, 2015 calling for paper book containing audit book report in Form No. 3CD, 3CB etc., financial statement, profit and loss account etc. in response to which required documents were produced in prescribed format. The Deputy Commissioner of Income Tax, Vapi Circle, and Vapi (hereinafter referred to as the “Assessing Authority”) issued notice dated December 21, 2015 to the Assessee Company under Section 142(1) of the Act along with questionnaire calling for details and explanations. Subsequently, a notice was issued dated March 4, 2016 under section 142(1) of the Act and reply was filed by the Assessee Company. Pursuant to this reply, the Assessing Authority issued a demand notice dated March 31, 2016 to Assessee Company under section 156 of the Act for a sum payable of Rs. 3,86,47,220/-. The Assessing Authority issued a notice to the Assessee Company under Section 274 read with Section 271 of the Act requesting to appear before it for personal hearing. An Assessment Order dated March 31, 2016 under Section 143(3) of the Act was passed declaring total income of Assessee Company to be Rs. 16,92,17,600/-. An appeal is filed by the Appellant with the Commissioner of Income Tax (Appeals) dated April 28, 2016 against the above mentioned order. An amount of 15% of the said demand of Rs. 57,98,000/- is paid through challan number 07338 and 02095 dated April 27, 2016. Further, as per Intimation dated July 29, 2016 under Section 143(1) of the Act a sum of Rs. 32,55,370/- was adjusted towards refund of AY 2015-16. Thus as per intimation dated July 29, 2016, a balance demand of amount of Rs. 2,95,92,850/- is currently outstanding. The Matter is currently pending.

2. FOR AY 2014-15

Maheshwari Logistics Private Limited (hereinafter called as the “Assessee Company”) e-filed its Income Tax return on September 26, 2014 declaring total income at Rs. 7,73,20,040/-. On November 30, 2014, a revised return was filed declaring total income of Rs. 7,73,20,040/-. A notice was issued dated September 18, 2016 under section 143(2) of the Income Tax Act, 1961 (hereinafter called as “the Act”) selecting the case for CASS scrutiny. Subsequently, with the change in incumbent, a notice was issued dated June 28, 2016 under section 142(1) read with section 129 of the Act. Further, notice along with questionnaire was issued dated August 19, 2016 under section 142(1) of the Act. The Assessee Company received an intimation dated August 11, 2015 under Section 143(1) of the Act from Assessing Authority wherein NIL tax payable was determined. An amount of Rs. 7,77,769/- (Total outstanding demand + Interest) was adjusted against refund. An outstanding amount of Rs. 1,000/- was payable for AY 2011-12, which was paid through challan number 09184 dated April 07, 2014. The Assistant Commissioner of Income Tax, Vapi Circle, Vapi (hereinafter referred to as the “Assessing Authority”) issued an Assessment Notice dated September 26, 2016 to Assessee Company under Section 143(3) of the Act declaring income of Assessee Company to be Rs. 7,81,70,040/-. After making necessary adjustments, a notice of demand was issued dated September 26, 2016 under section 156 of the Act demanding a sum of Rs. 11,95,800/-. The Company has filed a response stating that the demand is incorrect. The matter is currently pending.

MINIMUM APPLICATION VALUE, MARKET LOT AND TRADING LOT

In terms of Section 29 of the Companies Act, 2013, the Equity Shares shall be allotted only in dematerialised form. As per the existing SEBI ICDR Regulations, the trading of the Equity Shares shall only be in dematerialised form for all investors.

The trading of the Equity Shares will happen in the minimum contract size of 2,000 Equity Shares and the same may be modified by NSE from time to time by giving prior notice to investors at large. Allocation and allotment of Equity Shares through this Issue will be done in multiples of 2,000 Equity Shares subject to a minimum allotment of 2,000 Equity Shares to the successful applicants in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

Allocation and allotment of Equity Shares through this issue will be done in multiples of 2,000 Equity Share subject to a minimum allotment of 2,000 Equity Shares to the successful applicants.

MINIMUM NUMBER OF ALLOTTEES

Further in accordance with the Regulation 106R of SEBI (ICDR) Regulations, the minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and the monies blocked by the SCSBs shall be unblocked within 4 working days of closure of issue.

JURISDICTION

Exclusive jurisdiction for the purpose of this Issue is with the competent courts / authorities in Mumbai, Maharashtra, India.

The Equity Shares have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and may not be offered or sold within the United States or to, or for the account or benefit of, “U.S. persons” (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are being offered and sold only outside the United States in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

**JOINT HOLDER**

Where two or more persons are registered as the holders of any Equity Shares, they shall be deemed to hold the same as joint - tenants with benefits of survivorship.

NOMINATION FACILITY TO INVESTOR

In accordance with Section 72 of the Companies Act, 2013 the sole applicant, or the first applicant along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the Applicant, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or with the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- a. to register himself or herself as the holder of the Equity Shares; or
- b. to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized mode there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the applicant would prevail. If the investor wants to change the nomination, they are requested to inform their respective depository participant.

The above information is given for the benefit of the Applicants. Our Company and Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of the Prospectus. Applicants are advised to make their independent investigations and ensure that any single application from them does not exceed the applicable investment limits or maximum number of the Equity Shares that can be held by them under applicable law or regulation or as specified in the Prospectus.

INFORMATION FOR THE APPLICANTS

1. Our Company and the Lead Manager has declared the Issue Opening Date and Issue Closing Date in the Prospectus registered with the RoC and will also publish the same in two national newspapers (one each in English and Hindi) and in one regional newspaper with wide circulation. This advertisement shall be in the prescribed format.
2. Our Company has filed the Prospectus with the RoC at least three days before the Issue Opening Date.
3. Any Applicant who would like to obtain the Prospectus and/or the Application Form can obtain the same from our Registered Office.
4. Applicants who are interested in subscribing to the Equity Shares should approach any of the Application Collecting Intermediaries or their authorised agent(s).
5. Applications should be submitted in the prescribed Application Form only. Application Forms submitted to the SCSBs should bear the stamp of the respective intermediary to whom the application form is submitted. Application Forms submitted directly to the SCSBs should bear the stamp of the SCSBs and/or the Designated Branch. Application Forms submitted by Applicants whose beneficiary account is inactive shall be rejected.
6. The Application Form can be submitted either in physical or electronic mode, to the Application Collecting Intermediaries. Further Application Collecting Intermediary may provide the electronic mode of collecting either through an internet enabled collecting and banking facility or such other secured, electronically enabled mechanism for applying and blocking funds in the ASBA Account.

7. Except for applications by or on behalf of the Central or State Government and the officials appointed by the courts and by investors residing in the State of Sikkim, the Applicants, or in the case of application in joint names, the first Applicant (the first name under which the beneficiary account is held), should mention his/her PAN allotted under the Income Tax Act. In accordance with the SEBI Regulations, the PAN would be the sole identification number for participants transacting in the securities market, irrespective of the amount of transaction. Any Application Form without PAN is liable to be rejected. The demat accounts of Applicants for whom PAN details have not been verified, excluding persons resident in the State of Sikkim or persons who may be exempted from specifying their PAN for transacting in the securities market, shall be “suspended for credit” and no credit of Equity Shares pursuant to the Issue will be made into the accounts of such Applicants.
8. The Applicants may note that in case the PAN, the DP ID and Client ID mentioned in the Application Form and entered into the electronic collecting system of the Stock Exchange by the Bankers to the Issue or the SCSBs do not match with PAN, the DP ID and Client ID available in the Depository database, the Application Form is liable to be rejected.

GENERAL INFORMATION DOCUMENT FOR INVESTING IN PUBLIC ISSUES

This General Information Document highlights the key rules, processes and procedures applicable to public issues in accordance with the provisions of the Companies Act, 2013 (to the extent notified and in effect), the Companies Act, 1956 (without reference to the provisions thereof that have ceased to have effect upon the notification of the Companies Act, 2013), the Securities Contracts (Regulation) Act, 1956, the Securities Contracts (Regulation) Rules, 1957 and the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009. Bidders/Applicants should not construe the contents of this General Information Document as legal advice and should consult their own legal counsel and other advisors in relation to the legal matters concerning the Issue. For taking an investment decision, the Bidders/Applicants should rely on their own examination of the Issuer and the Issue, and should carefully read the Draft Prospectus /Prospectus before investing in the Issue.

SECTION 1: PURPOSE OF THE GENERAL INFORMATION DOCUMENT (GID)

This document is applicable to the public issues undertaken *inter-alia* through Fixed Price Issues. The purpose of the “General Information Document for Investing in Public Issues” is to provide general guidance to potential Applicants in IPOs, on the processes and procedures governing IPOs, undertaken in accordance with the provisions of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 (“SEBI ICDR Regulations, 2009”).

Applicants should note that investment in equity and equity related securities involves risk and Applicant should not invest any funds in the Issue unless they can afford to take the risk of losing their investment. The specific terms relating to securities and/or for subscribing to securities in an Issue and the relevant information about the Issuer undertaking the Issue; are set out in the Prospectus filed by the Issuer with the Registrar of Companies (“RoC”). Applicants should carefully read the entire Prospectus and the Application Form and the Abridged Prospectus of the Issuer in which they are proposing to invest through the Issue. In case of any difference in interpretation or conflict and/or overlap between the disclosure included in this document and the Prospectus, the disclosures in the Prospectus shall prevail. The Prospectus of the Issuer is available on the websites of stock exchanges, on the website(s) of the LM(s) to the Issue and on the website of Securities and Exchange Board of India (“SEBI”) at www.sebi.gov.in.

For the definitions of capitalized terms and abbreviations used herein Applicants may refer to the section “Glossary and Abbreviations”.

SECTION 2: BRIEF INTRODUCTION TO IPOs ON SME EXCHANGE

2.1 INITIAL PUBLIC OFFER (IPO)

An IPO means an offer of specified securities by an unlisted Issuer to the public for subscription and may include an Offer for Sale of specified securities to the public by any existing holder of such securities in an unlisted Issuer.

For undertaking an IPO, an Issuer is *inter-alia* required to comply with the eligibility requirements of in terms of either Regulation 26(1) or Regulation 26(2) of the SEBI ICDR Regulations, 2009, if applicable. For details of compliance with the eligibility requirements by the Issuer, Applicants may refer to the Prospectus.

The Issuer may also undertake IPO under chapter XB of the SEBI (ICDR) Regulations, wherein as per:

- Regulation 106M (1): An issuer whose post-issue face value Capital does not exceed ten crore rupees shall issue its specified securities in accordance with provisions of this Chapter.
- Regulation 106M (2): An issuer, whose post issue face value capital, is more than ten crore rupees and upto twenty five crore rupees, may also issue specified securities in accordance with provisions of this Chapter.

The present Issue is being made under Regulation 106M(2) of Chapter XB of SEBI (ICDR) Regulation.

2.2 OTHER ELIGIBILITY REQUIREMENTS

In addition to the eligibility requirements specified in paragraphs 2.1, an Issuer proposing to undertake an IPO is required to comply with various other requirements as specified in the SEBI ICDR Regulations, 2009, the Companies Act, 1956 and the Companies Act, 2013 as may be applicable (the “Companies Act”), The Securities Contracts (Regulation) Rules, 1957 (the “SCRR”), industry-specific regulations, if any, and other applicable laws for the time being in force. Following are the eligibility requirements for making an SME IPO under Regulation 106M(2) of Chapter XB of SEBI (ICDR) Regulation:

- (a) In accordance with regulation 106(P) of the SEBI (ICDR) Regulations, Issue has to be 100% underwritten and the LM has to underwrite at least 15% of the total issue size.
- (b) In accordance with Regulation 106(R) of the SEBI (ICDR) Regulations, total number of proposed allottees in the Issue shall be greater than or equal to fifty, otherwise, the entire application money will be refunded forthwith. If such money is not repaid within eight days from the date the company becomes liable to repay it, than the Company and every officer in default shall, on and from expiry of eight days, be liable to repay such application money, with interest as prescribed under section 40 of the Companies Act, 2013
- (c) In accordance with Regulation 106(O) the SEBI (ICDR) Regulations, Company is not required to file any Offer Document with SEBI nor has SEBI issued any observations on the Offer Document. The Lead Manager shall submit the copy of Prospectus along with a Due Diligence Certificate including additional confirmations as required to SEBI at the time of filing the Prospectus with Stock Exchange and the Registrar of Companies.
- (d) In accordance with Regulation 106(V) of the SEBI ICDR Regulations, the LM has to ensure compulsory market making for a minimum period of three years from the date of listing of Equity Shares offered in the Issue.
- (e) The company should have track record of at least 3 years
- (f) The company should have positive cash accruals (earnings before depreciation and tax) from operations for at least 2 financial years preceding the application and its net-worth should be positive
- (g) The post issue paid up capital of the company (face value) shall not be more than Rs. 25 Crore.
- (h) The Issuer shall mandatorily facilitate trading in demat securities.
- (i) The Issuer should not been referred to Board for Industrial and Financial Reconstruction.
- (j) No petition for winding up is admitted by a court or a liquidator has not been appointed of competent jurisdiction against the Company.
- (k) No material regulatory or disciplinary action should have been taken by any stock exchange or regulatory authority in the past three years against the Issuer.
- (l) The Company should have a website.
- (m) There has been no change in the promoter of the Company in the one year preceding the date of filing application to NSE for listing on EMERGE segment.

Issuer shall also comply with all the other requirements as laid down for such an Issue under Chapter XB of SEBI (ICDR) Regulations and subsequent circulars and guidelines issued by SEBI and the Stock Exchange.

As per Regulation 106(M)(3) of SEBI (ICDR) Regulations, 2009, the provisions of Regulations

Moving Every Mile With A Smile

6(1), 6(2), 6(3), Regulation 8, Regulation 9, Regulation 10, Regulation 25, Regulation 26, Regulation 27 and Sub regulation (1) of Regulation 49 of SEBI (ICDR) Regulations, 2009 shall not apply to this Issue.

Thus Company is eligible for the Issue in accordance with regulation 106M(2) and other provisions of chapter XB of the SEBI (ICDR) Regulations as the post issue face value capital exceeds Rs. 1,000 lakhs but does not exceed Rs 2,500 lakhs. Company also complies with the eligibility conditions laid by the EMERGE Platform of NSE for listing of our Equity Shares.

2.3 TYPES OF PUBLIC ISSUES – FIXED PRICE ISSUES AND BOOK BUILT ISSUES

In accordance with the provisions of the SEBI ICDR Regulations, 2009, an Issuer can either determine the Issue Price through the Book Building Process (“**Book Built Issue**”) or undertake a Fixed Price Issue (“**Fixed Price Issue**”). An Issuer may mention Floor Price or Price Band in the RHP (in case of a Book Built Issue) and a Price or Price Band in the Draft Prospectus (in case of a fixed price Issue) and determine the price at a later date before registering the Prospectus with the Registrar of Companies.

The cap on the Price Band should be less than or equal to 120% of the Floor Price. The Issuer shall announce the Price or the Floor Price or the Price Band through advertisement in all newspapers in which the pre-issue advertisement was given at least five Working Days before the Issue Opening Date, in case of an IPO and at least one Working Day before the Issue Opening Date, in case of an FPO.

The Floor Price or the Issue price cannot be lesser than the face value of the securities. Applicants should refer to the Prospectus or Issue advertisements to check whether the Issue is a Book Built Issue or a Fixed Price Issue.

2.4 ISSUE PERIOD

The Issue shall be kept open for a minimum of three Working Days (for all category of Applicants) and not more than ten Working Days. Applicants are advised to refer to the Application Form and Abridged Prospectus or Prospectus for details of the Issue Period.

Details of Issue Period are also available on the website of Stock Exchange(s).

2.5 MIGRATION TO MAIN BOARD

Our company may migrate to the Main board of NSE from NSE EMERGE on a later date subject to the following:

- a. *If the Paid up Capital of our Company is likely to increase above Rs. 2,500 lakhs by virtue of any further issue of capital by way of rights issue, preferential issue, bonus issue etc. (which has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the Promoter in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal and for which the company has obtained in-principal approval from the Main Board), our Company shall apply to NSE for listing of its shares on its Main Board subject to the fulfilment of the eligibility criteria for listing of specified securities laid down by the Main Board.*

OR

- b. *If the Paid up Capital of our company is more than Rs. 1,000 lakhs but below Rs. 2,500 lakhs, our Company may still apply for migration to the Main Board and if the Company fulfils the eligible criteria for listing laid by the Main Board and if the same has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the Promoter in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal.*

4.1.1 FIELD NUMBER 1: NAME AND CONTACT DETAILS OF THE SOLE/ FIRST APPLICANT

Applicants should ensure that the name provided in this field is exactly the same as the name in which the Depository Account is held.

- (a) **Mandatory Fields:** Applicants should note that the name and address fields are compulsory and e-mail and/or telephone number/ mobile number fields are optional. Applicants should note that the contact details mentioned in the Application Form may be used to dispatch communications in case the communication sent to the address available with the Depositories are returned undelivered or are not available. The contact details provided in the Application Form may be used by the Issuer, the members of the Syndicate, the Registered Broker and the Registrar to the Issue only for correspondence(s) related to an Issue and for no other purposes.
- (b) **Joint Applications:** In the case of Joint Applications, the Applications should be made in the name of the Applicant whose name appears first in the Depository account. The name so entered should be the same as it appears in the Depository records. The signature of only such first Applicant would be required in the Application Form and such first Applicant would be deemed to have signed on behalf of the joint holders. All payments may be made out in favour of the Applicant whose name appears in the Application Form or the Revision Form and all communications may be addressed to such Applicant and may be dispatched to his or her address as per the Demographic Details received from the Depositories.
- (c) **Impersonation:** Attention of the Applicants is specifically drawn to the provisions of sub section (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

Any person who:

- makes or abets making of an application in a fictitious name to a Company for acquiring, or subscribing for, its securities; or
- makes or abets making of multiple applications to a Company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or
- otherwise induces directly or indirectly a Company to allot, or register any transfer of securities to him, or to any other person in a fictitious name,

Shall be liable for action under section 447 of the said Act.

- (d) **Nomination Facility to Applicant:** Nomination facility is available in accordance with the provisions of Section 72 of the Companies Act, 2013. In case of allotment of the Equity Shares in dematerialized form, there is no need to make a separate nomination as the nomination registered with the Depository may prevail. For changing nominations, the Applicants should inform their respective DP.

4.1.2 FIELD NUMBER 2: PAN NUMBER OF SOLE /FIRST APPLICANT

- (a) PAN (of the sole/ first Applicant) provided in the Application Form should be exactly the same as the PAN of the person(s) in whose name the relevant beneficiary account is held as per the Depositories' records.
- (b) PAN is the sole identification number for participants transacting in the securities market irrespective of the amount of transaction except for Applications on behalf of the Central or State Government, Applications by officials appointed by the courts and Applications by Applicants residing in Sikkim ("PAN Exempted Applicants"). Consequently, all Applicants, other than the PAN Exempted Applicants, are required to disclose their PAN in the Application Form, irrespective of the Application Amount. An Application Form without PAN, except in case of Exempted Applicants, is liable to be rejected. Applications by the Applicants whose PAN is not available as per the Demographic Details available in their Depository records, are liable to be rejected.

- (c) The exemption for the PAN Exempted Applicants is subject to (a) the Demographic Details received from the respective Depositories confirming the exemption granted to the beneficiary owner by a suitable description in the PAN field and the beneficiary account remaining in “active status”; and (b) in the case of residents of Sikkim, the address as per the Demographic Details evidencing the same.
- (d) Application Forms which provide the General Index Register Number instead of PAN may be rejected.
- (e) Applications by Applicants whose demat accounts have been ‘suspended for credit’ are liable to be rejected pursuant to the circular issued by SEBI on July 29, 2010, bearing number CIR/MRD/DP/22/2010. Such accounts are classified as “Inactive demat accounts” and demographic details are not provided by depositories.

4.1.3 FIELD NUMBER 3: APPLICANTS DEPOSITORY ACCOUNT DETAILS

- (a) Applicants should ensure that DP ID and the Client ID are correctly filled in the Application Form. The DP ID and Client ID provided in the Application Form should match with the DP ID and Client ID available in the Depository database, otherwise, the Application Form is liable to be rejected.
- (b) Applicants should ensure that the beneficiary account provided in the Application Form is active.
- (c) Applicants should note that on the basis of DP ID and Client ID as provided in the Application Form, the Applicant may be deemed to have authorized the Depositories to provide to the Registrar to the Issue, any requested Demographic Details of the Applicant as available on the records of the depositories. These Demographic Details may be used, among other things, for sending allocation advice and for other correspondence(s) related to an Issue.
- (d) Applicants are, advised to update any changes to their Demographic Details as available in the records of the Depository Participant to ensure accuracy of records. Any delay resulting from failure to update the Demographic Details would be at the Applicants’ sole risk.

4.1.4 FIELD NUMBER 4: APPLICATION DETAILS

- (a) The Issuer may mention Price in the Draft Prospectus. However a prospectus registered with RoC contains one price.
- (b) Minimum And Maximum Application Size

i. For Retail Individual Applicants

The Application must be for a minimum of 2,000 Equity Shares. As the Application Price payable by the Retail Individual Applicants cannot exceed Rs. 2,00,000, they can make Application for only minimum Application size i.e. for 2,000 Equity Shares.

ii. For Other Applicants (Non Institutional Applicants and QIBs):

The Application must be for a minimum of such number of Equity Shares such that the Application Amount exceeds Rs. 2,00,000 and in multiples of 2,000 Equity Shares thereafter. An Application cannot be submitted for more than the Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Applicant cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application. In case of revision in Applications, the Non Institutional Applicants, who are individuals, have to ensure that the Application Amount is greater than Rs. 2,00,000 for being considered for allocation in the Non Institutional Portion. Applicants are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in the Prospectus.

Moving Every Mile With A Smile

- (c) **Multiple Applications:** An Applicant should submit only one Application Form. Submission of a second Application Form to either the same or to any other Application Collecting Intermediary and duplicate copies of Application Forms bearing the same application number shall be treated as multiple applications and are liable to be rejected.
- (d) Applicants are requested to note the following procedures may be followed by the Registrar to the Issue to detect multiple applications:
 - i. All applications may be checked for common PAN as per the records of the Depository. For Applicants other than Mutual Funds and FPI sub-accounts, Applications bearing the same PAN may be treated as multiple applications by an Applicant and may be rejected.
 - ii. For applications from Mutual Funds and FPI sub-accounts, submitted under the same PAN, as well as Applications on behalf of the PAN Exempted Applicants, the Application Forms may be checked for common DP ID and Client ID. In any such applications which have the same DP ID and Client ID, these may be treated as multiple applications and may be rejected.
- (e) The following applications may not be treated as multiple Applications:
 - i. Applications by Reserved Categories in their respective reservation portion as well as that made by them in the Net Issue portion in public category.
 - ii. Separate applications by Mutual Funds in respect of more than one scheme of the Mutual Fund provided that the Applications clearly indicate the scheme for which the Application has been made.
 - iii. Applications by Mutual Funds, and sub-accounts of FPIs (or FPIs and its sub-accounts) submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs.

4.1.5 FIELD NUMBER 5: CATEGORY OF APPLICANTS

- i. The categories of applicants identified as per the SEBI ICDR Regulations, 2009 for the purpose of Application, allocation and allotment in the Issue are RIIs, individual applicants other than RII's and other investors (including corporate bodies or institutions, irrespective of the number of specified securities applied for).
- ii. An Issuer can make reservation for certain categories of Applicants permitted under the SEBI ICDR Regulations, 2009. For details of any reservations made in the Issue, applicants may refer to the Prospectus.
- iii. The SEBI ICDR Regulations, 2009 specify the allocation or allotment that may be made to various categories of applicants in an Issue depending upon compliance with the eligibility conditions. For details pertaining to allocation and Issue specific details in relation to allocation, applicant may refer to the Prospectus.

4.1.6 FIELD NUMBER 6: INVESTOR STATUS

- (a) Each Applicant should check whether it is eligible to apply under applicable law and ensure that any prospective allotment to it in the Issue is in compliance with the investment restrictions under applicable law.

SECTION 6: ISSUE PROCEDURE IN BOOK BUILT ISSUE

This being Fixed Price Issue, this section is not applicable for this Issue.

SECTION 7: ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

7.1 BASIS OF ALLOTMENT

Allotment will be made in consultation with the EMERGE Platform of NSE (The Designated Stock Exchange). In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth hereunder:

- (a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of Applicants in the category x number of Shares applied for).
- (b) The number of Shares to be allocated to the successful Applicants will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- (c) For applications where the proportionate allotment works out to less than 2,000 equity shares the allotment will be made as follows:
 - i. Each successful Applicant shall be allotted 2,000 equity shares; and
 - ii. The successful Applicants out of the total applicants for that category shall be determined by the drawl of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.
- (d) If the proportionate allotment to an Applicant works out to a number that is not a multiple of 2,000 equity shares, the Applicant would be allotted Shares by rounding off to the nearest multiple of 2,000 equity shares subject to a minimum allotment of 2,000 equity shares.
- (e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Applicants in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising Applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of 2,000 Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the offer specified under the Capital Structure mentioned in this Prospectus.
- (f) The above proportionate allotment of Shares in an Issue that is oversubscribed shall be subject to the reservation for Retail individual Applicants as described below:

- i. As per Regulation 43 (4) of SEBI (ICDR), as the retail individual investor category is entitled to more than fifty per cent on proportionate basis, the retail individual investors shall be allocated that higher percentage.
- ii. The balance net offer of shares to the public shall be made available for allotment to
 - individual applicants other than retails individual investors and
 - other investors, including corporate bodies/ institutions irrespective of number of shares applied for.
- iii. The unsubscribed portion of the net offer to any one of the categories specified in a) or b) shall/may be made available for allocation to applicants in the other category, if so required.

'Retail Individual Investor' means an investor who applies for shares of value of not more than Rs. 2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with NSE.

The Executive Director / Managing Director of NSE - the Designated Stock Exchange in addition to Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 (“**FEMA**”). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are Foreign Investment Promotion Board (“**FIPB**”) and the Reserve Bank of India (“**RBI**”).

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment (“**FDI**”) through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“**DIPP**”), has issued consolidated FDI Policy Circular of 2016 (“**FDI Policy 2016**”), which with effect from June 7, 2016, consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy issued by the DIPP that were in force. Further, DIPP has issued Press note 5, dated June 24, 2016 which introduces few changes in FDI Policy 2016. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2016 will be valid until the DIPP issues an updated circular.

The Reserve Bank of India (“**RBI**”) also issues Master Circular on Foreign Investment in India every year. Presently, FDI in India is being governed by Master Circular on Foreign Investment dated July 01, 2015 as updated from time to time by RBI. In terms of the Master Circular, an Indian company may issue fresh shares to people resident outside India (who is eligible to make investments in India, for which eligibility criteria are as prescribed). Such fresh issue of shares shall be subject to inter-alia, the pricing guidelines prescribed under the Master Circular. The Indian company making such fresh issue of shares would be subject to the reporting requirements, inter-alia with respect to consideration for issue of shares and also subject to making certain filings including filing of Form FC-GPR.

Under the current FDI Policy of 2016, foreign direct investment in micro and small enterprises is subject to sectorial caps, entry routes and other sectorial regulations. At present 100 % foreign direct investment through automatic route is permitted in the sector in which our Company operates. Therefore applicable foreign investment up to 100% is permitted in our company under automatic route.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the FIPB or the RBI, subject to fulfilment of certain conditions as specified by DIPP/RBI, from time to time. Such conditions include (i) the activities of the investee company are under the automatic route under the FDI Policy and transfer does not attract the provisions of the Takeover Regulations; (ii) the non-resident shareholding is within the sectorial limits under the FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/ RBI. As per the existing policy of the Government of India, OCBs cannot participate in this Issue and in accordance with the extant FDI guidelines on sectorial caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of Our Company. Investors will not offer, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

INVESTMENT CONDITIONS/RESTRICTIONS FOR OVERSEAS ENTITIES

Under the current FDI Policy 2016, the maximum amount of Investment (sectorial cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect, regardless of whether it has been made for FDI, FII, FPI, NRI, FVCI, LLPs, DRs and Investment Vehicles under Schedule 1, 2, 2A, 3, 6, 9, 10 and 11 of FEMA (Transfer or Issue of Security by Persons Resident outside India) Regulations. Any equity holding by a person resident outside India resulting from conversion of any debt instrument under any arrangement shall be reckoned as foreign investment under the composite cap.

Portfolio Investment up to aggregate foreign investment level of 49 % or sectorial/statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectorial conditions, if such investment does not result in transfer of ownership and/or control of Indian entities from resident Indian citizens to non-resident entities. Other foreign investments will be subject to conditions of Government approval and compliance of sectorial conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity will not exceed the sectorial/statutory cap.

i. **Investment by FIIs under Portfolio Investment Scheme (PIS):**

With regards to purchase/sale of share/s convertible debentures by a registered FII under PIS the total holding by each FII/SEBI approved sub-account of FII shall not exceed 10 % of the total paid-up equity capital or 10% of the paid-up value of each series of convertible debentures issued by an Indian company and the total holdings of all FIIs/sub-accounts of FIIs put together shall not exceed 24 % of paid-up equity capital or paid-up value of each series of convertible debentures. However, this limit of 24 % may be increased up to sectorial cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body. For arriving at the ceiling on holdings of FIIs, shares/ convertible debentures acquired both through primary as well as secondary market will be included. However, the ceiling will not include investment made by FII through off-shore Funds, Global Depository receipts and Euro-Convertible Bonds. With regard to convertible debentures, these investments permitted to be made shall not exceed 5 % of the total paid-up equity capital or 5% of the paid-up value of each series of convertible debentures issued by an Indian Company, and shall also not exceed the over-all ceiling limit of 24 % of paid-up equity capital or paid up value of each series of convertible debentures.

ii. **Investment by Registered Foreign Portfolio Investor (RFPI) under Foreign Portfolio Investment (FPI) Scheme**

With respect to purchase/sale of shares or convertible debentures or warrants, a RFPI registered in accordance with SEBI (FPI) Regulations, 2014 as amended in regular intervals may purchase shares or convertible debentures or warrants of an Indian company under FPI scheme. The total holding by each RFPI shall be below 10 % of the total paid-up equity capital or 10 % of the paid-up value of each series of convertible debentures issued by an Indian company and the total holdings of all RFPI put together shall not exceed 24 % of paid-up equity capital or paid up value of each series of convertible debentures. The said limit of 24 % will be called aggregate limit. However, the aggregate limit of 24 % may be increased up to the sectorial cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its General Body. For arriving at the ceiling on holdings of RFPI, shares or convertible debentures or warrants acquired both through primary as well as secondary market will be included. However, the ceiling will exclude investment made by RFPI through off-shore Funds, Global Depository Receipts and Euro-Convertible Bonds but include holding of RFPI and deemed RFPI in the investee company for computation of 24 % or enhanced limit.

iii. Investment by NRI on repatriation and non-repatriation basis under PIS:

With respect to purchase/sale of shares and/or convertible debentures by a NRI on a stock exchange in India on repatriation and/or non-repatriation basis under PIS is allowed subject to certain conditions under Schedule 3 of the FEMA (Transfer or Issue of security by a person resident outside India) Regulations, 2000. Further, with regard to limits:

- the paid-up value of shares of an Indian company, purchased by each NRI both on repatriation and on non-repatriation basis, does not exceed 5 % of the paid-up value of shares issued by the company concerned;
- the paid-up value of each series of convertible debentures purchased by each NRI both on repatriation and non-repatriation basis does not exceed 5 % of the paid-up value of each series of convertible debentures issued by the company concerned;
- the aggregate paid-up value of shares of any company purchased by all NRIs does not exceed 10 % of the paid up capital of the company and in the case of purchase of convertible debentures
- the aggregate paid-up value of each series of debentures purchased by all NRIs does not exceed 10 % of the paid-up value of each series of convertible debentures;

However, the aggregate ceiling of 10 % may be raised to 24 % if a special resolution to that effect is passed by the General Body of the Indian company concerned.

iv. Investment by NRI on Non-repatriation basis

As per current FDI Policy 2016, schedule 4 of FEMA (Transfer or Issue of Security by Persons Resident outside India) Regulations – Purchase and sale of shares and convertible debentures or warrants by a NRI on Non-repatriation basis – will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended (“US Securities Act”) or any other state securities laws in the United States of America and may not be sold or offered within the United States of America, or to, or for the account or benefit of “US Persons” as defined in Regulation S of the U.S. Securities Act), except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws.

Accordingly, the equity shares are being offered and sold only outside the United States of America in an offshore transaction in reliance upon Regulation S under the US Securities Act and the applicable laws of the jurisdiction where those offers and sale occur.

Further, no offer to the public (as defined under Directive 2003/71/EC, together with any amendments) and implementing measures thereto, (the “Prospectus Directive”) has been or will be made in respect of the Issue in any member State of the European Economic Area which has implemented the Prospectus Directive except for any such offer made under exemptions available under the Prospectus Directive, provided that no such offer shall result in a requirement to publish or supplement a prospectus pursuant to the Prospectus Directive, in respect of the Issue.

Any forwarding, distribution or reproduction of this document in whole or in part may be unauthorised. Failure to comply with this directive may result in a violation of the Securities Act or the applicable laws of other jurisdictions. Any investment decision should be made on the basis of the final terms and conditions and the information contained in this Prospectus.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

	FORFEITURE AND SURRENDER OF SHARES	
49.	If any Member fails to pay the whole or any part of any call or installment or any moneys due in respect of any shares either by way of principal or interest on or before the day appointed for the payment of the same, the Directors may, at any time thereafter, during such time as the call or installment or any part thereof or other moneys as aforesaid remains unpaid or a judgment or decree in respect thereof remains unsatisfied in whole or in part, serve a notice on such Member or on the person (if any) entitled to the shares by transmission, requiring him to pay such call or installment of such part thereof or other moneys as remain unpaid together with any interest that may have accrued and all reasonable expenses (legal or otherwise) that may have been accrued by the Company by reason of such non-payment. Provided that no such shares shall be forfeited if any moneys shall remain unpaid in respect of any call or installment or any part thereof as aforesaid by reason of the delay occasioned in payment due to the necessity of complying with the provisions contained in the relevant exchange control laws or other applicable laws of India, for the time being in force.	If call or installment not paid, notice may be given.
50.	The notice shall name a day (not being less than fourteen days from the date of notice) and a place or places on and at which such call or installment and such interest thereon as the Directors shall determine from the day on which such call or installment ought to have been paid and expenses as aforesaid are to be paid. The notice shall also state that, in the event of the non-payment at or before the time and at the place or places appointed, the shares in respect of which the call was made or installment is payable will be liable to be forfeited.	Terms of notice.

53.	Any shares so forfeited, shall be deemed to be the property of the Company and may be sold, re-allotted, or otherwise disposed of, either to the original holder thereof or to any other person, upon such terms and in such manner as the Board in their absolute discretion shall think fit.	Forfeited shares to be property of the Company and may be sold etc.
54.	Any Member whose shares have been forfeited shall notwithstanding the forfeiture, be liable to pay and shall forthwith pay to the Company, on demand all calls, installments, interest and expenses owing upon or in respect of such shares at the time of the forfeiture, together with interest thereon from the time of the forfeiture until payment, at such rate as the Board may determine and the Board may enforce the payment of the whole or a portion thereof as if it were a new call made at the date of the forfeiture, but shall not be under any obligation to do so.	Members still liable to pay money owing at time of forfeiture and interest.
55.	The forfeiture shares shall involve extinction at the time of the forfeiture, of all interest in all claims and demand against the Company, in respect of the share and all other rights incidental to the share, except only such of those rights as by these Articles are expressly saved.	Effect of forfeiture.
56.
